1. Stephen Binney, 1083 Seville Dr. (no city, zipcode) - Good Morning Commissioners, we hope that everyone is still well. Especially those people who are working to help others, having to work to keep their jobs or to keep their families together. I ask the rest of us to remember that you don't have to do what the Governor says you can do but instead do only what you feel safe doing. Under Item #0484 the federal government is awarding Dekalb County over 125 million dollars under the CARES act for Coronavirus Relief. This is great news but I am concerned that the guidelines provided by the Feds for this relief are open to a liberal interpretation by those who are entrusted to decide how these funds are to be spent. The CEO's office is working on this right now and has promised to present it's report to the commission in the near future. I request that this report be posted publicly before being voted on, like the county's regular budget, and a special public hearing be held so that public input can be accessed and included in the final product voted on by the commission. Item #0444 on today's agenda accepts a grant of over \$18,000 dollars for meals to Dekalb seniors during the current COVID-19 pandemic. This is a good cause and I hope you accept the funds. But what about the mothers, fathers, and children who are not seniors? The number of people who need access to DFACS is increasing during this crisis and not all of them can complete the process on-line. The DFACS center is open on a limited basis at this time but since MARTA dropped most of their routes no buses go by there now. I ask that our CEO or one or more of our commissioners demand that MARTA reinstate route 125 from Kensington station to Northlake immediately so that those people who are suffering from lack of food and need assistance from DFACS and need public transportation to the DFACS facilities can get there instead of going hungry. I know MARTA does what it wants, when it wants, and does not care about access to DFACS but I hope that some of you do and are willing to speak up about this inadvertent mistake for the sake of those you represent. Item #0159, The \$61 million dollar low bid contract might not have needed to be pulled at last weeks COW meeting if it had gone through as a Request for Proposal project. If my memory is correct this is not the first time a Watershed low bid contract has been challenged by a rejected bidder. RFP's might provide the county with greater legal protection from challenges. On the other hand it could just be the continuing ineffectiveness of Watershed's procurement and contract system with it's lack of transparency. The more things change the more they stay the same I guess. Please pass Item #0425. You are correct Mr Rader. Cities giving out tax breaks that deprive Dekalb County of its legitimate tax funds may be legal but it is not right. I believe that Dekalb County is such a desirable place to build that the corporations should be lining up to come here instead of having to be bribed with tax breaks. And finally we come to Item #0432. A Public Works contract first approved in June of 2014. Three of the five previous change orders have added \$7.7 million dollars to this contract that was originally for \$3.5 million dollars. The current change order will extend this contract into its 7th year. Extending contracts by adding funds and extending end dates for as long as you want is not a healthy process for this county. Rebidding every 4 years is needed to provide residents with confidence in the County's procurement process as well as the transparency needed when spending millions of dollars. I hope that Felton Williams is doing better at his current job than he did at his old job with LSBE.

2. Ed Williams, P.O. Box 361626 Decatur, GA 30036 - Good Morning Commissioners. My name is Ed Williams, I am the chair of the group Concerned Citizens for Effective Government and I have lived in DeKalb county for over twenty years. I am concerned as a taxpayer about the services and value that citizens of DeKalb County are receiving from MARTA. MARTA violated the law when it reduced bus and rail services without a vote by the Board of Directors and adequate public notice and comment. MARTA CEO Jeffrey Parker and the Board of Directors knowingly and willingly reduced bus and rail services on April 20, 2020 without a vote of the MARTA board of directors outside of an open meeting. This action was ill-advised and I

believe illegal. MARTA is a public authority and it provides an essential governmental function for public purpose. Marta's elimination of 70 out of 110 routes within 3 counties without publicly discussing other social distancing options that protect riders from losing their jobs, buying groceries, going to dialysis or attending to other medical needs is insensitive when Marta top brass and all 2000 bus drivers still earn a paycheck from the 1 penny sales tax. Gwinnett and Cobb counties who have independent bus services and they have not eliminated from their bus services. What is so egregious about MARTA actions is that it never held any public hearing, did not provide any time for public input or comment, and the MARTA board did not vote on the decision which is required by the MARTA Act. The MARTA Act section 9 requires that all changes in fare and services be approved by the Board of Directors. There is no record of any official action being taken regarding the reduction of rail and bus service in the minutes during any MARTA board meetings. There was no agenda item to reduce bus or rail service related to the coronavirus emergency for either the MARTA Board of Directors regular board meeting on March 12, 2020, a special called meeting on March 19, 2020, or the April 9, 2020. It should be noted that MARTA called a special meeting on March 19, 2020 via teleconference where it voted on one item related to contract award of group health insurance coverage. The MARTA CEO Mr. Parker did discuss reducing service if it became necessary. However, there was no vote to grant any such authorization during the meeting, or thereafter. There was no authorization to reduce transit services anywhere in the state in the March 14, 2020 Executive Order issued by Governor Kemp regarding the coronavirus emergency. There are no emergency provisions in the MARTA Act for the CEO or General Manager of MARTA to reduce rail and bus during an emergency without a vote of Board of Directors. There was no emergency declared or certified by the MARTA Board of Directors. There is no record of the local jurisdictions in their emergency coronavirus orders authorizing or declaring that MARTA transit service be reduced or modified. MARTA should know that the OMA applies to it even during an emergency. Citizens of DeKalb, Fulton, and Clayton counties, and the City of Atlanta have a right to know even during an emergency what their governments are doing and how their tax money is being spent, It is in the public interest that MARTA follows the law. There should be a public comment period and the MARTA board should be publicly required to have a vote on the reduction of bus and rail services. The powers of all public officers are defined by law and all persons must take notice thereof.

