Prepared By: Jovan Hooper

Company	Contact #	Contact Person	Receive bid? Yes/No	Non-Response Justification	Bid in Future
Constructive Ingenuity, LLC	678-230-5601	Sara Silvio Benson	Yes	Current workload/scheduling issue	Yes
Continuum Environmental Services Ltd	859-415-5827	Glenn Rice	Yes	Current workload/scheduling issue	Yes
Comanco	813-988-8829	Mark Topp	Yes	Current workload/scheduling issue, difficult to employ people who want to travel to do work, despite presenting the WorkSource program.	Yes
Tri Con Works, LLC	713-453-8654	Sarah Humphries	Yes	Currently qualifying/Georgia License delays with renewal. Unable to perform scope at this time.	Yes
Results Summary	Total of three (3) bids were received. Structural steel and other manufactured commodities are experiencing price increases due to the economy. This has caused some avoidance by known vendors. 1 st Pre-Bid meeting was performed, and bid due date was extended in an attempt to identify more competitive bidding. After due date was extended, it was determined that extending the bid due date another week would yield no additional participation. Project is of a special industry (landfill gas collection, construction and expansion) is limited on available and qualified vendors to perform this project.
