C. COMMENTS FROM THE PUBLIC

The purpose of public comment is to allow the public to voice county-related requests, concerns or opinions during the Commission meeting. Speakers will only have the opportunity for one public comment per meeting. Public comments may be made in person or submitted by sending an email no longer than one page to

PublicComments@dekalbcountyga.gov which must be received between 9:00 a.m. and 10:00 a.m. on the day of the meeting. Only those emails received during the allotted time may be read aloud. Public comment emails received outside of the allotted time will be included in the public comment record for the next meeting after receipt of those emails. The body of your email must include your first and last name, followed by your address. By submitting an email for public comment at any time, you agree to have your name, address and email entered into the record/minutes. Each in-person speaker must complete a speaker card and present it to the clerk before the beginning of the public comment portion of the meeting. Cards must be turned in to the clerk from the time the general meeting is convened (generally 9 A.M.) and by the beginning of public comment portion generally following presentations on the agenda. The clerk will accept cards on a first-come, first-served basis. Prior to the clerk's call for public comment, in-person speakers who are residents of DeKalb County shall be allowed to speak before residents of other counties are allowed to speak. Once the public comment portion of the meeting begins, speaker cards will no longer be accepted. Speakers will be allowed to speak for three minutes each and public comment shall not exceed 30 minutes in length. When the buzzer sounds to indicate that time has run out, the speaker will be expected to immediately cease speaking and to yield the podium. Those in-person attendees who submitted speaker cards but did not speak because of the time allotment will be allowed to speak first at the next regularly scheduled Commission meeting without regard to residence. If time remains in the proscribed public comment portion of said meeting, email comments will be read into the record by the clerk or designee. Any remaining email public comments received between 9:00 am and 10:00 a.m. on the day of the meeting not read into the record will be submitted into the minutes by the clerk or designee and shall be forwarded to each commissioner by email. Speakers should always talk directly into the microphone and begin by stating their name, full address and the name of any organization they represent. Abusive, profane or derogatory language, holding up signs, clapping, yelling, standing or laying in the aisles to show support for or opposition to a speaker will not be permitted, but a show of hands or quietly standing in place will be permitted to show support for or opposition to a speaker's position.

1. Samantha McChesney, 783 Sunnybrook Dr, Decatur, GA- My name is Samantha McChesney and I reside at 783 Sunnybrook Dr, Decatur, GA. First, thank you for providing the extended period warming centers. I know that the effort is not easy, but it absolutely saved lives. However, with any extraordinary effort comes room for improvement. This past week I responded to calls for assistance from likeminded individuals in the community and the county. I noticed 3 things that I'd like you to discuss and return solutions expeditiously. Your reliance on the community for donations of supplies was extraordinary and the emergency facilities were not properly stocked with necessary items such as blankets or snacks. I want to know what each emergency shelter location has in terms of supplies and its annual budget, whether its running as a warming center or another type of emergency shelter.

2. Lori Manda, 842 Heritage Square Decatur, GA 30033- My name is Lori Manda. My address is 842 Heritage Square Decatur, GA 30033. I am a concerned citizen and an advocate for some of our most vulnerable Unhoused citizens. I have personally tried to find shelters for unhoused families to no avail. I was flabbergasted to learn that there are only 35 shelter beds in Dekalb County, not 35 shelters, but 35 BEDS! Not all of those shelters accept women and children either! Even as I type this, I am questioning the accuracy of this statement. How can this even be possible that a county with a population of 764,382, as if the 2020 Census, could only have 35 shelter beds?! That's truly inadequate and astounding! This past week, I have witnessed the warming stations turn away vulnerable people because they were at capacity. No transportation was provided when people were turned away. Please disclose how many people were sheltered in Dekalb county this past week. If we have that many in need of emergency shelter, we certainly need far more than 35 shelter beds! Please ask yourself where all of those people are now that the emergency shelters have deactivated?

