STAFF RECOMMENDATION: Full Cycle Deferral_revised 07.09.2025

The applicant, LMPSF Acquisitions, LLC c/o Troutman Pepper Locke, LLP is seeking to rezone the subject site from C-2 (General Commercial) zoning district to HR-1 (High Density Residential-1) zoning district. The rezoning will allow a multi-family residential development including two (2) three (3) story apartment buildings (60 units each) and “paired home” units (192 units) which are in the style of single- family attached homes when facing either the front or rear of the unit. The Applicant has requested a Full Cycle Deferral in order to evaluate the feasibility of the conditions proposed by Staff. Staff supports the request for a *"Full Cycle Deferral"* to the September 2025 zoning agenda.

Staff Recommended Conditions are as follows:

1. Facades facing a street must comply with Section 27-5.7.6 (I Facades) –Single Family Attached, regardless of renderings submitted in the rezoning application (Z-25-1247529).
2. The site plan is conceptual; however, the road connectivity and pedestrian walkways shall be maintained or improved. Alterations to the site plan (Everstead at Embry Hills, dated 4/18/25) to better support other compact pedestrian-oriented improvements such as but not limited to, a connection to the “Recreation Park” or enhanced open space around the stormwater detention facilities, are subject to approval of the Planning Director.
3. Subject to any necessary approvals, including but not limited to an access agreement, a connection to the Peachtree Creek Greenway, except that Developer shall not be required to expend more than \$250,000 for said connection nor be required to fund or install any bridge(s) across a waterway(s). Prior to the issuance of a CO, Developer shall place into an escrow account \$250,000 to be applied towards the future cost of said connection.

4. The Applicant/Owner agrees to work with DeKalb County, in good faith, on an easement or other transaction to accommodate the Peachtree Creek Greenway.
5. Bike parking, a minimum of 50% of which shall be covered.
6. The residential buildings shall have elevators.
7. The building architecture shall generally comply with submitted elevations and adhere to the building material components of Article 5.
8. The Applicant/Owner shall provide a summary of anticipated maintenance and ownership of streets, private drives, easements, and open space prior to the issuance of any land development permits.
9. The development shall provide a minimum of 3% of the total parking spaces as alternative fuel parking stations.
10. Approval of this rezoning application by the Board of Commissioners has no bearing on the requirements for other regulatory approvals under the authority of the Planning Commission, the Zoning Board of Appeals, or other entity whose decision should be based on the merits of the application under review by each entity.

RE: Deferral Request for Z-25-1247529 for 3265 Northeast Expressway

Dear Andrea,

The above referenced rezoning application is scheduled to be heard at the July 8, 2025 Planning Commission meeting and the July 24, 2025 Board of Commissioners' meeting. Please accept this request on behalf of the applicant for a 60 day deferral to the September 9, 2025 Planning Commission meeting and the September 25, 2025 Board of Commissioners' meeting. The applicant needs additional time to evaluate the impact the zoning conditions proposed in the Planning and Sustainability staff recommendation will have on the project design and feasibility.

