

Poured-in-Place (PIP) Surfacing for the Playground at Henderson Park via U.S. Communities Contract
No. 2017001135

User Department's Recommendation

User Department Name Recreation, Parks and Cultural Affairs

Recommended Bidder(s) meets our approval.

Bidder 1: Kompan

Name/Amount

Project Amount This Term: \$102,014.37

Funding:

General **Enterprise** **3 Digit Fund Code** 350

CIP Line Item No. (if applicable): _____

Justification:

The department of Parks, Recreation, and Cultural Affairs is recommending Henderson Park playground surfacing be awarded to Kompan as solicited through the U.S. Communities Contract No. 2017001135

By purchasing playground surfacing through the U.S. Communities contract the competitive bidding process has been previously conducted and vetted thereby resulting in a savings in time and money to the department of Parks, Recreation, and Cultural Affairs. The U.S. Communities RFP process included all major playground surfacing providers and was reviewed and rated based on proposal price, products/services offered, warranty coverages, and equipment quality. Wherein Kompan was awarded the U.S. Communities contract over other major playground surfacing providers.

This procurement is a change in surfacing type, Engineered Wood Fiber to Pour in Place Rubber, from a previous procurement that was approved by the BOC in July of 2017 and was awarded to the same bidder along with playground equipment. The change in surfacing type will allow for reduced maintenance, a higher level of ADA compliance, and a better return on investment over the surfacing's lifespan.
