Justification:

The listed bidder is a part of the NJPA (Cooperative Purchase Agreement) where the county receives a substantial discount on products. This process lets you purchase the product direct from the vendor rather than bidding it out which could increase the price. The process will really benefit the county as the timeframe for completion of this project is May 31, 2018. A contingency amount is listed in addition to the proposal as the site where the products will be installed might incur challenges in installation due to topography of the land. This contingency would only be used per department approval if deemed critical to the project.