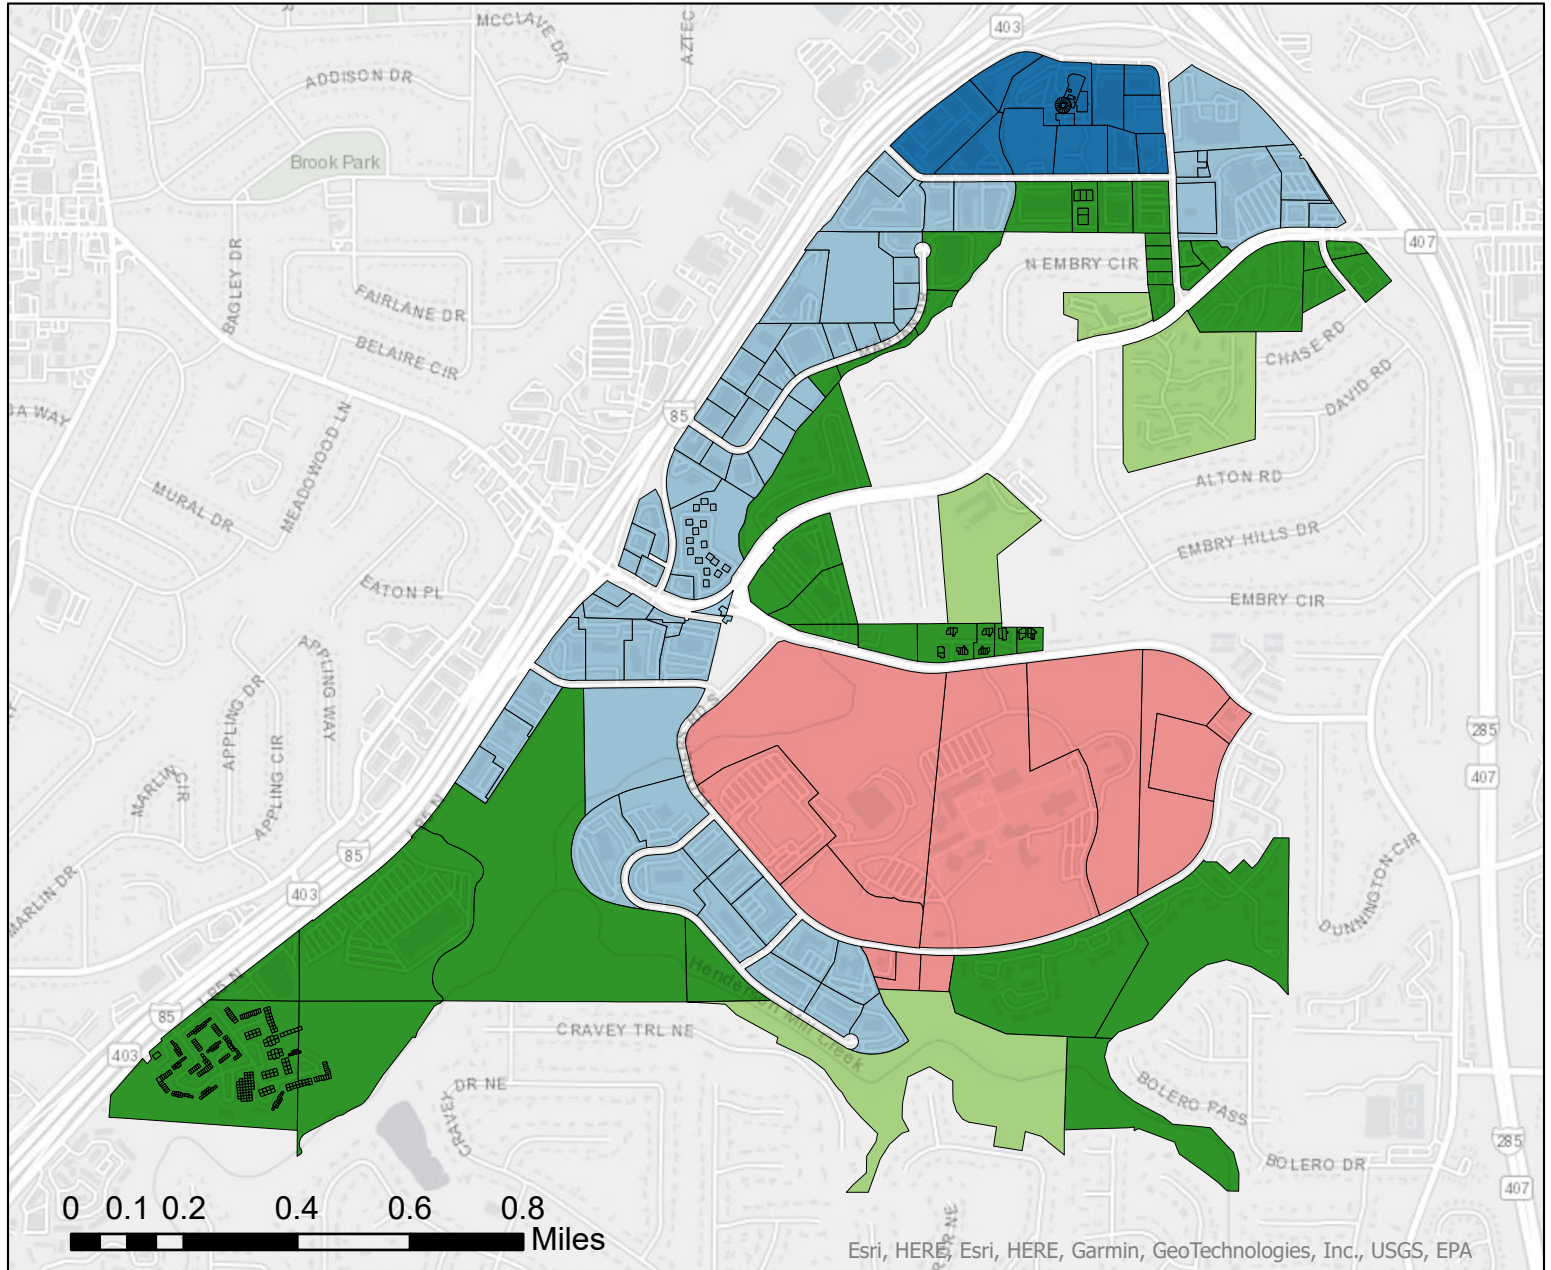

Thank you for your consideration of this request.

Sincerely,

Jessica L. Hill

Land Use and Re-Zoning Guidance

The *Presidential Parkway Regional Center* is new to the *2050 Unified Plan*. This means that once the 2050 Plan is adopted, then DeKalb will complete a Small Area Plan (SAP) for the area. As this SAP will take more time to complete, some future land use planning framework is needed in the meantime to help set development expectations in that area. This document is intended to offer that interim guidance.

Area A - Center Core

Uses: This is the central portion of the Regional Center and should become a mix of high intensity office, medical services, multi-family residential and retail uses. In a broad sense it should become a walkable employment center served by transit. Retail should be incorporated within mixed use buildings and developments. Single-use, stand-alone retail is discouraged. In addition, the area is suitable for research and development facilities and high-density senior facilities.

Density: No density limits in this area. This is consistent with the Regional Center character area of the comprehensive plan. High density senior buildings should be near medical offices and shopping districts. Senior residential towers are best suited in areas where they do not dominate the views of single-family homes or create proportions that are out of scale with adjacent single-family homes.

Building Height: New buildings within the Center Core should be a minimum of 8 stories tall. Taller buildings are permitted if useful open space is provided and if buffers are provided to avoid overshadowing adjacent single-family homes.

Area B – Outer Core

Uses: This area should be a mix of lower-intensity office space, retail, and multi-family residential. Uses in these spaces should be flexible to meet the regional center's needs, but generally taper off in intensity as you get further from the Center Core and closer to residential neighborhoods.

Density: A density up to 30 units per acre is allowed here, in line with *Commercial Redevelopment Corridor* character area in the 2050 Unified Plan.

Building Height: The permitted height of new buildings within the Outer Core is up to 8 stories tall.

Area C - Institutional

Uses: This area encompasses the current Mercer University Campus. Development in this area will largely be left up to the discretion of the school.

Density: No density limit, as we need to allow the school flexibility to meet its own student housing needs.

Area C - Institutional

Uses: This area encompasses the current Mercer University Campus. Development in this area will largely be left up to the discretion of the school.

Density: No density limit, as we need to allow the school flexibility to meet its own student housing needs.

Building Height: A maximum height of 8 stories should allow the institution to meet its needs without overshadowing adjacent neighborhoods. Parking decks should be largely hidden from the surrounding neighborhoods. Limited buffers may be required when single family homes are adjacent to new medium density development.

