### I. MINUTES

**2023-1615** Commission District(s): ALL  
Minutes for the December 18, 2023, Special Called Public Works and  
Infrastructure Committee Meeting

**Attachments:** PWI Minutes 12.18.23 SC

### III. DISCUSSION

FY24 Budget

Information provided by COO Williams and TJ Sigler

Question TT: when we approved stormwater rates last year it had allocations for stormwater work on school properties, is that still in there?

COO: We are going to do what the resolution says. I believe we talked with the schools about a month ago

TT: I thought it was an annual funding in the resolution, the other part is we are going to do more green infrastructure. Are we going to use any of the \$5 million in capital requests for bio swall, rain garden or other green infrastructure?

COO: let us review and get back to you

Question TT: the previous quote from trailers was around \$900,000, are we expecting more?

Sigler: I believe it was \$1.6, the previous item discussed was for that amount.

TT: the bid tabulation was \$900,000

COO Williams: we will review

Question TT: for sanitation is this all vacant positions or new positions?

Sigler: FY23 positions was 626, there is a net increase of 11 funded positions

Question TT: the proposed budget is based on the current rate structure?

Sigler: yes, we are reviewing any additional options. We can let you know.

Question TT: what's current wage, when did it go into effect?

COO: \$17/hour went into effect last year

Question TT: when will the rate study be done?

COO: the preliminary work has started, it's going to be over the next 30-60 days

Question TT: are you bringing it to committee?

COO: yes at some point

Question TT: when did the last rate increase go into effect?

Sigler: last spring shortly after the budget

**enQuesta Billing Software**

Information provided by COO Williams, Director Matelski and Monifa Yarborough

Question TT: can we get an opt-in text message notification option

JM: that is expected to come later as we roll out the system

Question TT: I believe Korean and Amharic would be other languages to consider in the system.

JM: we will coordinate with Central Staff and COO Williams to flush out those needs and our options

Question RP: previous billing history is available?

JM: yes up to 7 years. there will be no cut offs of services or late fees as it relates to the transition to the new billing system till end of February

Question RP: How many customers do we have?

MY: currently a little over 230,000 customers. We've sent 47% of those customers bills. About 97,000 have signed up.

Question TT: Please send commissioners what we need to send out. Whether through social media or newsletters. Basic stuff such as the customer service number. Where is the call center?

MY: Jordon lane, suite 200

Question TT: how many representatives in the call center

MY: roughly 45-50 CSRs. We have also expanded the team that handles disputes with an additional 6 people

Question TT: for waived fees does this also apply for those who are behind for other reasons?

MY: yes as long as its due to the software transition

Question TT: can you give us a weekly update?

Response provided by Monifa Yarborough

Additional comments provided by Commissioner Terry

#### IV. AGENDA ITEM

[2023-1022](#)

Commission District(s): All Districts

To Request the Department of Planning and Sustainability Staff to Explore the Feasibility of Adopting Standard Dumpster Requirements for Apartment Complexes and Multi-Family Units

Status update provided by Brandon White, Planning and Sustainability

Question TT: Our goal here is to address commercial trash overflow and residential cites too close to housing? I'd like us to consider the trash sensors like city of Atlanta, maybe we develop a pilot to test them through sanitation.

Response on commercial procedures provided by Director Hutchinson

Comments provided by Timothy Hardy, deputy director Beautification - Code Compliance

TT: We can add additional language to the code it would give staff more room to manage these annoyances?

BW: we haven't developed it yet, we are working with the law department

Comments provided by Commissioner Cochran Johnson

RP: I believe we also talked about future developments to extend setbacks so trashcans are not to close to residents

Comments provided by Brandon White
