Subject: Donation for DeKalb Fire

Chief Fullum and Chief Augustin,

I spoke with Captain Eric Jackson this morning regarding our recent First Responder Appreciation campaign and have previously had contact with Captain Tom Burrell regarding this campaign. As discussed with Captain Jackson, part of this recent campaign involves making donations to the police and fire departments that are the responding stations for our Jim Ellis dealerships. I believe that DeKalb Fire Station 15 is the responding station for all of our Chamblee stores. We would like to schedule a date where we deliver a catered lunch to the department and do a check presentation from our campaign. The donation amount we will be making is \$6,500.

We realize that many government entities have red tape when it comes to accepting donations. In light of that, we are glad to make the check out in whatever way and to whatever entity you request that would best support your department and needs. We are also glad to provide any items you need if you need to go the route of commission approval to accept the donation and we can of course wait to schedule the lunch and check presentation once approval is granted.

Lastly, when you are ready to schedule the lunch, we want to treat any DeKalb Fire personnel and support staff that you would like to include, but we specifically want to make sure that it is at a time and location where those that work at Station 15 can attend since they are our responding station. We of course will also want to have yourself and any command staff you like present to accept the check and participate in photo-ops related to the check presentation.

Please let me know how you would like to proceed and if there is anything that you need from me in order to move forward. Thank you for your assistance and we look forward to contributing towards the good work that your department does!

Thank you,

Loren Roberts