Density: A maximum density of 24 dwelling units per acre is preferred, as it should provide a transition zone into the existing residential area.

Building Height: A maximum of 4-stories is the preferred height.

Area E – Edge 2 (Residential)

Uses: These are existing multi-family residential parcels that should be continued to be used as such.

Density: A maximum density of 12 dwelling units per acre are preferred.

Building Height: A maximum of 3-stories is the preferred height of buildings in this area.

Area D – Edge1 (Bordering Residential)

Uses: Parcels in this area border existing single-family parcels, and as such should be used for smaller multi-family residential developments. Some lower-intensity commercial or mixed-use may be permitted if the uses do not disturb adjacent homes.

Sub-Area Districts	Primary Land Use	Density (du/ac)	Stories (max)
A. Center	Office Mixed Use	n/a	n/a
B. Outer Core	Office Industrial Mixed Use	30	8 Stories
C. Institutional	Higher Education	n/a	8 Stories
D. Edge 1	Multi-family Mixed Use	24	4 Stories
E. Edge 2	Multi-family	12	3 stories

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Parcel #: 18 267 01 003

Name of Development: Everstead at Embry Hills

Location: 3265 Northeast Expressway, Chamblee GA 30341

Description: Rezoning request to redevelop the former movie theater property for the development of 192 single-family attached and 120 apartments (312 units total)

Impact of Development: When fully constructed, this development would be expected to generate 41 students: 17 at Henderson Mill Elementary, 8 at Henderson Middle School, 7 at Lakeside High School, 9 at other DCSD schools, and 0 at private school. Currently, enrollment at the high and elementary schools is over capacity and this development may add to the need for redistricting or new capacity.

MARTA July 2025 Case Comments
--

N5-2025-0628 Z-25-1247529 2381 Snapfinger Road, Decatur, GA 30034

This property is adjacent to MARTA bus routes on nearby Rainbow Rd and Wesley Chappel Rd. Development should include pedestrian connectivity to these routes.

N4-2025-0627 Z-25-1247528 3803 & 3815 Glenwood Road, Decatur, GA 30032

MARTA supports this rezoning due to proximity to transit access on Glenwood Rd. The constructed development should include direct pedestrian access to Glenwood Rd to ensure residents can take advantage of transit services and should coordinate with MARTA during design.

N5-2025-0628 Z-25-1247529 3265 NE Expressway, Chamblee, GA 30341

MARTA supports this rezoning as this project is located adjacent to MARTA service. However, it is critical that the developer accommodate direct pedestrian access to Northeast Expressway frontage so that residents can access transit service. Developer should coordinate with MARTA to place amenity pad.

RE: Letter of Application for 3265 Northeast Expressway

Dear Department of Planning and Sustainability,

The property at 3265 Northeast Expressway, Chamblee, Georgia 30341, is currently improved with a vacant movie theater complex previously known as the Regal Hollywood 24 theater. The total site area is 36.46 acres and the property is zoned C-2 (General Commercial) district. The proposal in this Application is to rezone the property to the HR-1 (High Density Residential-1) district.

The rezoning will allow the development of a multi-family residential development including two three story apartment buildings and paired home units which are in the style of single-family attached homes. A maximum of 314 dwelling units are proposed. Parking for the development will be accommodated by a surface parking lot behind the apartment buildings and surface parking spaces adjacent to the paired home units. The development will include residential amenities such as a clubhouse, a pool, and open space. The development will largely be constructed in the areas already paved for the existing movie theater complex thereby limiting the area of disturbance as much as possible.

Also enclosed with this letter of application are the impact analysis, as well as the appeal rights reservation required under Georgia law.

Thank you for your consideration of this application.

Sincerely,

Jessica L. Hill

Enclosures

Preservation of Rights

To preserve the rights of the applicant with respect to the subject property under Georgia law, this Application includes the following statements.

Denial of this Application or approval of this Application with conditions unacceptable to the Applicant would be unconstitutional in that it would unreasonably impair and destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

Denial of this Application or approval of this Application with conditions unacceptable to the Applicant would also be unconstitutional, illegal, null and void, constituting a taking of Applicant's property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States, by denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

Denial of this Application or approval of this Application with conditions unacceptable to the Applicant would constitute an unreasonable and extreme hardship upon the Applicant, without remotely advancing the public health, safety and welfare and would constitute an arbitrary and capricious act by the DeKalb County Board of Commissioners without any rational basis therefore, constituting an abuse of discretion in violation of Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

Denial of this Application or approval of this Application with conditions unacceptable to the Applicant by the DeKalb County Board of Commissioners would also violate the Applicant's rights under the First Amendment to the Constitution of the United States and would unconstitutionally discriminate, in an arbitrary, capricious and unreasonable manner, between the Applicant and owners of other similarly situated properties in DeKalb County in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States.

Impact Analysis

1. Is the zoning proposal in conformity with the policy and intent of the Comprehensive Plan?

The comprehensive development plan indicates that the property has a Regional Center future land use designation. The Regional Center designation promotes density by including the highest intensity residential facilities allowed within DeKalb County. The areas within the Regional Center designation also have on-site parking, high floor-area-ratios, and large tracts of land. The preferred uses within the Regional Center designation include both townhomes and apartments and HR-1 is a permitted zoning. The property is also within the Presidential Parkway Regional Center and specifically Area D, Edge 1 (Bordering Residential). According to the comprehensive development plan, parcels in this area should be used for smaller multi-family residential developments with a preferred maximum density of 24 dwelling units per acre and a preferred maximum height of four stories. Development on parcels in this area should also provide a transition zone into the existing residential area. The proposed use of the property to construct a multi-family residential development including two three story apartment buildings and paired home units is consistent with the policy and intent of the comprehensive plan. The development will have a maximum of 314 dwelling units and will provide a transitional zone to the nearby residential area.

