Justification:

It is recommended that Tractor & Equipment Co. be approved as the vendor for this Off Road Dump Truck, as to they have already been awarded the bid through the Source Well Cooperative. Since it's already gone through the bidding process, buying off the Source Well Cooperative Contract is more economical.

The Sanitation Department needs this equipment (Off Road dump truck) to transport heavy loads of dirt, gravel, and other material over rough terrain to cover garbage, yard debris and excavate large areas for processing. The versatility and durability of 6 wheel articulating off road dump trucks make them a valuable asset at the Seminole Road Landfill.
