STAFF ANALYSIS

Case No.:	Z-21-1245422	Agenda #: N5
Location/ Address:	The north side of Rockbridge Road and the south side of Old Rockbridge Road, at 5488 Rockbridge Road, Stone Mountain, Georgia.	Commission District: 4 Super District: 7
Parcel ID:	18-037-06-001	
Request:	To rezone property from R-100 (Residential Medium Lot-100) District to RSM (Small Lot Residential Mix) District to construct detached townhomes.	
Property Owner:	P.E.W. LLC	
Applicant/Agent:	P.E.W. LLC/co Jon Jordan

Existing Land Use:	Vacant land	
Surrounding Properties:	Single-family homes	
Adjacent Zoning:	North: R-100 & RSM South: R-100 East: R-100 West: NS	
Comprehensive Plan:	SUB (Suburban) Consistent <input type="checkbox"/>	Inconsistent <input checked="" type="checkbox"/>
Proposed Density:	6.7 units per acre	Existing Density: NA
Proposed Units/Square Ft.:	6 detached townhomes	Existing Units/Square Feet: Vacant land
Proposed Lot Coverage:	NA	Existing Lot Coverage: NA

Staff Recommendation: TWO-CYCLE DEFERRAL (REVISED 3/10/22)

The purpose and intent of the RSM district is to provide for the creation of residential neighborhoods that allow a mix of single-family attached and detached housing options and to allow flexibility in design and product on the interior of new development while protecting surrounding neighborhoods. Therefore, the focus of the RSM zoning district appears to be on larger properties that allow for adequate land area to create neighborhoods with a mix of housing types instead of piece-meal single-use projects on smaller infill properties. The proposed request for six detached townhomes on a small infill lot is not consistent with these goals. Additionally, the proposed three story homes are not consistent with the predominant two-story building heights of the surrounding single-family area. Since the request is not consistent with the

purpose and intent of RSM zoning, it is not compatible with adjacent and nearby properties (Sec 7.4.6.A). Therefore, it appears that the proposed rezoning request is not consistent with the policies and strategies of the Suburban Character Area to protect stable neighborhoods from incompatible development that could alter established single-family residential development patterns (Suburban Policy #1).

Additionally, the site plan does not indicate compliance with several requirements of the RSM district including but not limited to the following: 1) Identifying whether the proposed “detached townhomes” fall under the “*urban single-family detached*” or “*single-family detached conventional*” land use categories of the *Zoning Ordinance* and documenting if there is compliance with the required minimum lot sizes and building setbacks of either residential land use category; 2) an additional 20% density bonus is required to achieve the desired density of 6.7 units per acre but has not been indicated on the submitted site plan; and 3) a 20-foot transitional buffer is required along the east property line but is not shown on plan. At the March 3rd Planning Commission meeting, the applicant requested a full-cycle deferral and the Planning Commission recommended a two-cycle deferral. Therefore, it is the recommendation of the Planning & Sustainability Department that the request be, respectfully, “*Deferred for Two Cycles*”.

ZONING HISTORY

The subject property has been zoned R-100 Residential Medium Lot) since the initial adoption of the DeKalb County Zoning Ordinance in 1956.

PROJECT ANALYSIS

The subject property comprises .9 acres on the north side of Rockbridge Road, and the south side of Old Rockbridge Road at 5488 Rockbridge Road in Stone Mountain, Georgia. The site contains vacant land, is moderately flat, and has an abundance of mature trees and vegetation. The applicant is proposing six rear loaded, detached townhomes which face an enhanced open space area along the east side of the property. The proposed density is 6.7 units per acre. The RSM district allows a maximum base density of four units per acre, with a maximum density up to 8 units per acre if certain community enhancements or provisions are provided. The applicant is requesting a 50% density bonus based on the inclusion of enhanced open space (i.e. $4 \text{ DU/AC} \times 50\% = 2 \text{ DU/AC}$; $4+2=6 \text{ DU/AC}$ (maximum)). Twenty percent (20%) open space is required based on the total development square footage. To get the enhanced open space density bonus, at least 20% open space must be enhanced and include amenities such as dog parks, pocket parks, pool amenities, etc. The site plan indicates that the applicant is providing more open space than required (i.e. 20% required; 29% provided), and that 20% of the open space is enhanced open space under consisting of an outdoor brick patio, a water feature, a fire pit, a dog park, and a pedestrian walkway. The proposed enhanced open space falls under the “Green” open space category requiring at least 500 square feet (12,632 square feet provided) with landscaping at the edges of the open space and lawns at the center, which complies with the enhanced open space requirements.

