

# Callanwolde Afterschool Programming

## Young Artists League

*The Young Artist League is an annual 24-week after-school program for 3rd-5th grade students attending Title I Elementary schools. The Young Artist League program includes activities such as painting, drawing, mixed media, and clay projects. The after-school program allows students to enhance their skills while working on more in-depth and long-term projects. They are exposed to well-known artists and different styles of art. Students have the opportunity to exhibit their work at Callanwolde.*

*\$20,236 24-weeks annually  
One school - up to 15 students*

### *Program Benefits:*

*Students develop skills in painting, drawing, mixed media and working with clay. They learn how to give constructive criticism and use creative problem-solving techniques. "Artist statements" from our students indicate that as a result of our art classes they feel less stressed and happier. Studies reveal that afterschool programs in Georgia serve as safe havens, fostering a love for learning and offering working parents' reassurance. They empower children to uncover their true selves, pursue their interests, make wise choices, and steer clear of risky behaviors.*