2. Will the zoning proposal permit a use that is suitable in view of the use and development of adjacent and nearby properties?

To the north and east of the property is a primarily wooded property that is owned by Mercer University. Just further north past this wooded property is 3355, 3375, and 3395 Northeast Expressway which were rezoned from OI (Office-Institutional) to HR-3 (High-Density Residential-3) in 2023 to redevelop the properties for four story multi-family buildings. To the west, the property both fronts on Northeast Expressway and is adjacent to the Atlanta Fixture property at 3185 Northeast Expressway. To the south is a condominium development at 2576 Colonial Way. To the southeast are single-family neighborhoods which are separated from the property by the North Fork Peachtree Creek and the associated stream buffer. The proposal is suitable in view of the mix of uses both adjacent to and nearby the property.

3. Does the property to be affected by the zoning proposal have a reasonable economic use as currently zoned?

The property currently contains the vacant Regal Hollywood 24 movie theater complex. While a redevelopment of the property may be possible under the current zoning, a development of a different type and scale than that allowed by the current C-2 zoning is more appropriate based on market conditions, the scale of surrounding development and environmental features on the property. The location of the property, coupled with the abutting uses and the trend of development in the area suggest the current zoning and market demand is misaligned. As a result, the economics of the property are impaired.

4. Will the zoning proposal adversely affect the existing use or usability of adjacent or nearby properties?

The zoning proposal contemplates replacing a vacant movie theater complex with an active development with a mix of residential uses. As redevelopment continues along Northeast Expressway, this development will continue to activate the area. As noted above, the majority of

the land uses proposed already exist or are proposed to be developed on adjacent and nearby properties. The proposal will not adversely affect the existing use or usability of adjacent or nearby property.

5. Are there other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal?

With the mix of residential uses both existing and proposed along Northeast Expressway, the proposed development is consistent with existing conditions in the area. Further, two of the goals of the comprehensive development plan are to encourage reinvestment or redevelopment of commercial corridors including the introduction of residential or other new uses to these areas and encourage more diverse housing and development types to meet the changing needs of residents and communities. This proposed development will accomplish these goals.

6. Will the zoning proposal adversely affect historic building, sites, districts, or archaeological resources?

There are no historic buildings, sites, districts, nor are there archeological resources impacted by redevelopment of the property as proposed by this application.

7. Will the zoning proposal result in a use which would or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?

The change in zoning will not cause an excessive or burdensome use of existing streets, transportation facilities or utilities. Generally, the property will be accessed from Northeast Expressway which is an I-85 frontage road which has capacity to support the project. The applicant will work with DeKalb County to ensure that all necessary utilities are available to the site and no undue burden on them is identified. While the change to add residential use may impact schools, it is not expected to be overly burdensome based on the type of mix of multi-family units proposed.

8. Will the zoning proposal adversely impact the environment or surrounding natural resources?

A significant portion of the perimeter of the property includes wetlands, floodplain and a stream. The proposed development will utilize the footprint of the currently existing surface parking lot and vacant movie theater building. This will help limit the disturbance area of the proposed development and impact on the surrounding natural features. Further, the development will adhere to all applicable state and county environmental regulations including the stream buffer regulations preserving the North Fork Peachtree Creek waterway. Conversion of the zoning from a commercial designation to a residential designation accommodates a use that is less impactful on the environment than a commercial use would be. The proposal will not adversely impact the environment or surrounding natural resources.

RE: Notice of Rezoning Application Community Meeting – Regal Cinemas Site

Dear Neighbor,

My client, LMPSPF Acquisitions, LLC, is planning to apply for a rezoning of the former Regal Cinemas property located at 3265 Northeast Expressway, Chamblee, Georgia 30341. As a part of the rezoning process, we are hosting a virtual pre-application meeting and you are invited to attend. You are receiving this notice because you (1) own property within five hundred (500) feet of the Property, (2) are a representative of an HOA, community group, or stakeholder in DeKalb County District 1, or (3) are a member of the DeKalb County Community Council District 1. The proposal is to rezone the property from C-2 to HR-1 to construct a residential development including two four story multi-family residential buildings and single-family attached dwelling units.

The meeting will occur on Tuesday, April 8, 2025, at 5:30 PM. The meeting can be accessed by (1) using the link provided below or (2) going to www.zoom.com and clicking on "Meet" and "Join a Meeting" and filling in the Meeting ID and Passcode provided below:

RE: Letter of Application for 3265 Northeast Expressway

Dear Department of Planning and Sustainability,

The property at 3265 Northeast Expressway, Chamblee, Georgia 30341, is currently improved with a vacant movie theater complex previously known as the Regal Hollywood 24 theater. The total site area is 36.46 acres and the property is zoned C-2 (General Commercial) district. The proposal in this Application is to rezone the property to the HR-1 (High Density Residential-1) district.

The rezoning will allow the development of a residential development including two three story multi-family residential buildings and single-family attached dwelling units. A maximum of 312 dwelling units are proposed. Parking for the development will be accommodated by a surface parking lot behind the multi-family residential buildings and surface parking spaces adjacent to the single-family attached dwelling units. The development will include residential amenities such as a clubhouse, a pool, and open space. The development will largely be constructed in the areas already paved for the existing movie theater complex thereby limiting the area of disturbance as much as possible.

Also enclosed with this letter of application are the impact analysis, as well as the appeal rights reservation required under Georgia law.

Thank you for your consideration of this application.

Sincerely,

Jessica L. Hill

Enclosures

Preservation of Rights

To preserve the rights of the applicant with respect to the subject property under Georgia law, this Application includes the following statements.

Denial of this Application or approval of this Application with conditions unacceptable to the Applicant would be unconstitutional in that it would unreasonably impair and destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

Denial of this Application or approval of this Application with conditions unacceptable to the Applicant would also be unconstitutional, illegal, null and void, constituting a taking of Applicant's property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States, by denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

Denial of this Application or approval of this Application with conditions unacceptable to the Applicant would constitute an unreasonable and extreme hardship upon the Applicant, without remotely advancing the public health, safety and welfare and would constitute an arbitrary and capricious act by the DeKalb County Board of Commissioners without any rational basis therefore, constituting an abuse of discretion in violation of Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Due Process Clause of the Fourteenth Amendment to the Constitution of the United States.

