

User Department's Recommendation

Recommended Bidder: See below meets our approval.

Amount Spent on Previous Contract: \$16,360/\$250,990.88

Name of Fund: Stormwater Administration – Fund 581

Project Amount This Term: \$106,100.00

Justification:

We have reviewed the bids and Bid Tabulation and concur with your recommendation to award by line item to the lowest, responsive and responsible bidders:

F M Shelton Line Item #1 (Estimated Amount: \$44,540.00)

Compass Minerals Line Item #2 (Estimated Amount: \$61,560.00)

Please note that the previous contract expenditures were low because the contract vendors were sold out and the alternate vendor did not respond to our requests. Therefore, we purchased material via open market in the amount of \$250,990.88.

This action will ensure that we have the material needed to make the sand/salt mixture used to maintain the county roadways/parking lots/sidewalks and other county infrastructure during the winter months.
