1. Stephen Binney (No Address) - Good Morning Commissioners, I want to thank the offices of Commissioners Rader, Bradshaw, and Terry for their help yesterday. I want to give a special thank you to Kelly Cato for her help yesterday. She is a very good person Mr Terry and I hope you are able to hold on to her. It was a rainy weekend. A little over a month ago when we had a rainy period the County ended up with over 11 million gallons of sewage spills throughout our neighborhoods. Maybe this weekend was not as bad but I am not hopeful. Dekalb County seems to spend more time hiding Watershed and Contract audits from Commissioners and the public than they do in analyzing them and trying to fix the problems that are uncovered. That sounds more like a grasshopper fiddling away than it does an ant preparing for the future Mr Thurmond. Then there is the rental assistance program started in February of this year. Within a month the program was hacked and shut down. Potential clients were not told anything about it, nor were the commissioners or the general public. This went on for 3 months until the complaints got so many and loud that Dekalb County finally had to admit what happened and hastily set up a new computer program, which started yesterday, 8 days before the upcoming deadline. Clients who signed up earlier will now have to register again. It reminds me of the good ole days of our water billing meetings. This should have been started 3 months ago but instead Mr Thurmond you were fiddling around like a grasshopper instead of working like an ant for the long term good of the County. Last week I heard Mr Thurmond say that we only have 30 million of the 50 million dollars needed for rental assistance and it is a fact that not all of the people in need can or will be helped. Mr Thurmond, You are willing to put hundreds or thousands of Dekalb County men, women and their children outdoors without shelter when the County currently has a 120 million dollar surplus being saved for emergencies. If the potential of a thousand homeless families on the streets of Dekalb is not an emergency or disaster then what the heck is? Or is the Bond rating of Dekalb County more precious than the people who live here. Mr Thurmond you are truly fiddling away like Nero while Dekalb County burns. Juneteeth is a day in history to be remembered by all of us but I ask everyone to also remember that freedom without change is not freedom. On the outside things may look better but on the inside, in the soul of our country and the people who live here how much has really changed? A word used often in this day and age to denote positive change is the word "diversity". Virtually every institution, including Dekalb County has seized upon the term, "diversity." And I always ask, "Well, where is justice here?" Are you simply going to ask those who have been marginalized or subjugated to come inside of the institution and participate in the same process that led precisely to their marginalization? Diversity and inclusion without substantive change accomplishes nothing. I suggest that we all work together to accomplish something. For those commissioners keeping score there appears to be at least 4 items on today's agenda that are contract extensions because the new bidding process has not been finished in time. Item #2021-2431, 2021-2603, 2021-2622, and 2021-2697. Thank you for your time and consideration

2. Rahn (Ron) Mayo, 123 Carter St. SE Atlanta - Dear Honorable Commissioners, As time passes during the on-going global pandemic, many local governments around Georgia have managed to safely return to live, in-person, public meetings to face their voters and tax payers. Please consider a safe return to live meetings which provide a more effective platform for the citizens to amplify thoughts and express discontent with County government operations and other pressing issues relevant to the welfare of our beloved County. Reasonable access to County leaders is a critical component and necessary to maintain transparency and accountability in Dekalb. Until the desired public-facing return occurs, I look forward to sharing more written comments about my views on the good, the bad and the ugly as it relates to the performance of the administration, constitutional officers, staff and elected leadership in Dekalb County.

3. Pamela Releford, 2000 Lindsey Lane - In response to the speed bump request, I was not sure if I would be able to attend this meeting on 6/22/2021 but I did want to speak my concerns. I feel these speed bumps are desperately needed because there is too much cut thru traffic in this neighborhood. I am a resident of over 30 years and in the past few years there have been so many accidents on this street . Cars racing up and down the street all times of the night going at least 60mph or more. And in the last few weeks it has really gotten worst. This is so dangerous. What will it take for a kid playing in the street getting kill, which we hope this doesn't happen? I know there is fee a of \$25 annually for each homeowner who approves of this to be done and I am willing to be apart of this decision in order to make it happen because it is worth it. So my final say so is for Dekalb County to consider putting speed bumps on Lindsey Lane and Lindsey Dr.

4. Shirley Hill, 3780 Brown Drive Decatur, GA 30034 - My name is Shirley Hill and I live at 3693 Brandeis Court, Decatur 30034. I serve as president of Brook Glen Neighborhood Association where 450 families reside. My goal today is to show the DeKalb County Commissioners, the DeKalb CEO, members of the Department of Planning & Sustainability and whoever else this may concern that the attached audit done by the Georgia Department of Transportation (GDOT) is proof that 1.2 miles of of State Road 155/Flat Shoals Pkwy is an unsafe road for travelers. It should prove to all of you as it has done for residents in this area that **NO MORE DWELLINGS SHOULD BE BUILT IN THIS AREA NOR ANYWHERE CLOSE BY THAT FURTHER IMPACTS THIS AREA WITH MORE TRAFFIC.** This 85 page Road Safety Audit covering years 2014 - 2018 was conducted December 10-16 of 2020. It stated that there were 637 crashes on only 1,2 miles of Flat Shoals Parkway. That's about 2.5 crashes a week. 203 of the crashes resulted in bodily injuries and there were a few deaths. Keep in mind that this is only within a short distance of 1.2 miles. The Flakesmill Road entrances to Kroger's and Publix, where just as many crashes occur, were not a part of the audit. This is a nightmare for residents living in this area. Respectfully, our county leaders should be focused on how they can help rectify this huge, massive problem in our area and not causing us to have to debate cases of whether or not to build more dwellings that further harm us. Can't you take the state audit, see the suggestions being offered and move to help the residents in this area move toward a safer place to live? Your response to us will be determined by your actions! Families living in Brook Glen, Cherry Ridge, Woodberry Parkway, Brycewood, and many more up and down Flat Shoals Pkwy, Wesley Chapel Road and Flakesmill Road who are required to use this state road in our travels and we are depending on our DeKalb County Leaders for solutions to help resolve this unbearable problem!