3. Ellie Thaxton (No Address)- Hello, My name is Ellie Thaxton and I live at Northern Ave, Clarkston. I help lead a group that exists to prevent homelessness and help the unhoused in Dekalb. I am writing to express concerns about the neglect of the homeless in our county, which the recent cold front brought to light. There are hundreds if not thousands of individuals and families with children dealing with homelessness in Dekalb, a number that is growing daily due to high rent prices and lack of rent assistance funding. Yet there are only 35 BEDS for the homeless across shelters in Dekalb County. 35! In addition, the 311 rapid rehousing line is almost impossible to get in touch with, let alone receive services from. When the cold front came in, we saw unhoused people flocking to warming shelters, and many tragically being turned away. We also saw that the county, in the first few days, was not

providing food or proper bedding to those seeking shelter. We were able to rally community support to provide food and blankets to many warming centers, until the second half of the week when Dekalb started to provide food to the 24 hour warming centers only. We are grateful for that. However, at the North Dekalb Senior Center, the 50+ unsheltered individuals there were denied meals and blankets at the command of the Dekalb director of Human Services. He also prevented the community and restaurants from donating these essentials. A volunteer in our group witnessed approximately 15 unhoused folks turned away from that warming center and were told to take Marta to the next center, though they had no Marta fare. Thus, the Chamblee Marta station was full of unhoused people sleeping there Saturday night, in temperatures around 11 degrees. We want to urge Dekalb County to do better for our unhoused individuals and families—they matter too. Please be better prepared next winter. Purchase blankets and cots or floor mats for the warming shelters. Provide an adequate budget for EVERY warming center- including ones only open overnight- to make sure residents are fed. Provide Marta cards to those you are turning away from warming shelters, to ensure they get to another shelter and don't die in the elements. But this begs a bigger question- will Dekalb County improve services for the homeless in Dekalb? To expand shelter space? To make sure there is adequate funding for eviction prevention, to prevent homelessness? To ensure that children are not ripped from their parents, forced into foster care for the simple reason that they can't afford rent? We, advocates for safe housing in Dekalb, request an urgent meeting with the Board of Commissioners to brainstorm solutions. Please do respond quickly. Thank you.

4. Michael Horner-Ibler, 759 Scott Blvd, Decatur, GA- Dear Dekalb Board of Commissioners', My name is Michael Horner-Ibler and I live at 759 Scott Blvd, Decatur, GA. Thank you for maintaining a space for public comment. Like my fellow Dekalb residents, I would like to commend the County for providing extended period Warming Centers and Shelters these past weeks as temperatures dipped well below freezing. With this said, I saw multiple ways to improve these Centers and Shelters to better dignify the individuals who require them. Firstly, people are frustrated by the policies maintained by Director Scott of Human Services regarding food donations. Over the weekend I was a part of a group that donated, or attempted to donate, over 250 warm meals (some homemade, some donated by local restaurants) to emergency Centers and Shelters in Dekalb County. Initially these donations were welcomed with gratitude; by the end, we were turned away by confused and dismayed staff. It appeared that Director Scott and the upper management explicitly directed staff – upon pain of reprimand– to turn away food at all costs without giving a reason. This was despite not having sufficient snacks nor blankets for those in the North Dekalb Senior Center, for example, by our calculations, the individuals residing in the Senior Center that night could've gone

nearly 36 hours without a hot meal even though we had brought meals within 10 feet of the entrance. I recommend establishing new protocols around donated food during emergencies. We must not turn our backs on our unsheltered neighbors during some of the hardest weeks of the year, regardless of the risks. Secondly, your community wants to help you support our unhoused neighbors, but we get mixed messages. There were misleading narratives put forth on social media and by traditional media from County representatives that told community members that Centers and Shelters were struggling to meet demand (in food, blankets, snacks, etc.). Many community groups I am a part of were willing to step in and aid through donations, but the County and news walked back these requests, thus creating confusion. I would urge discussions on bolstering the preparedness of emergency Centers and Shelters as well as considering the use of a Public Information Officer during these emergencies to consolidate messaging. This weekend I saw a misplacement of accountability from the Dekalb County Departments of Emergency Management and Human Services. I am disappointed in the way our elected and non-elected officials have managed the County's preparedness, response, relief, and recovery of these freezing nights. We mustn't continue to "otherize" our unhoused neighbors, instead, I urge the County and Departments listed above to invest in the humanity of our neighbors by working with local organizations and individuals who are unhoused to better understand their needs during cold emergencies. And from what I saw, the County must do more to provide adequate sleeping arrangements, bedding, garments, and nutrition during emergency situations. Your commitment to your community will not go unnoticed. Thank you for considering this comment and thank you for your time.