3. Jon Walker, City Manager, City of Chamblee, 5468 Peachtree Road Chamblee, GA 30341 - It may surprise you to learn that a significant amount of County owned PDK property is currently classified as "tax exempt." In fact, the City believes that the City, DeKalb County and the DeKalb County Public Schools, all share a common interest in PDK as to the real and personal property digests related thereto. Currently, much land held by DeKalb County or the DeKalb County airport are paying reduced or no property tax even though that property is being rented at market rates to private companies to operate for-profit entities. I previously sent a PDF of a map (titled: PDK analysis optimized) that shows the properties. Unlike Development Authority projects, these properties have not been identified as economic development opportunities, have not calculated nor claimed any public interest, and do not have any sunset. In addition, the City of Chamblee has an interest in various municipal revenues and fees that relate to business operations and activities at PDK, some of which are conducted by private owners and others that are in fact conducted through PDK operations. As you know, DeKalb County, and the DeKalb County-owned DeKalb Peachtree Airport (PDK), owns a significant portion of land area within the City of Chamblee. PDK occupies 745 acres, includes over 100 hangars, is the second busiest airport in Georgia after the Atlanta-owned Hartsfield-Jackson Atlanta International Airport and ranks in the top ten of general aviation airports in the U.S. Clearly, the presence of PDK in the City of

Chamblee is significant. To that end, City of Chamblee representatives initiated conversations starting over two years ago with the Airport Director, the DeKalb County Board of Tax Assessors and its Secretary who is the Chief Appraiser, the County Clerk, the County Attorney, the Chief Deputy Tax Commissioner, the County Chief Executive Officer and staff representing these departments and other related departments regarding the identification and assessment of taxable parcels and personal property at PDK, the gross receipts collected by the airport that we believe relate to proprietary operations and therefore subject to the payment of occupation taxes to the City and collection of delinquent taxes due to the City of Chamblee, DeKalb County and the Dekalb County Public School System. In our conversations with DeKalb County officials, we have detailed the legal basis for our conclusions. To date, we have received little satisfactory response on this matter, had several Open Records Act requests ignored, and disagree with the County's assessment that public property operating solely to generate profit (and with no connection to aviation) for the county airport should be exempt from paying taxes. Recently, the county has engaged with a private developer to pursue a land swap with the county whereby the developer, for the county, would purchase additional property in Chamblee for a new DeKalb County Tax Commissioner office. I understand the County is considering the acquisition of this property after renovations are complete through a land swap with the developer for the existing DeKalb County Tax Commissioner office property on Dresden in Brookhaven. Given the County's current interest in the taxable status of properties in municipalities as well as its interest in purchasing another parcel of land and removing this from the tax digest, while maintaining multiple pieces of land it rents to private, for-profit businesses as tax exempt that are not related to aviation, we again ask the county to review our concerns. This matter is ever more important for the City, County and School System with current fiscal conditions. Our hope is that the County will reconsider its current path of purchasing unneeded property, as well as evaluate a fair assessment of taxes to the City, County and School System for the current county held properties that are being utilized for profit generating private businesses.

#### **D. 10:00 A.M. PUBLIC HEARING**

*Public hearings will not occur at this meeting, but will be rescheduled as soon as the technology issues for public participation are resolved such that the legal requirements for such hearings can be met.*

## J. COMMENTS FROM THE BOARD

### POLICY OF NON-DISCRIMINATION ON THE BASIS OF DISABILITY IN COUNTY SERVICES.

DeKalb County Government does not discriminate against qualified individuals with disabilities or exclude them from participating in or receiving benefits of its services, programs, or activities, based on disability. Janet Essix, DeKalb County Government's Employee Relations Manager and ADA Coordinator, is designated to coordinate the County's compliance with Part 35 of the Department of Justice regulations regarding the Americans with Disabilities Act. Janet Essix may be contacted at 1300 Commerce Drive, 1st Floor, Decatur, GA 30030, 404.371.2309, to request information about access for persons with disabilities to County services, programs and activities, or to discuss a grievance regarding an impediment to such access. Ten days' notice is requested for special accommodations.