Denial of this Application or approval of this Application with conditions unacceptable to the Applicant by the DeKalb County Board of Commissioners would also violate the Applicant's rights under the First Amendment to the Constitution of the United States and would unconstitutionally discriminate, in an arbitrary, capricious and unreasonable manner, between the Applicant and owners of other similarly situated properties in DeKalb County in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States.

Impact Analysis

1. Is the zoning proposal in conformity with the policy and intent of the Comprehensive Plan?

The comprehensive development plan indicates that the property has a Regional Center future land use designation. The Regional Center designation promotes density by including the highest intensity residential facilities allowed within DeKalb County. The areas within the Regional Center designation also have on-site parking, high floor-area-ratios, and large tracts of land. The preferred uses within the Regional Center designation include both townhomes and apartments and HR-1 is a permitted zoning. The property is also within the Presidential Parkway Regional Center and specifically Area D, Edge 1 (Bordering Residential). According to the comprehensive development plan, parcels in this area should be used for smaller multi-family residential developments with a preferred maximum density of 24 dwelling units per acre and a preferred maximum height of four stories. Development on parcels in this area should also provide a transition zone into the existing residential area. The proposed use of the property to construct a residential development including two three story multi-family residential buildings and single-family attached dwelling units is consistent with the policy and intent of the comprehensive plan. The development will have a maximum of 312 units and will provide a transitional zone to the nearby residential area.

2. Will the zoning proposal permit a use that is suitable in view of the use and development of adjacent and nearby properties?

To the north and east of the property is a primarily wooded property that is owned by Mercer University. Just further north past this wooded property is 3355, 3375, and 3395 Northeast Expressway which were rezoned from OI (Office-Institutional) to HR-3 (High-Density Residential-3) in 2023 to redevelop the properties for four story multi-family buildings. To the west, the property both fronts on Northeast Expressway and is adjacent to the Atlanta Fixture property at 3185 Northeast Expressway. To the south is a condominium development at 2576 Colonial Way. To the southeast are single-family neighborhoods which are separated from the property by the North Fork Peachtree Creek and the associated stream buffer. The proposal is suitable in view of the mix of uses both adjacent to and nearby the property.

3. Does the property to be affected by the zoning proposal have a reasonable economic use as currently zoned?

The property currently contains the vacant Regal Hollywood 24 movie theater complex. While a redevelopment of the property may be possible under the current zoning, a development of a different type and scale than that allowed by the current C-2 zoning is more appropriate based on market conditions, the scale of surrounding development and environmental features on the property. The location of the property, coupled with the abutting uses and the trend of development in the area suggest the current zoning and market demand is misaligned. As a result, the economics of the property are impaired.

4. Will the zoning proposal adversely affect the existing use or usability of adjacent or nearby properties?

The zoning proposal contemplates replacing a vacant movie theater complex with an active development with a mix of residential uses. As redevelopment continues along Northeast Expressway, this development will continue to activate the area. As noted above, the majority of

the land uses proposed already exist or are proposed to be developed on adjacent and nearby properties. The proposal will not adversely affect the existing use or usability of adjacent or nearby property.

5. Are there other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal?

With the mix of residential uses both existing and proposed along Northeast Expressway, the proposed development is consistent with existing conditions in the area. Further, two of the goals of the comprehensive development plan are to encourage reinvestment or redevelopment of commercial corridors including the introduction of residential or other new uses to these areas and encourage more diverse housing and development types to meet the changing needs of residents and communities. This proposed development will accomplish these goals.

6. Will the zoning proposal adversely affect historic building, sites, districts, or archaeological resources?

There are no historic buildings, sites, districts, nor are there archeological resources impacted by redevelopment of the property as proposed by this application.

7. Will the zoning proposal result in a use which would or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools?

The change in zoning will not cause an excessive or burdensome use of existing streets, transportation facilities or utilities. Generally, the property will be accessed from Northeast Expressway which has capacity to support the project. The applicant will work with DeKalb County to ensure that all necessary utilities are available to the site and no undue burden on them is identified. While the change to add residential use may impact schools, it is not expected to be overly burdensome based on the type of mix of multi-family and single-family residential units proposed.

8. Will the zoning proposal adversely impact the environment or surrounding natural resources?

A significant portion of the perimeter of the property includes wetlands, floodplain and a stream. The proposed development will utilize the footprint of the currently existing surface parking lot and vacant movie theater building. This will help limit the disturbance area of the proposed development and impact on the surrounding natural features. Further, the development will adhere to all applicable state and county environmental regulations including the stream buffer regulations preserving the North Fork Peachtree Creek waterway. Conversion of the zoning from a commercial designation to a residential designation accommodates a use that is less impactful on the environment than a commercial use would be. The proposal will not adversely impact the environment or surrounding natural resources.

CERTIFICATION:

This is a retracement of an existing parcel or parcels of land and does not subdivide or create a new parcel or make any changes to any real property boundaries. The recording information of the documents, maps, plats, or other instruments which created the parcel or parcels are stated herein. RECORDATION OF THIS PLAT DOES NOT IMPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS, OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors and as set forth in Section 15-6-67.

This is to certify that this survey was made under my supervision and is a true representation of the land surveyed. The field data upon which this survey is based, was performed using a eGPS 2011 dual frequency receiver with network adjusted real time kinematic measurements referenced to the eGPS network. The GPS survey included redundant measurements with positional accuracy better than 0.07'.

This map or plat has been created for closure and is found to be accurate within one foot in 635,691 feet.

To LMPSP Acquisitions, LLC, a Delaware limited liability company, and Fidelity National Title Insurance Company.