However, to achieve a density of 6.7 units per acre, an additional 20% density bonus is required (i.e. $4 \text{ DU/AC} * 20\% = .8 \text{ DU/AC}$; $6 + .8 = 6.8$ units per acre), but the site plan and application do not indicate that any other density bonuses are proposed. Based on the submitted conceptual elevations, the proposed detached townhomes will be three stories tall. The conceptual elevations do not indicate what type of building materials are proposed.

The property has frontage along Rockbridge Road, a two-lane minor-arterial road with curb and gutter and sidewalks along the west side of Rockbridge Road. Old Rockbridge road is a narrow two-lane local road with no sidewalks, curb, or gutter. Proposed access is via a private, gated drive with one proposed curb cut onto Old Rockbridge Road and one proposed curb cut onto Rockbridge Road. Sidewalks are proposed along Rockbridge Road, but the plan does not show street trees along the entire Rockbridge Road frontage as required by the *Zoning Ordinance*. The plan does not show any proposed sidewalks or street trees along the entire frontage of Old Rockbridge Road which is a requirement of the *Zoning Ordinance*. The

Transportation Department was still in review at the time of this writing.

Surrounding uses include traditional suburban single-family homes and vacant land.

Supplemental Requirements: There are no supplemental regulations in the *Zoning Ordinance* for urban, detached, single-family homes.

Compliance with District Standards:

LAND USE AND ZONING ANALYSIS

Section 27-7.3.5 of the Zoning Ordinance, “Standards and factors governing review of proposed amendments to the official zoning map” states that the following standards and factors shall govern the review of all proposed amendments to the zoning maps.

A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan:

The purpose and intent of the RSM district is to provide for the creation of residential neighborhoods that allow a mix of single-family attached and detached housing options and to allow flexibility in design and product on the interior of new development while protecting surrounding neighborhoods. Therefore the focus of the RSM zoning district appears to be on larger properties that allow for adequate land area to create neighborhoods with a mix of housing types instead of piece-meal projects on smaller infill properties. The proposed request for six detached townhomes on a small infill lot is not consistent with these goals. Additionally, the proposed three story homes are not consistent with the predominant two-story building heights of the surrounding single-family area. Since the request is not consistent with the purpose and intent of RSM zoning, it is not compatible with adjacent and nearby properties. Therefore, it appears that the proposed rezoning request is not consistent with the policies and strategies of the Suburban Character Area to protect stable neighborhoods from incompatible development that could alter established single-family residential development patterns (Suburban Policy #1).

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties:

Since the request is not consistent with the purpose and intent of RSM zoning, it is not compatible with adjacent and nearby properties. It is unclear if this proposal (both housing type and density) is appropriate at this location. While there are RSM zoned parcels nearby, they do not contribute to the consideration of this application.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned:

It appears that the property may have a reasonable economic use as currently zoned R-100 which allows single-family detached residential development.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property:

The proposed three story homes are not consistent with the predominant two-story building heights of the surrounding single-family area and the request is not consistent with the purpose and intent of RSM zoning. Therefore, it appears that the zoning proposal would adversely affect the use of adjacent and nearby properties.

E. Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:

The subject property falls within a SUB (Suburban) character area which calls for protecting established residential neighborhoods (SUB Policy #1).

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources:

Based on the submitted information, no historic buildings, sites, districts, or archaeological resources are located on the subject property or in the surrounding area.

G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:

There has been no indication from reviewing departments and agencies that the proposal could cause excessive use of existing streets, transportation facilities, utilities, or schools. The Transportation Department was still in review at the time of this writing. The applicant will need to obtain a sewer capacity letter from the Department of Watershed Management to verify if sewer capacity is available.

