Request:	Application of EcoSlay, LLC c/o Battle Law, P.C. to rezone property from MR-1 (Medium Density Residential-1) zoning district to C-1 (Local Commercial) zoning district for a general business office and commercial greenhouse.	
Property Owner(s):	J.O.M.S, LLC.	
Applicant/Agent:	EcoSlay, LLC c/o Battle Law, P.C.	
Acreage:	0.66	
Existing Land Use:	Town Center	
Surrounding Properties:	North: MR-1 (Medium Density Residential -1) South: R-85 (Residential Medium Lot-85) East: MR-1 West: R-85	
Comprehensive Plan:	Consistent	X Inconsistent

STAFF RECOMMENDATION: Full-Cycle Deferral.

The Applicant, EcoSlay, LLC. c/o Battle Law, P.C. is seeking a rezoning from MR-1 (Medium Density Residential-1) zoning district to C-1 (Local Commercial) zoning district for a general business office and commercial greenhouse. The subject site falls within a Town Center (TC) Character Area calling for high density, mixed-use, pedestrian focused land uses (Pg 33. 2050 Unified Plan). Based on the information submitted, the current proposal does not appear to meet the intent of the TC Character Area based on the following:

- There is no sales component to the proposed business, and the operation appears to be solely production-based with no public interaction.
- Although an assembly room may be appropriate for the unique business model, the inclusion of manufacturing activities presents as an industrial use, which is not consistent with the character area's goals.
- MARTA has submitted their project review (enclosed) and stated that this site is adjacent to a planned pedestrian improvement project at N. Indian Creek Drive and Memorial College Avenue, intended to strengthen connectivity between residential areas, educational institutions, and transit service (MARTA Route 125). Given existing land uses and upcoming infrastructure investments, MARTA recommends maintaining the MR-1 zoning or considering a denser residential or mixed-use designation rather than rezoning to C-1.

While the overall concept of a small business along this corridor may be appropriate, the proposed zoning district and description of the business plan must work together in tandem and better align with the TC Character Area goals. Rezoning solely for mostly manufacturing purposes with no customer contact or opportunity for pedestrian

activity does not support the future vision for this area. Staff recommends a ***"Full Cycle Deferral to the March 2026 zoning agenda"*** to allow time for the applicant to consider revising the project to better align with TC goals.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

MARTA January 2026 Case Comments

N4-2025-1623 SLUP-26-1247822 – 3396 Chamblee-Tucker Road:

MARTA bus stop #905777 is about 500 ft from the site; MARTA may opt to move this stop closer to the site in the future for operational reasons. MARTA asks DeKalb to consider requiring closure of westernmost driveway on Chamblee Tucker Rd to reduce vehicle/pedestrian conflict points and improve traffic flow.

N1-2025-1620 Z-26-1247832 – 3792 Memorial College Drive:

This site is located adjacent to a pedestrian improvement project at the intersection of N Indian Creek Dr & Memorial College Ave to improve pedestrian connectivity between the various residential areas, educational institutions and transit service (MARTA route 125). Given the current land use of the area and upcoming pedestrian infrastructure investments, MARTA recommends keeping zoning of this parcel as MR-1 or changing it to a denser residential or mixed-use zoning rather than changing it to C-1.

I. LETTER OF INTENT

EcoSlay, LLC (the “Applicant”) is seeking a rezoning of +/- 0.66 acres of land being tax parcel number 18 067 02 032 having frontage on 3792 Memorial College Avenue (the “Subject Property”) to allow a general business office and commercial greenhouse.

This document serves as a statement of intent, analysis of the criteria under the DeKalb County Code of Ordinances and contains notice of constitutional allegations as a reservation of the Applicant’s rights.

II. DEKALB COUNTY REZONING CRITERIA

1. *Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan;*

The Subject Property has a Town Center (TC) land use designation. The DeKalb County 2050 Comprehensive Plan specifically allows for C-1 zoning in the TC land use designation. The TC district is meant “to promote the concentration of higher intensity residential and commercial uses,” which aligns with this rezoning application. Therefore, this zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.

2. *Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties;*

The Subject Property was the Early Learning Scholars II building. It is surrounded by apartments, townhomes, and GA Perimeter College. This rezoning will allow for a less intense use than the school and not encroach upon the surrounding uses. The Applicant intends to grow organic ingredients like fruits and herbs to use to make hair care products in the building. The products will be shipped from the building via USPS. No clients will enter the store to make purchases. Rather, customers will purchase products online and the Applicant will ship them to the customer. Therefore, the use is suitable in view of the use and development of adjacent and nearby properties.

3. *Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned;*

The Subject Property is zoned MR-1 but is developed with a school building. Additionally, the Subject Property is only 0.66 acres. Given the size and the current building, it is not reasonable to use the Subject Property as currently zoned.

4. *Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby properties;*

Battle Law

The zoning proposal will not adversely affect the existing use or usability of adjacent or nearby properties. The new use will be less intense than the school and will not encroach onto neighboring properties.

5. *Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal;*

The Applicant is not aware of existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

6. *Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources;*

The Applicant is not aware of any historic sites or buildings or archaeological resources on the Subject Property. The Subject Property is not within a historic district and is not near one.

7. *Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools; and*

The zoning proposal will not result in a burdensome or excessive use of streets, transportation facilities, utilities, or schools.

8. *Whether the zoning proposal adversely impacts the environment or surrounding natural resources.*

The zoning proposal will not adversely impact the environment or surrounding natural resources.

III. CONCLUSION

For the foregoing reasons, the Applicant hereby requests that the application for a rezoning from MR-1 to C-1 be approved. The Applicant welcomes any questions and feedback from the planning staff.

IV. NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONSTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of

Battle Law

Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to amend the land use and/or rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any Rezoning of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to allow the land use amendment and/or rezoning in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to allow the land use amendment and/or rezoning in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing land use designation and/or zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this
