**Solicitation Number: RFP #010521****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and PlayPower, Inc., 11515 Vanstory Drive #100, Huntersville, NC 28078 (Vendor).

Sourcewell is a State of Minnesota local government agency and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for Playground and Water Play Equipment with Related Accessories and Services from which Vendor was awarded a contract.

Vendor desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires February 17, 2025, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended up to one additional one-year period upon request of Sourcewell and with written agreement by Vendor.
- C. **SURVIVAL OF TERMS.** Articles 11 through 14 survive the expiration or cancellation of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Vendor will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above. Vendor's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

All Equipment and Products provided under this Contract must be new/current model. Vendor may offer close-out or refurbished Equipment or Products if they are clearly indicated in Vendor's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Vendor warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Vendor warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Vendor's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that is effective past the expiration of the Vendor's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution, Vendor will make available to Sourcewell a means to validate or authenticate Vendor's authorized dealers, distributors, and/or resellers relative to the Equipment, Products, and Services related to this Contract. This list may be updated from time-to-time and is incorporated into this Contract by reference. It is the Vendor's responsibility to ensure Sourcewell receives the most current version of this list.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced as stated in Vendor's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Vendor must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable

time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery.

Vendor must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcwell may declare the Vendor in breach of this Contract if the Vendor intentionally delivers substandard or inferior Equipment or Products. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Vendor as soon as possible and the Vendor will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

B. SALES TAX. Each Participating Entity is responsible for supplying the Vendor with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Vendor may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Vendor determines it will offer Hot List Pricing, it must be submitted electronically to Sourcwell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcwell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Vendor may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcwell Price and Product Change Request Form to the assigned Sourcwell Contract Administrator. This form is available from the assigned Sourcwell Contract Administrator. At a minimum, the request must:

- Identify the applicable Sourcwell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing

restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Vendor understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Vendor is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Vendor's employees may be required to perform work at government-owned facilities, including schools. Vendor's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Vendor that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Vendor. Typically, a Participating Entity will issue an order directly to Vendor. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration of this Contract; however, Vendor performance, Participating Entity payment, and any applicable warranty periods or other Vendor or Participating Entity obligations may extend beyond the term of this Contract.

Vendor's acceptable forms of payment are included in Attachment A. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Vendor, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be worked out directly between the Participating Entity and the Vendor. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements) not addressed in this Contract, the Participating Entity and the Vendor may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Vendor in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the goods to be purchased;
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements; or
3. Vendor commits any material breach of this Contract or the additional terms agreed to between the Vendor and a Participating Entity.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. CONTRACT SALES ACTIVITY REPORT. Each calendar quarter, Vendor must provide a contract sales activity report (Report) to the Sourcwell Contract Administrator assigned to this Contract. B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcwell, the Vendor will pay an administrative fee to Sourcwell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Vendor may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Vendor will submit payment to Sourcwell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Vendor's name and Sourcwell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcwell's banking institution per Sourcwell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Vendor agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Vendor is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Vendor in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

For any conflict between the attached Proposal and the terms set out in Articles 1-22, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their

34	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	<p>We would expect Sourcewell to market this partnership on Sourcewell's website, at trade shows, in publications and directly to its members. We would expect on rare occasions, a representative of Sourcewell to potentially help with customer calls & visits when needed, and also to attend our annual sales meetings for our outdoor equipment brands. In understanding of this, PlayPower Inc. understands that the success of this program is most contingent upon our marketing of this partnership in the marketplace through publication, trade shows, our websites and direct-to-customer marketing through our vast network of representatives.</p> <p>PlayPower takes great pride in its brands and looks forward to continuing to work with Sourcewell and marketing a partnership that includes sales training for all of our rep partners/distributors/dealers, catalogs and digital marketing. Our commitment and message to Sourcewell and its members will always remain clear and constant: we are 100% committed to Sourcewell from our executive level through our rep network.</p>
35	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	<p>Products and services are not available through an e-procurement ordering process. Playgrounds and recreation related products are often very custom driven project by project. Because of this, an e-procurement solution is not feasible with PlayPower's offering of products and services.</p>