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources:

The proposed development is not expected to have unusual impacts on the natural environment.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

- **Storm Water Management**

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control, to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site. Low Impact Development features/ Green Infrastructure shall be included in the proposed site design to protect as much as practicable the statewaters and special flood hazard areas.

- **Flood Hazard Area/Wetlands**

The presence of FEMA Flood Hazard Area **was not** indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations.

- **Landscaping/Tree Preservation**

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 as well as Chapter 27 Article 5 and are subject to approval from the County Arborist.

- **Tributary Buffer**

State water buffer **was not** reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

COMMUNITY QUESTIONS AND COMMENTS

Charmelle Scott who lives on Old Rockbridge Rd. wanted to alert the project owner that she has been having problems with others dumping items and materials on land near her property and wanted to make sure that the residents at this project did not add to that. The Paul Jackson explained that the proposed townhomes would be owned fee simple which would decrease the likelihood that anyone living at the Subject Property would dump trash and items on the surrounding properties. Mr. Jackson also stated that there will also be gates installed at each access point to the property.

Ms. Scott also asked whether there will be renting restrictions by the HOA and Mr. Jackson stated that he will confirm that information as soon as possible.

Ms. Scott asked how quickly the townhome project could be developed and Mr. Jackson stated that he would like to start the development as soon as he obtains the required permits from the County.

Ms. Scott expressed her support for the project.

Tanya, who lives on Rockbridge Rd. expressed her support for the project and stated that she was in favor of anything to enhance the neighborhood and just wants to avoid small structures

and low prices. Paul Jackson stated that the townhomes would be between 1,952ft² – 2,023ft² and will be offered in the \$300ks.

Matt Leatherman with the Community Council asked to confirm that RSM and MR1 were the zoning classifications that the Owner was considering. Paul Jackson confirmed that those looked like the best options for the development which depends on bonus density eligibility for a 50% increase to permit all 6 units.

Mr. Leatherman also asked whether a deceleration lane would be required and suggested that that be looked into sooner than later since any requirement for a deceleration lane could take away a portion of the property needed for this project. Following the Community meeting, the project engineer Alex Fite-Wassilak reviewed the Code and it does not appear that a deceleration lane will be required.

Mr. Leatherman also noted that it appears on the Tax Map that the property lines were somewhat disconnected and wasn't sure whether that was a result of an easement or plotting issue by the Mapping Department. The Owner stated that he would look into that to confirm that there is no easement issue.

Mr. Matthew Williams
Zoning Administrator
DeKalb County Department of Planning and Sustainability
330 W. Ponce de Leon Ave.
Decatur, Georgia 30030

**RE: LETTER OF REZONING APPLICATION AND IMPACT ANALYSIS
5488 Rockbridge Rd., Stone Mountain, Georgia 30080**

Dear Mr. Williams:

I hope all is going well. Our firm represents P.E.W., LLC, the owner of that undeveloped parcel of property located at 5488 Rockbridge Rd., Stone Mountain, Georgia 30080 (the "Subject Property"). P.E.W., LLC would like to rezone the Subject Property from the current R-100 Zoning to RSM in order to develop and build six (6) detached townhomes. The Subject Property is nearly 1 acre, measuring 43,516 square feet (0.99 acre).

The townhome development would consist of 4 detached townhomes measuring approximately 1,952 square feet, and 2 detached townhomes measuring approximately 2,023 square feet. Both townhome models would include 3 Bedrooms and 2 ½ Bathrooms, and provide a two-car garage. Access would be through a gated private drive connecting Rockbridge Road with Old Rockbridge Road. The townhomes would be rear loaded and facing toward trees the amenity area. Amenities would include a green open space area and walkway, a brick patio

with a fire pit and water feature, and a dog park. Seven (7) designated guest parking areas are also planned along the private drive.

The Applicant's Conceptual Site Plan includes a minor subdivision of the Subject Property into two lots making him eligible for a density bonus to achieve the proposed density of six units. Upon an approval of the rezoning application, the Applicant plans on recording a final plat showing the two (2) lot subdivision configuration.

