

The Department of Purchasing and Contracting

Project Amount This Term: \$\\$600,000.00 J2 Connect / \$300,000.00 B&W Mechanical / \$300,000.00 Funding: General Find Figure For Splots In the Item No. (if applicable): SPLOST Justification: Facilities Management recommends J2 Connect and B&W Mechanical as the two lowest responsible bidders. Two contractors is needed due to the demand to service and maintain the aged facilities abuildings in DeKalb County Government. We have been experiencing building water and sewer infrastructure problems due to aging systems, and insufficient funding for replacements. Currently, we are addressing repairs as needed. The past two years we have been faced with the need to replace/repair aging water main and or sewer line pipe systems. The average service life on a water main or sewer pipe is 50 years. In general, ductile iron has the longest service life while PVC has thortest. This means that most of our pipes in our buildings water and sewer infrastructure need replacing now. Our number of service related plumbing requests are on the rise and the need for major repairs has risen to where we need more contractors and funding to complete timely repairs.	oser Department Ivame.