36	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcewell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	PlayPower is committed to providing safe, reliable products. There is not a need to train Sourcewell members since all of our representatives, dealers, distributors and installers go through extensive product training. Sourcewell members have been invited to visit our factories, however formal training is not required.
37	Describe any technological advances that your proposed products or services offer.	<p>Pride in Engineering and Design: Whatever Sourcewell members' level of recreation and/or playground expertise is, PlayPower will provide as much help as needed. Members can virtually design their own playground equipment, or our network of design consultants will assist every step of the way. Our advanced computer-assisted design (CAD) capabilities provide customers with the most versatile, accurate commercial playground equipment design service available. Our designers use advanced solid modeling (3D) design software to develop new and exciting products. Direct electronic access to accurate, up-to-date product information is available to all PlayPower personnel, which includes PlayPower sales representatives, who can do on-the-spot CAD designs for customers. The design(s) then transmits to our internal system for production. Our consultants have access to all product documentation at all times and can produce instant two-dimensional top views or hidden-line three-dimensional proposal drawings of any custom design. They can also send information to PlayPower for rapid production of high-resolution color views of the design in a variety of sizes.</p> <p>Quality Products, Manufacturing, and Installation: PlayPower's commercial playground equipment, play structures, dock systems etc. are manufactured utilizing proven processes that have been honed over our over combined 200+ years in business. - EZ Dock Flotation Chambers - Simply put, our patented flotation design creates stability. When you walk on an EZ Dock, you will immediately notice the difference when compared to other floating docks. Our docks don't just float, they actually enhance steadiness thanks to the compression and suction of the hollow chambers on the underside.
- EZ Dock Connection Couplers - EZ Dock's patented connection couplers allow sections to move independently under high-stress conditions, while still providing unified firmness. Plus, our polyethylene construction provides outstanding modularity, buoyancy, functionality and safety.
- NEOS outdoor electronic playgrounds were the first of its kind introduced in the marketplace. Our fun electronic games inspire kids of all ages to go out and play.
- PlayArmor™ is the first antimicrobial coating specifically introduced in the recreation industry that protects playground equipment and site amenities. It was created by biochemists and has been registered for use by the US Environmental Protection Agency (EPA). We are currently working and expect to have EPA approval on having PlayArmor approved in each of the 50 US states and similar approvals in all provinces in Canada.

Product Testing & Conformance:

PlayPower has developed and maintained one the most strenuous product testing programs in the industry. Product safety starts before the concept phase of the development process. Our staff plays a very active role in the development and maintenance of safety and performance guidelines and standards, not only here in the U.S., but also internationally. Injury trends and market changes are tracked and we proactively implement this knowledge to our current and future products. During the design phase of development, we use sophisticated software to check and validate designs prior to prototyping. We test for safety conditions, such as entrapment or protrusions, as well as structural performance using finite element analysis. Once a concept is approved, a prototype product is developed and all testing is repeated using the physical model. The most severe testing requirements gleaned from standards worldwide are applied to prototypes. Components are subjected to loading requirement of various standards and the product is re-analyzed after the test to make sure any permanent deformation does not affect product safety. These loading requirements have large factors of safety built in, which cover situations of misuse and abuse. In addition to the normal static loading requirements that define structural performance in playground standards like ASTM F1487, PlayPower takes testing to a higher level. All moving and selected stationary products are subjected to dynamic testing which simulates usage over the life of the product. Components are loaded with the weight of the maximum user and cycled through their normal motion range for at least one million cycles. This process identifies material stresses or component wear that are missed in static load testing. We do not stop testing when a product is introduced to the market. We maintain a company policy that no test may exceed a 5-year span, which equates to retesting more than 20% of our released product annually. We also participate in the IPEMA (International Play Equipment Manufacturers Association) Equipment Certification Program which is a 3rd party validation process of our ASTM required testing. All playground products can be found on the IPEMA certification program website and a certificate of compliance can be generated and printed. PlayPower also conducts ongoing testing of our materials via UV and salt spray testing. Daily tests are conducted of production systems including paint/coatings cure and adhesion testing, impact testing, and color verification and cure testing on plastic components.

- PlayPower has the most diversified line of products & services in the industry with well over 300 combined years of business experience.
- PlayPower is the world's largest fully integrated manufacturer of commercial playground equipment and recreation equipment accessories and supplies.

