Should DeKalb fail to pay the amount of the invoice within the period herein provided, Gwinnett shall have the right to cease to provide sewerage service to DeKalb at any time it elects to do so, provided sixty (60) days written notice of intent to do so is given DeKalb, and provided DeKalb fails to make payment of all past due amounts within sixty (60) days from the date of the notice of intent.

(h) DeKalb agrees to be responsible for all overflows that may occur in the sewers owned or operated by DeKalb as well as overflows within Gwinnett caused by excess flows from DeKalb and to accept responsibility for any damages therefrom, holding Gwinnett harmless for any and all damages including construction, operating, maintenance or other expenses connected with said sewers.

(i) DeKalb agrees to comply with all ordinances, rules, and regulations in which Gwinnett now or may in the future impose on its own sewerage customers, including, without limitation, Industrial Users and Significant Industrial Users (as those terms are defined in 40 C.F.R. Gwinnett shall have the right and is hereby authorized to prescribe from time-to-time reasonable non-discriminatory rules; regulations and procedures pertaining to the use and operation of the Gwinnett Sewerage System and DeKalb hereby agrees and assents thereto. (h) Gwinnett agrees to be responsible for all overflows that may occur in the sewers owned or operated by Gwinnett as well as overflows within DeKalb caused by excess flows from Gwinnett and to accept responsibility for any damages therefrom, holding DeKalb harmless for any and all damages including construction, operating, maintenance or other expenses connected with said sewers.

(i) Gwinnett agrees to comply with all ordinances, rules, and regulations in which DeKalb now or may in the future impose on its own sewerage customers, including, without limitation, Industrial Users and Significant Industrial Users (as those terms are defined in 40 C.F.R. Part 403). DeKalb shall have the right and is hereby authorized to prescribe from time-to-time reasonable non-discriminatory rules; regulations and procedures pertaining to the use and operation of the DeKalb Sewerage System and Gwinnett hereby agrees and assents thereto. Part 403; and (v) the Standards of Acceptability and the Pretreatment of Sewage.

6. Surcharges

The Parties acknowledge and agree that any delay in the implementation of the required capital improvement projects beyond the December 31, 2026 deadline would impact the planning efforts of the Parties and the ability of each party to reserve and provide capacity for developments within its own jurisdiction. Therefore, in the event that the December 31, 2026 deadline for the redirection of flows is not met by DeKalb and/or Gwinnett, the following surcharges shall apply until such time as all capital improvement projects are implemented:

- (a) From January 1, 2027, through December 31, 2027, a surcharge of 50 percent of the retail rate in effect at the time of invoicing, and
- (b) Beginning on January 1, 2028, through December 31, 2029, a surcharge of 100 percent of the retail rate in effect at the time of invoicing; and
- (c) Beginning on January 1, 2030, a surcharge of 200 percent of the retail rate in effect at the time of invoicing.

7. Term of Agreement.

This Agreement shall begin on the date written above and shall continue for a term of twenty (20) years or until both Parties have diverted all of their flows from the other Parties' sewer system, whichever is sooner.

8. Overflows.

If an overflow occurs at any point of the interconnecting sewer that qualifies as a spill or release in accordance with Georgia EPD's Rules and Regulations for Water Quality Control, Chapter 391-3-6, and such revisions as may occur to these regulations from time-to-time, the owner of that portion of the sewer where the overflow occurs shall be responsible for all necessary release reporting, public

notification, and monitoring as required by Georgia EPD, regardless of where the receiving waters may be located.

