1. Dr. Ed Williams, P.O. Box 361626 Decatur, GA 30036 - Good Morning Commissioners. My Name is Ed Williams, I have lived in unincorporated south DeKalb for over twenty years. I am the chair of the group Concerned Citizens for Effective Government. DeKalb County's method of funding the DeKalb Pension obligations is not equitable to all the residents in both unincorporated and municipalities of DeKalb County based on legacy liability. I have written to you all several letters regarding this issue and made public comments before. When Are you are all going to address this problem? I have made several efforts to express my disapproval using the "see something and say something" approach and warn the commission. Today, I ask you and the board not to remain silent and thereby complicit in the actions of the CEO when laws are being broken. Will you be the voice who says enough, and stand up and say what the county is doing is wrong or will you remain silent Citizens are waking up to how governments have abused their authority. There is a disparity between municipalities and unincorporated residents in how the DeKalb Pension plan is being funded with the property tax funds. Currently, DeKalb County has approximately some 750,000 residents. The City of Atlanta before 2008 was the largest city in DeKalb County. It had more than 28,000 residents in DeKalb where the county seat, the City of Decatur had only 20,000 residents. Fast forward to 2019, and over one hundred and ninety thousand more residents are now living in cities in DeKalb. One of the problems with the DeKalb pension is that much of the liability was created before 2008 when more than 80 percent of residents lived in unincorporated DeKalb. The population has shifted to municipalities but the burden has not. I intend to file a complaint to seek an injunction against DeKalb County regarding the inequities and the discriminatory manner in which the pension liability is funded through the county property taxes. It is in the public and county pension plan interests for the county to equitable levy the unfunded obligations and liabilities to all its residents in regards to the ad valorem tax uniformly. There is nothing in the law that allows the county to selectively discriminate the application of the Ad Valorem tax levy for the unfunded pension obligations of the DeKalb County Pension Fund. There is no special service or tax district for the DeKalb County Pension Plan to allow any exclusion. As such the unfunded obligations of the pension should be paid from the county general fund in other words equitable among all ad valorem taxable properties. Other jurisdictions pay their pension liability from the General Fund as was noted during the UGA Carl Vinson Institute presentation in December 2019. The future obligations of the pension costs should be shared by more DeKalb residents certainly more transparently and equitably. Please Go Vote Today in the Runoff Election.

2. Mike Cooper, 663 Ridge Ave. Stone Mountain (no zipcode) - I am Vice Chairman of the District Four Community Council but am speaking as an individual. The DeKalb County Department of Planning & Sustainability has suddenly placed a text amendment for the Memorial Drive Revitalization Plan on the current zoning agenda, meaning it is to be heard by the District 4 Community Council next week and the Planning Commission and Board of Commissioners next month. I urge you to defer any action on this plan until it has been properly presented to the public. The Department needs to hold a public meeting where it clearly explains the wide-ranging wish list that the plan includes. The county is giving every appearance of trying to rush this plan through while residents are waylaid because of a health crisis. A draft of the report was quietly completed earlier this year. Now, with no further public input, a final document has suddenly appeared -- IF you know where to look. The home page of the Department of Planning & Sustainability does not contain a link to the study or the proposed text amendment. Using the search function on the DeKalb County government web site for "memorial drive study" yields the response: "Your search yielded no results." Memorial Drive would be the county's first Small Area Plan that is not a Livable Center Initiative or a Master Active Living Plan. Memorial Drive is not a small area. It is a five-mile major artery. The final report reveals that the diverse immigrant

community keeping Memorial Drive alive was ignored in the study. It lists a Business Development Advisory Committee loaded with bureaucrats and realtors, but very few small-business or immigrant representatives. Six churches are listed, but no mosques. The report also fails as an economic study. According to the RFP the county issued in November 2018, the study was supposed to include 25-year projections, by five-year intervals, of Housing, Employment and Workforce Education and Skills. It does not. It also does not meet the RFP's requirements for a 5-year plan for transportation, pedestrian mobility and housing. No strategies are given for affordable or workforce housing. The RFP calls for an implementation plan with a five-year schedule of actions. This is also missing from the final report. The county should slow this process down. It should properly present this study in a public forum. It would be preferable to wait until a public meeting is possible where people can ask questions in person in a town hall format. The county is scheduled to update its Comprehensive Plan next year. Why is it rushing to amend the Comprehensive Plan immediately to include a 124-page, \$175,000 incomplete study that the public paid for but has barely seen and has not had a reasonable opportunity to review? Thank you.

3. Stephen Binney (no address) - Good Morning Commissioners, Social Control or Social Justice? American taxpayers currently spend 108 Billion dollars more on police than on public housing. The state's Fair Market Rent for a two-bedroom apartment or rental property is about \$994. To be able to afford this it's recommended that Georgians should earn at least \$19.11 per hour. In order to afford this level of rent and utilities — without paying more than 30% of income on housing — a household must earn \$3,313 monthly or \$39,758 annually. This is assuming a 40-hour work week, 52 weeks a year. In the metro Atlanta area the numbers are even higher. Nearly 3 times the amount Georgia's current minimum wage of \$7.25 pays. In Dekalb County a very large number of people are paying 50% and more of their income towards rent and utilities. With rents increasing and the promise of rising electric bills and water bills. How can people hope to improve their living conditions, save money for their children's education or their retirement under these conditions? Many people's living circumstances today bare a scary resemblance to the share croppers of years past. This is a form of Social Control that is being used to keep people in their place. 37% of Georgia households, over 1.3 million, are renters. This figure is closer to 50% in metro counties like Dekalb. In order for someone making minimum wage to afford a 1-bedroom rental, they would need to work 91 hours per week. That works out to 13 hours a day for a 7 day week and over 19 hours a day for a 5 day week. Last week Dekalb County Courts starting hearing eviction cases again. Is this a smart thing to do? Forcing more individuals and families into the great wide open during a pandemic. Since mid-march over 2000 eviction notices have been filed and the courts will be hearing them soon. The possibility of thousands of homeless adults and children in Dekalb County is frightening to me under our current circumstances. May I suggest that a portion of the county's CARES act money be put to use paying these owed back rents. The money could be payed directly to the landlords under allowed business allocations. Renters continue to have a place to stay inside and the landlords get to stay in business. Everybody wins, especially the Dekalb County Health system. It can be a small start with lowering the 108 Billion dollars more we spend on police than on public housing in this country. Social Control or Social Justice? Join me on the road less traveled. Thank you.

4. Deborah Mitchell, R.B. Communications, Inc. (no address) - My public comments are in support and to advocate for a Monument Honoring Congressman John Lewis outside the former courthouse in the Decatur square. Our world would not be what it is today without the legacy and impact of John Lewis. Thank you, DeKalb County, for removing the confederate monument. We still have a long way to go but removing the

confederate monument will let the world know we want change now. I graduated from Decatur High School in 1975 and 4 generations of family still reside in City of Decatur. I am also a Minority Female Business Owner in DeKalb County. Thank you Congressman John Lewis for paving the way for me. Thanks to Audrey Maloof for reaching out and getting the community involved in Honoring Congressman John Lewis.

D. 10:00 A.M. PUBLIC HEARING

The DeKalb County Board of Commissioners will hold a Public Hearing during its Regular Business meeting on Tuesday, August 11, 2020 at 10:00 a.m. This meeting will be conducted via teleconference (Zoom). simultaneous public access to the meeting will be available (1) via live stream on DCTV's webpage, and (2) DCTVChannel23.TV.