38	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	<p>Environmentally friendly playgrounds aren't a passing fad, they're here for good. Playing is serious business, especially when you consider that playtime helps promote creativity, problem-solving, ability and intellectual development. That's precisely why we pay extra-special attention to our playgrounds and site furnishings. Simple design changes go a long way towards improving how children play, learn and interact with nature. PlayPower creates playgrounds that are fantastic for your budget, Mother Nature, and most importantly, the kids. We recycle unused powder coat paint in certain colors, after it is properly reclaimed during the painting process. Imagine piles of crumpled steel and truckloads of aluminum cans transformed into state-of-the-art playground equipment. That's essentially what happens when PlayPower puts recycling to work. We produce our playground equipment using as much recycled and recyclable material as we can use, while still maintaining the safety, durability and structural integrity you have come to expect from PlayPower. PlayPower's steel posts, handrails, and guardrails are sturdy, durable, and economical, and are made from at least 50% recycled steel. Post clamps and caps are made from as much as 100% post-consumer aluminum. And our roto-molded plastic slides are made from 100% recyclable resins. 41	<p>What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? It means providing a place where children of all abilities can experience play together. PlayPower's play equipment allows customers to configure play areas that are compliant with the Americans with Disabilities Act (ADA) Accessibility Guidelines for Play Areas. • Design for Safety <ul style="list-style-type: none"> • Nothing is more important than providing a safe, positive environment for children to play. Our commitment to providing such an environment begins with meeting and/or exceeding safety performance specifications established by organizations and regulatory bodies such as ASTM International, CPSC, CSA and EN. We not only comply with these standards and guidelines we also actively participate with ASTM and CPSC in their development, and we are active members of IPEMA. Our employees, sales representatives, and trained installers take great pride in this commitment to safety in every aspect of designing, manufacturing and installing playground equipment, and they have the knowledge and experience to provide positive play environments that offer challenge and maximum play value for children of all ages and abilities. In the interest of playground safety, IPEMA provides a third-party Certification Service whereby a designated independent laboratory validates a participant's certification of conformance to ASTM F1487, Standard Consumer Safety Performance Specification for Playground Equipment for Public Use. The use of the corresponding logo in our catalogs signifies that we have received written validation from the independent laboratory that product(s) conform to the requirements of the indicated standard. David is anxious and excited to do this again with all of our new brands and our entire sales network. • PlayPower is already familiar inside and out with Sourcewell and the needs of Sourcewell members. • We have a proven track record from selling our previous Sourcewell contracts. More importantly, we help sell the benefits of Sourcewell and ALL of its contracts – we have proven that we make Sourcewell stronger and this is to the benefit of Sourcewell, its members and other Sourcewell vendors.

Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
42	Do your warranties cover all products, parts, and labor?	As a manufacturer of recreation and playground equipment, accessories and supplies, we warranty our materials and workmanship only. All labor, including installation and repairs can be coordinated and quoted on a case by case basis with our Representative/Distributor/ Dealer Network. A complete listing of our Representative/Distributor/ Dealer Network has been provided.
43	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	There are no usage limit restrictions with our warranty. Warranty statements for all of our brands have been supplied with this RFP submittal.
44	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Industry standards dictate that travel time is not covered under warranty. While there are some exceptions, PlayPower typically adheres to this standard.
45	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	All PlayPower brands can provide warranty repairs in all regions of the United States and Canada.
46	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	PlayPower does not warranty products and services from other manufacturers. Any products sold from other manufacturers as a turn-key solution carry a warranty provided by the original manufacturer.
47	What are your proposed exchange and return programs and policies?	While the product is standard, the design of Recreation and Playground Equipment accessories and supplies is very customized. Due to this, PlayPower requires a 30% restocking fee for returns and exchanges.
48	Describe any service contract options for the items included in your proposal.	All of PlayPower's Representatives, Distributors, Dealers and Installers are factory trained and certified to sell and/or service and repair our products. All warranty and service work will be coordinated between the SOURCEWELL member and our representatives.

