RE: Greater Conley Industrial Community Improvement District

Dear Mr. Kranjc:

I hereby certify that a majority of the owners within the borders of the Greater Conley Industrial Community Improvement District ("GCI CID"), representing at least 75% of the total property value, have consented to join the GCI CID. Attached is a spreadsheet entitled "GCICID all" which identifies the owners and the value of their respective properties.

Based on the information provided to us, the number of property owners within the expanded GCI CID providing written consent is 20, which represents a majority (64.52%) of the total number of owners. The percent by value of real property within the GCI CID owned by the consenting majority is 75.06%.

This correspondence is sent pursuant to Section 4 of the Local Act of the Georgia Legislature governing the creation of community improvement districts in DeKalb County, which is set forth at 2008 Ga. Laws 3817.

Sincerely,

Sheri Boritz
