

Dear Ms. Brooks:

Thank you to you and Commissioner Bradshaw for meeting with me today regarding my reappointment the Community Council for District 4. I believe I should be reappointment because I am willing to serve, take seriously my charge to serve and believe I bring the necessary skill set to benefit the community in which I live.

As I mentioned in the meeting, if reappointed, I would continue to provide written updates on my activities, in the same manner in which I communicated with your predecessor, as evidenced by the copy of the memo I left with you and the Commissioner today.

Thank you again for meeting with me and providing me a schedule of the reappointment process. I look forward to providing continued service to the residents of District 4.