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
49	What are your payment terms (e.g., net 10, net 30)?	Net 30 days upon invoicing
50	Describe any leasing or financing options available for use by educational or governmental entities.	PlayPower has partnered with NCL Government Capital to offer Sourcewell members a complete suite of finance solutions. NCL is a current Sourcewell financing contract holder and is an industry expert in municipal financing solutions. NCL will offer leasing terms from 12-120 months on transactions from \$5,000.00 and up. Traditional leasing and financing programs will be offered along with programs specifically designed for schools and governmental entities including Tax-Exempt Municipal Leases and a Purchase Order Only program. There is no ownership, common ownership, or control between PlayPower and NCL.
51	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell participating entities' purchase orders.	PlayPower often will invoice Sourcewell members directly which makes gathering of sales data very straightforward. Reps/dealers when billing directly are required to provide copies of purchase orders from members which will include PlayPower's Sourcewell contract number and the Sourcewell Member number. The proposed process will follow our current Sourcewell process that requires orders to be coded as an Sourcewell order at the time of submission.
52	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	No. The benefits of P-card procurement is most beneficial for smaller transactions. PlayPower's average playground sold exceeds \$35,000 so the real benefits of P-card would not be recognized.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *
53	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Due to the size and scope of our product offering along with eight separate brands (companies) offered in this proposal and the discount structures varying by brand, a separate pricing discount file has been provided with this RFP submittal. Please refer to the uploaded Sourcwell RFP 010521 Pricing-Discout File.
54	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	As stated previously, due to the size and scope of our product offering along with eight separate brands (companies) offered in this proposal and the discount structures varying by brand, a separate pricing discount file has been provided with this RFP submittal. Please refer to (list document name)
55	Describe any quantity or volume discounts or rebate programs that you offer.	Volume Rebates (per calendar year): 1. \$500,000 - \$999,999 1% rebate 2. \$1,000,000 - \$1,499,99 2% rebate 3. \$1,500,000+ 3% rebate
56	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	This service is coordinated by our independent representative/distributor/dealer networks. In the event PlayPower is doing the billing, we simply do a pass through with no markup on these services. Each service can vary due to location, size and scope of work.
57	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Some projects related to our recreation and playground equipment products, accessories and supplies can be material-only procured or more often, a turn-key solution. In the event of a turnkey solution project, sourced work such as installation, curbing, sidewalks, landscaping, and any other types of non-equipment related work could be involved. This service can be coordinated by our independent representative/distributor/dealer networks. In the event PlayPower is doing the billing, we simply do a pass-through with no markup on these services. Each service can vary due to location, size and scope of work. Installation is specifically addressed in the pricing discount schedule which is provided with this RFP submittal.
58	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	Any additional freight cost will be evaluated by PlayPower's shipping department. The best available rate and service will be passed on to Sourcwell members during the quote process.
59	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	As is the case in the 48 contiguous United States, freight is the responsibility of the SOURCEWELL member. Additional freight charges will be evaluated by PlayPower's shipping department and the best available rate and service will be passed on to the Sourcwell member during the quote process.
60	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Where it makes sense, we use Intermodal freight transport which involves the transportation of freight in an intermodal container or vehicle, using multiple modes of transportation (rail, truck, ship), without any handling of the freight itself when changing modes. The method reduces cargo handling, and so improves security, reduces damage and loss, and allows freight to be transported faster. Reduced costs over road trucking is the key benefit.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
62	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	<ul style="list-style-type: none"> • PlayPower's order entry system has required point and click requirements as it relates to contracts. When an order is entered, the system literally prompts the user with the question "Is this a Sourcewell project?" and the user is required to answer YES or NO to proceed. The order entry system also checks for minimum discount compliance. • All Sourcewell orders are also reviewed manually for compliance to ensure minimum Sourcewell pricing discounts and are entered with a Sourcewell code to ensure proper reporting and administrative fee. • In addition, management reviews total amount of Sourcewell sales for accuracy and evaluates representatives' performance selling the Sourcewell contract on an annual basis. • Sourcewell sales tracking is included in PlayPower's corporate budgeting process.
63	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	We propose a 1% administrative fee for all PlayPower Equipment sold. This is calculated at LIST PRICES and not discounted net sales. In addition, we propose a 1% administrative fee for all open market/turnkey solution products, work and services billed and provided to SOURCEWELL members directly from PlayPower or through our independent representative/distributor/dealer network.

The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation.