5. Jaime Dutro, 1641 Council Bluff Drive NE- My name is Jaime Dutro, a Dekalb resident in Sagamore Hills at 1641 Council Bluff Drive NE. Thank you for this opportunity. RFP No. 22-500625 – the Eastside Development of PDK Airport "Sky Harbor should be rejected outright today. The project is specifically allows for aircraft as large as 114,850 lbs MTOW, larger than the Master Plan "Critical Aircraft;" and much larger even than the 66,000lb MTOW weight limit of the runway itself. You all know that expanding PDK is bad for the environment, bad for the health and wellbeing of thousands of residents living nearby. All of you know that there was only one bidder, that LSBE participation was waived inexplicably, and only one firm even bothered to put in a bid – that alone is reason to question the potential for corruption. You're asked to buy airport "newspeak" that somehow "more is less." That somehow more based aircraft means fewer operations. Nothing could be more misleading. Or that "expansion isn't expansion" as if any fool can't tell the truth from a hoodwink. You're expected to be sold on exaggerated revenue projections and to ignore the negative health and property values of many thousands of nearby residents – many of whom may not be citizens or may only have a green card and can't risk speaking out. We do not need PDK to become Hartsfield-Jackson North

for wealthy private interests at our expense! We don't need a development that is environmentally the opposite of what we should be doing to reduce global warming – not increase it! SkyHarbour is just the tip of the iceberg to develop the entire Eastside Operations area that almost doubles the operational footprint of PDK Airport. Vote NO to this now to this shameful use of our public property and environmentally damaging.

D. 10:00 A.M. PUBLIC HEARING

Citizens may speak for or against an item that is considered by law to be a zoning ordinance and each side will have ten minutes to present its case. Citizens may also speak for or against an item that is placed on the public hearing agenda but is not a zoning ordinance. In that case, each side will have five minutes to present its case. In the event there is more than one speaker per side, speakers must divide their time in order to complete their full presentation within the ten-minute time allotment, or the five minute time allotment. When the buzzer sounds to indicate that time has run out, the speaker will be expected to immediately cease speaking and to leave the podium area. Prior to speaking, a speaker shall complete a speaker card and present it when approaching the podium. If a speaker has any documents for the commissioners, the speaker shall provide 10 copies when approaching the podium. Seven copies are for the commissioners and the remaining copies are for the planning director, the county attorney and the clerk. In all zoning ordinance and traffic calming cases, staff shall make their recommendation for action to the Commission first followed by applicants or citizens speaking in favor of the item. Applicants in zoning ordinance cases shall have the right to reserve time for rebuttal. Opponents of a zoning ordinance item shall have no right of rebuttal. For all other items placed on the public hearing agenda, applicants or citizens speaking in favor of the item shall speak first followed by opponents of the item.

Once the citizens have finished speaking, staff shall make a recommendation for action to the Commission. At this point, citizens are no longer allowed to speak unless called to the podium by an individual commissioner to answer questions or provide information. Speakers should always talk directly into the microphone and begin by stating their name, address and the name of any organization they represent. Abusive, profane or derogatory language will not be permitted. Holding up signs, clapping, yelling, standing or laying in the aisles to show support for or opposition to a speaker will not be permitted, but a show of hands or quietly standing in place will be permitted to show support for or opposition to a speaker's position.
