

Rating Form for Contractors, Providers and LSBEs

DeKalb County Purchasing & Contracting Department

Mission: The purpose of this form is to document the performance of contractors, providers or LSBEs to DeKalb County and how well/poorly they are doing. This rating system can be used for evaluative purposes for the award, or recommendation for award, of future procurements.

Frequency: This form should be filled out with each delivery, payment advice, invoice, or other milestone in the lifecycle of any good or service for which DeKalb County pays a third party. At a minimum, the form should be filled out shortly after the start and at the conclusion of each contract. This will provide adequate communication to the P&C Department.
