

SUBJECT: Seminole Landfill Awning

User Department's Recommendation

User Department Name Fleet Management

Recommended Vendor meets our approval:

Osprey Management LLC

Project Amount: \$222,953.52

Funding: Sanitation Dept.

General Enterprise

3 Digit Fund Code 621

CIP Line Item No. (if applicable): _____

Justification:

The Fleet Management department is requesting an awning to be built onto our Seminole Rd. landfill maintenance facility. The awning is an expansion of work space needed. This awning will be used to provide shelter for our technicians who are working on heavy equipment, tractor trailers and natural gas road tractors, used by DeKalb County's Sanitation Department. The awning is a necessity to provide shelter from the sun, as well as protection from the rain, and other stormy weather conditions. The new tractors are run on CNG fuel and when working on CNG vehicles, you need a well ventilated area due to possible gas leaks.

Fleet Management has obtained a quote from Osprey Management LLC. to install a heavy duty awning.