This is to certify that this map or plat and the survey on which it is based were made in accordance with the 2021 Minimum Standard Detail Requirements for ALTA/ACSM Land Title Surveys, jointly established and adopted by ALTA and NSPS, and include items 1, 2, 3, 4, 5, 6(a), 6(b), 7(a), 7(b), 8, 9, 10, 11(a), 11(b), 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

LANDSCAPE NOTES

- THE CONTRACTOR SHALL FOLLOW THE LANDSCAPE PLANS AND SPECIFICATIONS AS CLOSELY AS POSSIBLE. ANY SUBSTITUTION OR ALTERATION SHALL NOT BE ALLOWED WITHOUT APPROVAL OF THE OWNER'S REPRESENTATIVE. OVERALL PLANT QUANTITY AND QUALITY SHALL BE CONSISTENT WITH THE PLANS.
- THE CONTRACTOR IS RESPONSIBLE FOR VERIFYING ALL PLANT QUANTITIES. GRAPHIC QUANTITIES TAKES PRECEDENCE OVER WRITTEN QUANTITIES.
- THE OWNER'S REPRESENTATIVE RESERVES THE RIGHT TO INSPECT AND TAG ALL PLANT MATERIAL PRIOR TO SHIPPING TO THE SITE. IN ALL CASES, THE OWNER'S REPRESENTATIVE MAY REJECT PLANT MATERIAL AT THE SITE IF MATERIAL IS DAMAGED, DISEASED, OR DECLINING IN HEALTH AT THE TIME OF ONSITE INSPECTIONS OR IF THE PLANT MATERIAL DOES NOT MEET THE MINIMUM SPECIFIED STANDARD IDENTIFIED ON THE PLANS AND IN THE SPECIFICATIONS. THE CONTRACTOR SHALL COORDINATE WITH THE OWNER'S REPRESENTATIVE FOR INSPECTION AND APPROVAL OF ALL MATERIALS AND PRODUCTS PRIOR TO INSTALLATION.
- THE OWNER'S REPRESENTATIVE MAY ELECT TO UPSIZE PLANT MATERIAL AT THEIR DISCRETION BASED ON SELECTION, AVAILABILITY, OR TO ENHANCE SPECIFIC AREAS OF THE PROJECT. THE CONTRACTOR SHALL VERIFY PLANT MATERIAL SIZES WITH OWNER'S REPRESENTATIVE PRIOR TO PURCHASING, SHIPPING OR STOCKING OF PLANT MATERIALS. SUBMIT CHANGE ORDER REQUEST TO OWNER'S REPRESENTATIVE FOR APPROVAL IF ADDITIONAL COST IS REQUESTED BY THE CONTRACTOR PRIOR TO INSTALLATION. RE-STOCKING CHARGES WILL NOT BE APPROVED IF THE CONTRACTOR FAILS TO SUBMIT A REQUEST FOR MATERIAL CHANGES.
- THE CONTRACTOR SHALL WARRANTY ALL CONTRACTED WORK AND MATERIALS FOR A PERIOD OF ONE YEAR AFTER SUBSTANTIAL COMPLETION HAS BEEN ISSUED BY THE OWNER'S REPRESENTATIVE FOR THE ENTIRE PROJECT UNLESS OTHERWISE SPECIFIED IN THE CONTRACT DOCUMENTS OR SPECIFICATIONS.
- REFER TO IRRIGATION PLANS FOR LIMITS AND TYPES OF IRRIGATION DESIGNED FOR THE LANDSCAPE. IN NO CASE SHALL IRRIGATION BE EMITTED WITHIN THE MINIMUM DISTANCE FROM BUILDING OR WALL FOUNDATIONS AS STIPULATED IN THE GEOTECHNICAL REPORT. ALL IRRIGATION DISTRIBUTION LINES, HEADS AND EMITTERS SHALL BE KEPT OUTSIDE THE MINIMUM DISTANCE AWAY FROM ALL BUILDING AND WALL FOUNDATIONS AS STIPULATED IN THE GEOTECHNICAL REPORT.
- LANDSCAPE MATERIAL LOCATIONS SHALL HAVE PRECEDENCE OVER IRRIGATION MAINLINE AND LATERAL LOCATIONS. COORDINATE INSTALLATION OF IRRIGATION EQUIPMENT SO THAT IT DOES NOT INTERFERE WITH THE PLANTING OF TREES OR OTHER LANDSCAPE MATERIAL.
- THE LANDSCAPE CONTRACTOR SHALL BE RESPONSIBLE FOR ENSURING POSITIVE DRAINAGE EXISTS IN ALL LANDSCAPE AREAS. SURFACE DRAINAGE ON LANDSCAPE AREAS SHALL NOT FLOW TOWARD STRUCTURES AND FOUNDATIONS. MAINTAIN SLOPE AWAY FROM FOUNDATIONS PER THE GEOTECHNICAL REPORT RECOMMENDATIONS. ALL LANDSCAPE AREAS BETWEEN WALKS AND CURBS SHALL DRAIN FREELY TO THE CURB UNLESS OTHERWISE IDENTIFIED ON THE GRADING PLAN. IN NO CASE SHALL THE GRADE, TURF THATCH, OR OTHER LANDSCAPE MATERIALS DAM WATER AGAINST WALKS. MINIMUM SLOPES ON LANDSCAPE AREAS SHALL BE 2%; MAXIMUM SLOPE SHALL BE 25% UNLESS SPECIFICALLY IDENTIFIED ON THE PLANS OR APPROVED BY THE OWNER'S REPRESENTATIVE.