9. Accidental Spills or Releases.

In the case of accidental spills or releases into the DeKalb portion of the sewer of any deleterious material or substances, discharges of a non-routine nature, non-customary batch discharges or slug loads, whether such discharge was made directly by Gwinnett or indirectly by an industrial user regulated by Gwinnett, Gwinnett shall notify DeKalb's Department of Watershed Management by telephone call (to a number provided by DeKalb for that purpose) as soon as it learns of the incident. This notification shall include the time of occurrence, location of discharge, type of waste, concentration and volume if known, and corrective actions taken by Gwinnett. Gwinnett shall take all possible actions to prevent a spill, and should a spill occur; shall take immediate steps to ensure no recurrence of the incident. Within five (5) days following such discharge, Gwinnett shall submit a detailed written report, unless waived by DeKalb, describing the cause(s) of the discharge and the measures to be taken by Gwinnett to prevent similar occurrences in the future. Such notification shall not relieve Gwinnett of any expense, loss, damage or other liability which may be incurred as a result of damage to DeKalb's sewer collection system, treatment system, natural resources or any other damage to person or property; nor shall such notification relieve Gwinnett of any fines, penalties, or other liability which may be imposed by state and federal regulatory agencies or a court as a result of such discharge.

Such notification shall not relieve DeKalb of any expense, loss, damage or other liability which may be incurred as a result of damage to Gwinnett's sewer collection system, water

reclamation facilities, natural resources or any other damage to person or property; nor shall such notification relieve DeKalb of any fines, penalties, or other liability which may be imposed by state and federal regulatory agencies or a court as a result of such discharge.

10. Payment Demands.

Neither DeKalb nor Gwinnett shall ever have the right to demand payment by the other party of any obligation assumed or imposed upon such party under and by virtue of this Agreement from any funds raised or to be raised by taxation. Neither party's obligation under this Agreement shall ever be construed to be a debt of such party of such kind as to require it to levy and collect a tax to discharge such obligation, it being expressly understood and agreed that all payments due by the parties hereunder are to be made from revenues derived from the operation of their respective water and sewerage systems, such payments ranking equally with the operating expenses of such systems. Nothing herein contained shall be construed as prohibiting either of the parties from making payments from other funds lawfully available to it for such purpose.

11. Remedies.

(a) In the event of a breach or attempted or threatened breach of the provisions of this instrument, the parties agree that the remedy at law available to enforce this instrument would in all likelihood be inadequate, and therefore, the provisions of this instrument may be enforced by a mandatory or prohibitory injunction or decree of specific performance issued by the appropriate court having jurisdiction upon the application of the party which is enforcing the provision.

(b) The remedies herein are in addition to and not in lieu of any other remedies available under applicable law.

12. Entire Agreement.

This Agreement constitutes the entire agreement between DeKalb County, Gwinnett County and the WSA with respect to the subject matter hereof and, except as otherwise specifically provided in Section 2, supersedes all prior agreements, understandings, discussions, negotiations, and undertakings, whether written or oral, and there are no inducements, representations, warranties or understandings that do not appear within the terms and provisions of this Agreement.

13. Severability.

If any provision of this Agreement is held by a court of competent jurisdiction to be illegal or unenforceable, the remaining provisions shall remain in full force and effect as if the illegal or unenforceable provision had never been contained in this Agreement.

14. Successors and Assigns.

The provisions of this Agreement shall be deemed and held to be easements, covenants and restrictions appurtenant to and running with the land, and shall bind and inure to the benefit of the parties and their successors, successors-in-title and assigns.

15. Evidence.

The Parties agree that if Gwinnett or the WSA is sued in subsequent litigation concerning the Agreement, it may be introduced into evidence.

18. Further Assurances.

The Parties will sign any additional papers, documents and other assurances, and take all acts that are reasonably necessary to carry out the intent of this Agreement. Additional papers, documents and other assurances may require approval of both Parties' respective governing authorities.

19. Construction.

This Agreement has been jointly negotiated and drafted. This Agreement shall be construed as a whole according to its fair meaning. The language of this Agreement shall not be construed for or against any Party.

20. Legal advice.

In entering into this Agreement, the Parties acknowledge that their legal rights are affected by this Agreement and that they have sought and obtained the legal advice of their attorneys. Each Party has made such an investigation of the law and the facts pertaining to this Agreement and of all other matter pertaining thereto as it or they deem necessary. They further represent that the terms of this Agreement have been completely read by them and that all terms are fully understood and voluntarily accepted by them.