IMPACT ANALYSIS

A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan. Rezoning the Subject Property to RSM for 6 detached townhomes would be consistent with the policy and intent of the County's Comprehensive Plan which designates this property as Suburban (SUB), allowing for townhomes as primary uses with a density of up to 8 units per acre. RSM is a permitted zoning category for properties in a Suburban Character Area.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties. The zoning proposal for 6 detached townhomes is suitable in view of the use and development of adjacent and nearby properties. This area is predominantly residential with single-family homes and duplexes nearby, along with several churches. A MARTA bus stop is also located just 650 feet away at the intersection of Rockbridge Road and Ridge Avenue. The Wade-Walker Park and YMCA facility are also located just ½ mile to the east of the Subject Property.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned. The current zoning for the Subject Property does not provide for a reasonable economic use as it prohibits townhomes, and instead is predominately limited to single-family homes on lots with 100 feet of road frontage. The property adjacent to the west of the Subject Property is also zoned for neighborhood business with other nearby properties zoned RSM, reflecting the appropriateness of a slightly more dense residential development than allowed by the current zoning.

D. Whether the zoning proposal will adversely affect the existing use or suitability of adjacent or nearby properties. The proposed zoning change will not adversely affect the existing use or suitability of adjacent or nearby properties as it is consistent with the County's Comprehensive Plan and is more reflective of the recent population growth and market trends in this area of DeKalb County. The zoning proposal will allow for a brand new, more modern residential option that would likely result in the increase of property values and enhance the aesthetics of the area.

E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal. DeKalb County has already been rezoning other nearby properties to RSM and the MARTA bus stop at Ridge Avenue and the nearby Wade-Walker Park and YMCA further reflect how the growth and changing conditions of this area favor RSM over the current R-100 zoning.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources. There are no known historic buildings, sites, districts or archaeological resources in the area of the Subject Property.

G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. The zoning proposal is only for six (6) detached townhomes which will not cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources. The zoning proposal is only for six (6) detached townhomes, still provides for medium density residential use, and is consistent with the County's Comprehensive Plan. The zoning proposal would allow for the planned development that will include the preservation of a significant amount of existing trees on the property. The development relating to the zoning proposal will include enhanced open space, will be subject to heightened development standards from which many of the area houses are grandfathered and exempt, and will not adversely impact the environment or surrounding natural resources.