5. Ed Williams, P.O. Box 361626 Decatur, Georgia 30036 - It has been almost three years since I petitioned the government to hold county governing authority accountable. It has been just over a year since the Supreme Court of Georgia ruled in the case of WILLIAMS versus DEKALB COUNTY which overturned the ruling of the DeKalb County trial court Judge Gregory Adams. The Supreme Court of Georgia found the following. It partially ruled in favor of Dr. Ed Williams who sued the DeKalb County Board of Commissioners for raising members' salaries by 60 percent. In the lawsuit, Dr. Williams claimed in part that the board violated the Georgia Open Meetings Act by not giving proper notice of its intent to pass the pay increase. At the meeting, the board then voted 6-1 to pass the increase, raising commissioners' salaries from \$40,530.55 to \$65,000. This case is in the public interest to have the laws faithfully executed and to give meaning to the words in the Georgia Constitution Now, the case is being appealed again back to the Supreme Court. A second appeal has been filed on June 17, 2021 to the Georgia Supreme Court which appeals the decision of Judge Alford Dempsey. Citizens should know that a local government cannot repeal a local act of the General Assembly

related to their compensation. The Georgia Constitution in Article 9, Section 2, Paragraphs 1(b) and 1(c) prohibits the governing authority from setting their compensation. It is the General Assembly that has the authority to fix the salaries of the commissioners. It seems that case after case, DeKalb county prefers to spend taxpayer money fighting the defenseless actions that are clearly illegal and at best a conflict of interest and unethical. The attorneys in the DeKalb County law department should be representing the interest of the citizens of DeKalb County, not the elected officials' interests. The Georgia Constitution and the DeKalb County Organizational Act prohibited county governing authority from having that power to increase their salaries. It seems that it is hard to find legal counsels that are knowledgeable of citizen taxpayer rights and immunity. Most of the attorneys are focused on injury and damages and do not have any experience in civil cases which have to do with Open Meetings Act, or constitutional challenge of ordinances which involve pure expenditure of public revenue. It is amazing that county attorneys do not know the difference between a penalty and damages or injury claims. The Supreme Court has stated once that commissioners do not have legislative or official immunity regarding the OMA claims. The case Williams v. DeKalb County is headed back to the Supreme Court so that truth and justice can prevail. This seems to be hard to receive in DeKalb County. Thank You

6. Maria Rossoto, 1651 Carter Road Decatur GA 30032 - I would like to express support for getting traffic calming devices installed on Fairlee Drive in Belvedere Park. The speeding cars are a threat to public safety and nothing but calming devices will reduce that threat. I hope you will approve the request for traffic calming devices on Fairlee Drive. It is a longstanding and urgent need. Thank you.

7. Ellie Thaxton, (No Address) - CEO Mike Thurmond and Board of Commissioners,
This is Ellie Thaxton again, community advocate residing on Northern Ave, Clarkston. You have been quoted saying, "You don't call Michael Thurmond for easy fixes. You call me when the house is on fire." Mr. Mike Thurmond, the house is on fire, and we are calling you. Though we are thankful for the improvements to the Tenant Landlord Coalition that you announced last week, these improvements are not robust enough to prevent the wave of evictions coming in the next few months. We don't have time for politics or offense; we need solutions that will allow aid to move the quickest. Because right now, slowness means homelessness. You have also said that if you find the proper question to ask, you can solve a problem. Please allow us into the conversation to ask some of those questions- not to criticize but to aid in putting out this fire. 1. If you want to help the most vulnerable in our county, why have you not implemented viable solutions that have worked in Dekalb and are currently working in other counties? Dekalb, out of good intentions to spread the money farther, has added extra restrictions to the federal guidelines, which could be the biggest obstacle to people getting help. As Attorney Angela Riccetti from Atlanta Legal Aid commented in the last commissioners' meeting, remove these restrictions and money will get to people in need faster. -Don't require landlords to participate and waive a large amount of rent (40%!). This is unjust to the landlords who have already lost in this pandemic, and unjustly leaves out the tenants whose landlords won't cooperate. -Remove the limit of \$5000 per tenant. -Pay aid directly to tenants after waiting 5 days for the landlord to respond. Furthermore, to distribute money the quickest, we need multiple channels of distribution. Adding more applications and future funding to TLAC only makes the bottleneck worse. Using nonprofits is a realistic solution to this. In Dekalb, over 20 nonprofits proved their ability to distribute funding quickly, distributing \$4 million of CARES funds in 4 months. In Cobb County, 5 nonprofits have already distributed 4x the amount of federal assistance funding than Dekalb has. 2. Are you willing to do whatever it takes to ensure that no one becomes homeless in our county? You stated in the announcement that Dekalb has \$40 million in rental debt and you wouldn't be able to

help everyone. The truth is that between the \$20 million left in TLAC and the \$20 million still unallocated from the American Rescue Act, Dekalb DOES have the ability to help everyone. 3. How will you prioritize the most vulnerable tenants- those with pending writs of possession who will be the first to be kicked out in July/August? You stated that you wanted to prioritize the most vulnerable in our county, but TLAC with its current system won't be able to get to them fast enough. But emergency, less restricted money could be made available from the \$20 million still not allocated from Rescue Act Funds. With funding, nonprofits could use court records to reach out to and pay off debts of people in the last stages of eviction first. 4. What will you do to be more transparent about this program and allow the community stakeholders, such as tenants and landlords, to give input into improving this program? (After all, the name is Tenant Landlord Coalition) Thank you, awaiting your reply.
