

Lieutenant John A. Medina  
Special Investigations Section Assistant Commander  
DeKalb County Police Department

April 10, 2017

Dear Lieutenant Medina,

LexisNexis is the creator and sole source vendor of Accurint Virtual Crime Center (AVCC). No other company, entity, or individual has re-seller or distribution rights to AVCC or any of its accompanying documentation.

The AVCC application was created out of a need for one product to provide the following linked together from one product via one login:

- Agency-wide Analytics showing over 50 types of analytic charts and graphs.
- Investigative capabilities including the ability to search both Public Records and Law Enforcement agency data (such as Record Management system events, Call for Service system calls, License Plate Reader data, Accident data, and Offender databases)
- Mapping capabilities including predictive policing capabilities
- Link Analysis displaying the data pre-linked together using the LexisNexis proprietary LexiD capabilities.

No other application available for purchase today has the capabilities included in AVCC.

If you have any questions or would like clarification on any of these items, please contact us.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Ternus".