- PRIOR TO INSTALLATION OF PLANT MATERIALS, AREAS THAT HAVE BEEN COMPACTED OR DISTURBED BY CONSTRUCTION ACTIVITY SHALL BE THOROUGHLY LOOSENEED TO A DEPTH OF 8" - 12" AND AMENDED PER SPECIFICATIONS.
- TREES SHALL NOT BE LOCATED IN DRAINAGE SWALES, DRAINAGE AREAS, OR UTILITY EASEMENTS. CONTACT OWNER'S REPRESENTATIVE FOR RELOCATION OF PLANTS IN QUESTIONABLE AREAS PRIOR TO INSTALLATION.
- THE CENTER OF EVERGREEN TREES SHALL NOT BE PLACED CLOSER THAN 8' AND THE CENTER OF ORNAMENTAL TREES CLOSER THAN 6' FROM A SIDEWALK, STREET OR DRIVE LANE. EVERGREEN TREES SHALL NOT BE LOCATED ANY CLOSER THAN 15' FROM IRRIGATION ROTOR HEADS. NOTIFY OWNER'S REPRESENTATIVE IF TREE LOCATIONS CONFLICT WITH THESE STANDARDS FOR FURTHER DIRECTION.
- ALL EVERGREEN TREES SHALL BE FULLY BRANCHED TO THE GROUND AND SHALL NOT EXHIBIT SIGNS OF ACCELERATED GROWTH AS DETERMINED BY THE OWNER'S REPRESENTATIVE.
- ALL TREES ARE TO BE STAKED AND GUYED PER DETAILS FOR A PERIOD OF 1 YEAR. THE CONTRACTOR SHALL BE RESPONSIBLE FOR REMOVING STAKES AT THE END OF 1 YEAR FROM ACCEPTANCE OF LANDSCAPE INSTALLATION BY THE OWNER'S REPRESENTATIVE. OBTAIN APPROVAL BY OWNER'S REPRESENTATIVE PRIOR TO REMOVAL.
- ALL TREES INSTALLED ABOVE RETAINING WALLS UTILIZING GEO-GRID MUST BE HAND DUG TO PROTECT GEO-GRID. IF GEO-GRID MUST BE CUT TO INSTALL TREES, APPROVAL MUST BE GIVEN BY OWNER'S REPRESENTATIVE PRIOR TO DOING WORK.
- ALL TREES IN SEED OR TURF AREAS SHALL RECEIVE MULCH RINGS. OBTAIN APPROVAL FROM OWNER'S REPRESENTATIVE FOR ANY TREES THAT WILL NOT BE MULCHED FOR EXCESSIVE MOISTURE REASONS.
- SHRUB, GROUNDCOVER AND PERENNIAL BEDS ARE TO BE CONTAINED BY 4" x 14 GAUGE GREEN, ROLL TOP, INTERLOCKING TYPE EDGER, DURAEDGE OR EQUAL WHERE NOTED ON PLANS. EDGER IS NOT REQUIRED WHEN ADJACENT TO CURBS, WALLS, WALKS OR SOLID FENCES WITHIN 3' OF PRE-MULCHED FINAL GRADE. EDGER SHALL NOT BE REQUIRED TO SEPARATE MULCH TYPES UNLESS SPECIFIED ON THE PLANS.
- AT SEED AREA BOUNDARIES ADJACENT TO EXISTING NATIVE AREAS, OVERLAP ABUTTING NATIVE AREAS BY THE FULL WIDTH OF THE SEEDER.
- EXISTING TURF AREAS THAT ARE DISTURBED DURING CONSTRUCTION, ESTABLISHMENT AND THE MAINTENANCE PERIOD SHALL BE RESTORED WITH NEW SOD TO MATCH EXISTING TURF SPECIES. DISTURBED NATIVE AREAS WHICH ARE TO REMAIN SHALL BE OVER SEEDED AND RESTORED WITH SPECIFIED SEED MIX.
- CONTRACTOR SHALL OVER SEED ALL MAINTENANCE OR SERVICE ACCESS BENCHES AND ROADS WITH SPECIFIED SEED MIX UNLESS OTHERWISE NOTED ON THE PLANS.
- ALL SEEDED SLOPES EXCEEDING 25% IN GRADE (4:1) SHALL RECEIVE EROSION CONTROL BLANKETS. PRIOR TO INSTALLATION, NOTIFY OWNER'S REPRESENTATIVE FOR APPROVAL OF LOCATION AND ANY ADDITIONAL COST IF A CHANGE ORDER IS NECESSARY.
- WHEN COMPLETE, ALL GRADES SHALL BE WITHIN +/- 1/8" OF FINISHED GRADES AS SHOWN ON THE PLANS.
- SOFT SURFACE TRAILS NEXT TO MANICURED TURF OR SHRUB BEDS SHALL BE CONTAINED WITH 4" x 14 GAUGE GREEN ROLL TOP EDGER, DURAEDGE OR EQUAL.
- PRIOR TO THE PLACEMENT OF MULCH AND WEED FABRIC, A GRANULAR, PRE-EMERGENT, WEED CONTROL AGENT SHALL BE ADDED TO ALL PLANTING BEDS IN ACCORDANCE WITH THE MANUFACTURER'S INSTRUCTION, EXCEPT AROUND ORNAMENTAL GRASSES.
- THE CONTRACTOR IS EXPECTED TO KNOW AND UNDERSTAND THE CITY AND COUNTY SPECIFICATIONS FOR LANDSCAPE AND IRRIGATION. IN CASES OF DISCREPANCIES THE HIGHER OF THE TWO STANDARDS SHALL HAVE PRECEDENCE.
- THE DEVELOPER, HIS SUCCESSORS AND ASSIGNS SHALL BE RESPONSIBLE FOR THE INSTALLATION, MAINTENANCE AND REPLACEMENT OF ALL IMPROVEMENTS SHOWN OR INDICATED ON THE APPROVED LANDSCAPE PLAN ON FILE IN THE PLANNING DEPARTMENT.

