

**User Department's Recommendation** SUBJECT: ITB#22-101553-Breathing Air Light Trailer  
**Recommended Bidder:** Breathing Air Systems meets our approval.

**Funding: Vehicle Replacement Fund**

General  Enterprise

3 Digit Fund Code #621

CIP Line Item No. (if applicable): \_\_\_\_\_

**Disbarment and Suspension checks completed-Yes**

**Project Amount This Term:** \$364,878.02

**Justification:**

It is recommended that Breathing Air Systems be approved as the vendor for this Breathing-Air-Light Trailer.

The SCBA compressor and trailer will be used by our Fire Department as a backup breathing air system to supplement the departments current air trucks during fire ground suppression operations. Additionally, the SCBA trailer will be used at the training academy during fire suppression training allowing the air trucks to remain in service for calls. Lastly, the SCBA trailer will be used to assist during special operations training and incidents such as hazardous materials, technical rescue, confined space rescue, and dive rescue operations.