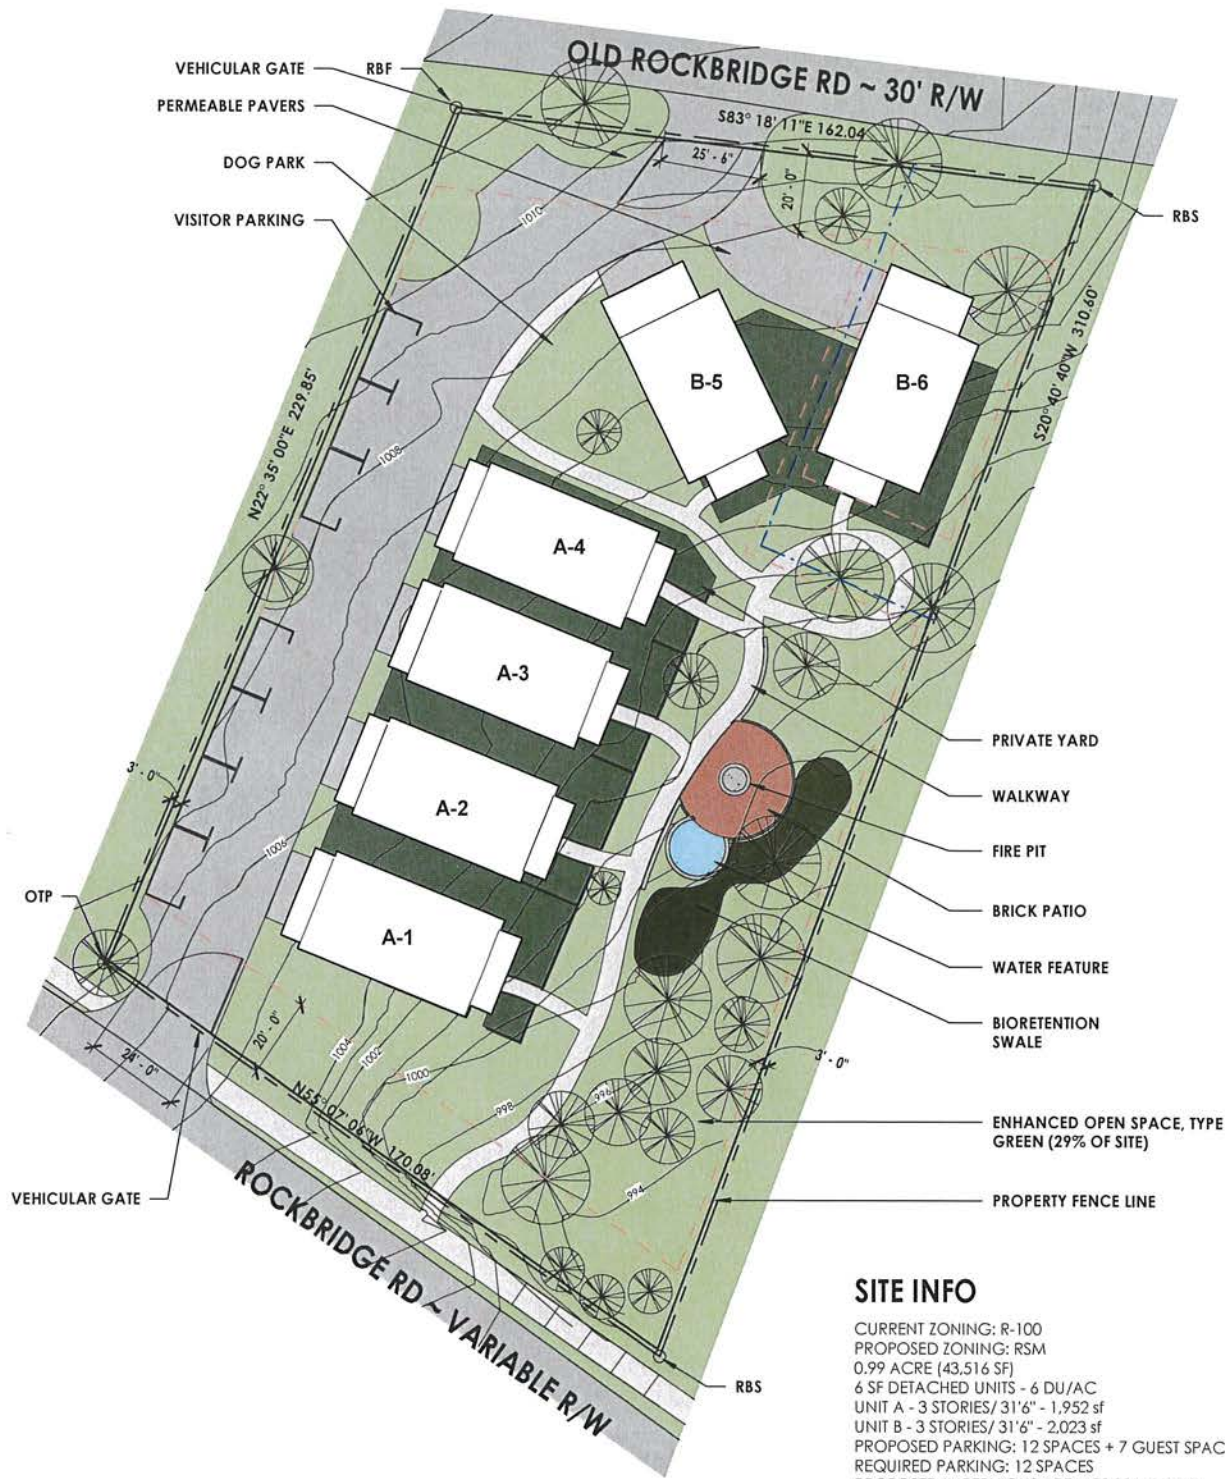

We appreciate your consideration of this rezoning request. Should you have any questions or concerns, or if we can provide any additional information or documents relating to this proposed development and rezoning, please do not hesitate to contact me at 404-348-4881 or by email at jon@hnhwlaw.com.

Best Regards,

Jon W. Jordan, Esq.
