Department of Purchasing and Contracting  
Change Order Request Form

**User Department:** DWM **From:** Sophia Thomas  
**CPA No.:** 1104362 **Title:** Repair Parts for Water Lines  
**Effective Date:** March 27, 2018 **Expiration Date:** March 31, 2021  
**Contract APPROVED Amount:** \$1,384,981.82

Contractor(s)	Contract No.	Amount Spent
Core & Main	1104362	\$968,057.76

**User Department Recommendation:** Renew  Bid

Justification:

Repair Parts for Waterlines is one of our largest commodities contracts and is widely utilized across the Department of Watershed Management. Nearly all water transmission lines require the use of this CPA for repair parts when they are required for a waterline repair or warehoused parts replenishment. These repairs are made on an emergency or operational response basis and can therefore be difficult to anticipate from year to year. Renewal funding for the 2021 term will remain flat as we believe it to be correct for this funding term.