1. ALL PRUNING SHALL COMPLY WITH ANSI A300 STANDARDS.
2. DO NOT HEAVILY PRUNE THE TREE AT PLANTING. PRUNE ONLY CROSSOVER LIMBS, CO-DOMINANT LEADERS AND BROKEN BRANCHES. SOME INTERIOR TWIGS AND LATERAL BRANCHES MAY BE PRUNED. HOWEVER, DO NOT REMOVE THE TERMINAL BUDS OF BRANCHES THAT EXTEND TO THE EDGE OF THE CROWN.

1. STAKE TREES PER FOLLOWING SCHEDULE, THEN REMOVE AT END OF FIRST GROWING SEASON.
 - a. 1-1/2" CALIPER SIZE - MIN. 1 STAKE ON SIDE OF PREVAILING WIND (GENERALLY N.W. SIDE).
 - b. 1-1/2" - 3" CALIPER SIZE - MIN. 2 STAKES - ONE ON N.W. SIDE, ONE ON S.W. SIDE (OR PREVAILING WIND SIDE AND 180° FROM THAT SIDE).
 - c. 3" CALIPER SIZE AND LARGER - 3 STAKES PER DIAGRAM.
2. WIRE OR CABLE SHALL BE MIN. 12 GAUGE, TIGHTEN WIRE OR CABLE ONLY ENOUGH TO KEEP FROM SLIPPING. ALLOW FOR SOME TIGHTEN MOVEMENT. NYLON STRAPS SHALL BE LONG ENOUGH TO ACCOMMODATE 1-1/2" OF GROWTH AND BUFFER ALL BRANCHES FROM WIRE.

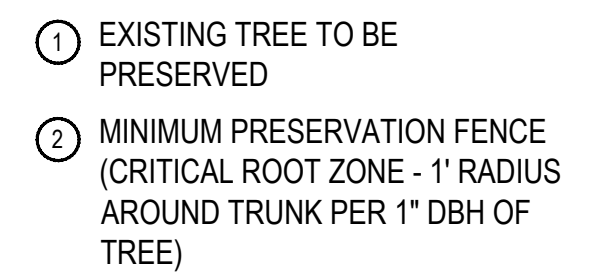

NORRIS-DESIGN.COM

1. ALL METHODS AND STANDARDS FOR TREE PROTECTION SHALL BE ESTABLISHED IN ADMINISTRATIVE GUIDELINES ACCORDING TO DEKALB COUNTY CODE OF ORDINANCES SECTION 14-39.
2. TREES TO BE PROTECTED AND PRESERVED SHALL BE IDENTIFIED ON THE TRUNK WITH WHITE SURVEY TAPE. GROUPING OF MORE THAN ONE TREE MAY OCCUR.
3. NO PERSON ENGAGED IN THE CONSTRUCTION OF ANY STRUCTURE(S) OR IMPROVEMENT(S) OR ANY ACTIVITY SHALL ENCROACH OR PLACE SOLVENTS, MATERIAL, CONSTRUCTION MACHINERY, OR TEMPORARY SOIL DEPOSITS WITHIN SIX (6) FEET OF THE AREA OUTSIDE THE CRITICAL ROOT ZONE OR ANY EXISTING SIGNIFICANT TREE WITHIN A TREE SAVE AREA, TRANSITIONAL BUFFER ZONE, STREAM BUFFER, OR STATE BUFFER ZONE.
4. FENCING MATERIAL SHALL BE SET AT 1' PER 1" OF DBH (MEASURED FROM TRUNK) AT MINIMUM AND MAINTAINED IN AN UPRIGHT POSITION THROUGHOUT THE DURATION OF CONSTRUCTION ACTIVITIES.
5. FENCING MATERIAL SHALL BE DURABLE, ORANGE, AND A MINIMUM OF FOUR FEET IN HEIGHT.
6. TREE ROOTS SHALL NOT BE CUT UNLESS CUTTING IS UNAVOIDABLE.
7. WHEN ROOT CUTTING IS UNAVOIDABLE, A CLEAN SHARP CUT SHALL BE MADE TO AVOID SHREDDING OR SMASHING. ROOT CUTS SHOULD BE MADE BACK TO A LATERAL ROOT. ROOTS SHALL BE CUT NO MORE THAN 1/3 OF THE RADIUS FROM DRILLINE TO TRUNK. WHENEVER POSSIBLE, ROOTS SHOULD BE CUT BETWEEN LATE FALL AND BUD OPENING, DURING DORMANCY PERIOD. ROOT STIMULATOR SHALL BE APPLIED TO CUT ROOTS. EXPOSED ROOTS SHALL BE COVERED IMMEDIATELY TO PREVENT DEHYDRATION. ROOTS SHALL BE COVERED WITH SOIL OR BURLAP AND KEPT MOIST. WATERING OF PROTECTED TREES IN WHICH ROOTS WERE CUT SHALL BE PROVIDED BY THE CONTRACTOR.
8. WHEN ROOT CUTTING IS UNAVOIDABLE, A CLEAN SHARP CUT SHALL BE MADE TO AVOID SHREDDING OR SMASHING. ROOT CUTS SHOULD BE MADE BACK TO A LATERAL ROOT. WHENEVER POSSIBLE, ROOTS SHOULD BE CUT BETWEEN LATE FALL AND BUD OPENING, DURING DORMANCY PERIOD. EXPOSED ROOTS SHALL BE COVERED IMMEDIATELY TO PREVENT DEHYDRATION. ROOTS SHALL BE COVERED WITH SOIL OR BURLAP AND KEPT MOIST. WATERING OF PROTECTED TREES IN WHICH ROOTS WERE CUT SHALL BE PROVIDED BY THE CONTRACTOR.
9. ANY GRADE CHANGES (SUCH AS THE REMOVAL OF TOPSOIL OR ADDITION OF FILL MATERIAL) WITHIN THE DRIP LINE SHOULD BE AVOIDED FOR EXISTING TREES TO REMAIN. RETAINING WALLS AND TREE WELLS ARE ACCEPTABLE ONLY WHEN CONSTRUCTED PRIOR TO GRADE CHANGE.
