1. Dr. Ed Williams, (no address) - Good Morning Board. My name is Ed Williams, I am the chair of the group Concerned Citizens for Effective Government. Today citizens are frustrated because their government does not seem to listen or act in their interests. I have two issues that I want to speak about today. First, I support the DeKalb police department and its reforms, however, I believe that the proposed second job requirements restrictions should be given more time to be studied to understand its impact and that the public has a period in which they can weigh in on it. It is my understanding that the proposed policy is going to be implemented on May 1. This new policy will have an impact on the officers and the public in which they serve, so we want to make sure we get this right as it is implemented. My second issue today is regarding the ATL Link transit agency. The legislation that created the ATL Link in 2018 envisioned that the board members would serve staggered terms. Georgia code 50-39-4(b) states that “members appointed from odd-numbered authority districts shall each serve an initial term of two years. After such initial two-year term, that caucus which appointed such member for such initial term shall appoint successors thereto for terms of office of four years. All members of the board shall serve until the appointment and qualification of a successor.” DeKalb County has parts of Districts 3, 5, 7, and 9 located in its boundaries. The board appointments are scheduled to be on today, March 9th, and 10th. The law provides for 10 members to be appointed by a caucus of state legislators, County Commission chairs and mayors, while six others are appointed by state-level officials including the governor and Lt. governor and Speaker. There are no clear guidelines concerning the qualifications of its members. Many of the current board members have conflicts of interest, and some are serving in dual public positions with different oversight and duties. The ATL Link has gerrymandered board member districts and put a group of people in control who are not exclusively elected by the voters. How did we end up with elected officials who represent districts that are beyond the boundaries of a county or city where they live? Local elected officials should be able to serve in two different authorities or subdivisions of the state at the same time. The ATL authority is certainly needed, however, what we have now are ATL board members represented by people who do not ride buses or trains and are not accountable to voters and many of them know very little about transit. So, how does the commission plan to address representation equity on the ATL Link board, and police officers' employment conditions? Thank You

2. Linda G. Jones, (no address) Ellenwood, GA - My name is Linda G. Jones, residing in Grant Forest Subdivision, Ellenwood, Georgia, the southernmost part of DeKalb County. For at least eight years, I have enjoyed the surroundings and landscape nearby, however about more than a year ago, an engineer and workers came to the back of our homes with robotic equipment. The supervisor of the team told me that they needed to repair damaged drain pipes. They worked for several hours. Since that time, often when it rains heavily, water remains in large puddles slowly draining. However in the last few months we have noticed water standing for significantly longer periods of time and not draining properly. Since heavy rains in February, large areas of standing water are growing and have not drained. I explained to Watershed Department what was happening and they referred me to Roads and Drainage Department. When I explained to them the happenings, they said Watershed should be handling it, however gave me a case number on February 23, 2021. There has not been any follow-up. I was hoping as employees who serve the county, they would identify, justify and rectify the situation in a timely manner. My neighbors and I are afraid that a storm or even continuous steady rain may cause flooding thereby bringing devastation to lives and property in our community. I would rather be proactive than reactive to this situation. After making many calls to commission offices, I was able to contact Ms. Cato yesterday who was empathetic to our plight and offered her assistance. She also gave me the email address for comments to the Board of Commissioners meeting today which I could not find on the internet.

Commissioners what can be done to solve this problem?

3. Stephen Binney, (no address) - Good Morning Commissioners, especially to my cohort, Chairman Steve, "It's obvious I changed my mind", Bradshaw. You are the best. On today's agenda you are being asked to extend the term of a contract awarded to Core and Main LP with the Department of Watershed Management until September 30th of this year. Why? So that Dekalb County can complete the solicitation process for a new contract. This has been a staple of the Dekalb County procurement and contract process for many, many years. Mr. Williams, does this happen on purpose or through inefficiency? Either way, it needs to stop. The LSBE contract was extended last year and will be up for renewal again in 5 months. The company that has held the contract for the last 5 plus years is not doing the job. Please start the RFP process now. For our two new Commissioners who may not be fully aware of the infamous history of Dekalb County's Local Small Business Enterprise program, let's take a look at the history of LSBE. The LSBE was formed in November of 2006 to encourage local small businesses to remain in Dekalb County. After an investigation throughout 2008 and 2009 a report was presented outlining many problems and abuses with the LSBE program. An investigation in 2012 showed none of the recommendations had been instituted and in fact the LSBE program was overtly being used for fraud and paybacks. In 2015, in an effort to clean things up, Georgia Minority Supplier Development Council was put in charge of monitoring the LSBE program, over the last 6 years the county has given the Council over 1.8 million dollars and what have we got to show for it? Files stored in cardboard boxes scattered across the floors and information on applications not verified. Last year a woman was defrauded of over 8 thousand dollars. No action was taken because the county could not find the file or contract. Even today, the corruption and inefficiencies continue. The Renee Group is a long time Water and Sewer contractor with Dekalb County. Internal documents and reports indicate the potential of overbilling and other audit irregularities. The County and Commissioners even need to look at what the definition of a Small Business is in this County. The listed owner of Renee Group drives around in a \$600 thousand dollar Rolls Royce SUV. How many small business owners do you know who drive a car like that? So what has the county and commission done about things like this in the past? You have refused to act and have pushed things down the road for over 15 years. Lets try to fix things instead. Thank you for your time and consideration

D. 10:00 A.M. PUBLIC HEARING

The DeKalb County Board of Commissioners will hold a Public Hearing during its Regular Business meeting on Tuesday, March 9, 2021 at 10:00 a.m. This meeting will be conducted via teleconference (Zoom). Simultaneous public access to the meeting will be available (1) via live stream on DCTV's webpage, and (2) DCTVChannel23.TV. The public is invited to watch the broadcast on DCTV's UStream link (<https://video.ibm.com/channel/dctv-channel-23>), or join the meeting using the Zoom link (<https://dekalbcountyga.zoom.us/j/7753778046>), or by telephone (602-333-0032 or 888-270-9936, conference code: 217687). For those joining the meeting by telephone, please be aware that your phone number may be displayed to the public viewing or participating in the online meeting. The Board will provide 15 minutes of time for citizens to speak in favor of an agenda item, and 15 minutes for citizens to speak in opposition. Citizens who attend the meeting via the Zoom link above may join the public comment queue by raising their hand in the Zoom application, while citizens who attend the meeting via telephone may join the comment queue by pressing # followed by 2. There will be no comment cards, so when you are called upon, please state your name and address for the record. Also, please be conscious of speaking time so that everyone has an opportunity to provide input in the allotted time. Citizens may also email documents for inclusion into the official record by submitting such materials by 9:00 a.m. on the date of the public hearing to PublicHearing@dekalbcountyga.gov.
