

Hi Stephanie,

I mentioned to you that I have been recently appointed to the Board of The Jessye Norman School of the Arts – Eastside Atlanta (JNSA2). We are a tuition-free fine arts and academic enrichment program serving elementary through high-school students in South DeKalb. Every week, our students dive into music, dance, theater, visual arts, and creative writing—building confidence, literacy, and leadership while discovering their creative voice.

As a locally owned business, **Get Organized by Stephanie** already strengthens what makes Decatur and East Atlanta special. I'd love to invite you to become a JNSA2 Community Business Partner and help us keep high-quality arts education free and accessible for Atlanta kids.

Why Partner with JNSA2?

- **Visible community impact** your customers can see and celebrate
- **Authentic, local brand exposure** across our events, programs, and social media
- **Employee engagement** opportunities through volunteering and mentoring
- **Feel-good marketing content** (photos, reels) highlighting your impact
- **Invitations to student showcases** and special gatherings
