Interior Environments Atlanta, LLC  
d/b/a INTERIOR ENVIRONMENTS  
**TERMS AND CONDITIONS OF SALE**

## 1. PROPOSALS AND ORDERS

- A. **PARTIES:** Interior Environments Atlanta, LLC, a Michigan limited liability company, who conducts business under the assumed name of "Interior Environments," and shall be referred to as "Seller" or "IE." Buyer is the person or entity identified on Page 1 of this agreement. If Buyer is an entity, Buyer agrees to provide verified proof to Seller of the creation and continued existence of that entity, including the primary mailing address and telephone number of that entity, within five (5) days of affixing Buyer's signature to this agreement. Seller shall not be obligated to place any orders or take any action in performance of this agreement until Buyer submits such information to Seller.
- B. **PRICING:** All prices quoted by Seller are in United States dollars and are valid for 30 days from date of proposal as set forth on the top of Page 1 of this agreement. Pricing does not include taxes (sales, use, excise or other taxes), shipping, transportation, freight, handling charges, storage, prevailing wages, tariffs, duties, customs fees or expenses (if any), port authority fees or expenses, and governmental surcharges (Additional Expenses) unless specifically stated otherwise in the proposal. These Additional Expenses are at Buyer's cost and expense and are in addition to the pricing stated, unless otherwise specifically stated. If specifically stated as included in the Pricing, any increase in any of the Additional Expenses after acceptance of this agreement shall be Buyer's sole cost and expense. Seller shall notify Buyer of an increase in the Additional Expenses and provide Buyer with an amended proposal Price as soon as practical after receiving notice of the increase. At Seller's option, upon notification of an increase in any Additional Expense, Seller may require Buyer to pay the Additional Expense within ten (10) days of Buyer's receipt of the amended proposal. If Seller is responsible for any installation and Buyer is required to pay any prevailing wages, Buyer must notify Seller of that fact prior to preparation of Seller's proposal. If notified after acceptance of the proposal, Seller may increase its labor charge as set forth in the proposal to meet prevailing wage rates. These prevailing wages shall be treated as Additional Expenses as set forth above.
- C. **OFFER AND ACCEPTANCE:** All orders for the purchase of goods and services from Seller require a proposal prepared by Seller which must be approved and signed by an authorized signatory of Buyer. Seller's proposal shall constitute an offer and Buyer's approval of the proposal shall constitute acceptance of that offer. If Buyer submits a purchase order (or similar document) before Seller issues a proposal, Seller's proposal shall constitute a counteroffer and Buyer's approval of the Seller's proposal shall constitute acceptance of that counteroffer without any additional terms or conditions. Regardless of acceptance of Seller's offer by Buyer, Seller shall not be obligated to commence performance, including ordering of the goods, until such time as Buyer pays to Seller the required deposit.
- D. **AGREEMENT:** This Agreement between the parties is Seller's proposal to Buyer, including these attached terms and conditions, which are incorporated into the proposal by reference. The terms and conditions herein set forth shall be deemed to supersede any other written or oral terms, conditions or agreements between the parties. Any different or conflicting terms in any quote, invoice, Buyer purchase order, shipper, or any other document shall be deemed to be void and unenforceable. For the avoidance of doubt, any different, additional, or conflicting terms provided on any ancillary Buyer document(s) are expressly rejected by Seller.
- E. **MODIFICATIONS/CHANGES/CANCELLATIONS:** Once this agreement is mutually signed by the parties, based upon Seller's proposal, it shall not be canceled, modified, changed or terminated by the Buyer, unless as otherwise specifically set forth herein. Any requested modification to this Agreement is subject to the approval of Seller. If any change or modification is approved by Seller, Buyer shall pay any and all additional charges resulting from order modifications or changes within ten (10) days of receipt of the modified or amended proposal. Buyer acknowledges that all goods are custom manufactured to customer specifications and, therefore, cannot be returned to the manufacturer or supplier.

## 2. CREDIT APPROVAL AND DEPOSITS

Unless otherwise set forth in Seller's proposal, all orders are subject to credit approval. A deposit of 50% of the entire contract price is required on all orders. The deposit is non-refundable and shall not be construed as liquidated damages. The deposit will be applied to the monies owed by Buyer under this agreement. No order will be placed by Seller until the deposit is paid. Seller will invoice Buyer for such deposit amount upon execution of the Agreement. Even though a binding contract exists upon acceptance of Seller's proposal, as set forth above, Seller shall not be obligated to commence performance, including ordering of the goods and materials specified in the proposal, until such time as Seller is in receipt of the required deposit from Buyer.

Transfer of title to the goods as between Seller and Buyer shall occur upon delivery and installation of the goods by Seller and payment of the balance of the purchase price by Buyer. Seller retains a purchase money security interest in the goods until payment in full is made. If goods are installed in a location not owned or controlled by Buyer, Buyer agrees to notify the owner or occupant of the premises where the goods have been delivered or installed of Seller's purchase money security interest in the goods prior to delivery of the goods to the project site.

#### 4. PAYMENT

- A. **TIMING:** Any remaining balance on goods purchased under this Agreement, and any related installation or other services, will be invoiced upon delivery of the goods to the job site or, if installed by Seller, following substantial completion of the installation. Direct shipments from manufacturers will be invoiced to Buyer upon shipment from the manufacturer. Any goods or materials being held or stored at Buyer's request, due to delays in construction or otherwise, will be invoiced for product only upon Seller's receipt of the goods and materials with separate invoicing for installation or other related services upon substantial completion. Buyer will be invoiced for any Additional Expenses as they are occurred as set forth in paragraph 1.B. above.
- B. **PAYMENT TERMS:** Seller has the right to increase its prices at any time upon notice to Buyer to reflect any and all unusual or unforeseen increases in Seller cost, provided that any such increase shall be limited to the increase actually incurred by Seller. These potential increases are those identified above as Additional Expenses and Buyer will not offset or recoup any claim against amounts due Seller. All invoices are due on the date noted on the related invoice. Interest will accrue at 1.5% (18% A.P.R.) on all undisputed unpaid balances after the invoice due date. A service charge of three percent (3%) of the invoice amount will be added to all invoices paid by credit card.
- C. **FREIGHT, TARIFFS, HANDLING, TAXES AND OTHER CHARGES TO BUYER:** Unless otherwise specifically stated in this Agreement, Buyer is solely responsible for any and all Additional Expenses (paragraph 1.B.), which shall be Buyer's sole and exclusive responsibility, unless specifically indicated otherwise in the proposal. If not included in the proposal, such charges are not included in a price quotation and will be invoiced to Buyer separately by Seller.
- D. **TAXES:** Buyer is solely responsible for any applicable taxes. If Buyer possesses tax-exempt status, a certificate of resale, or tax exemption is to be provided prior to order placement.
- E. **STORAGE OF GOODS AND MATERIALS:** If Buyer is unable or unwilling to receive goods at the prescribed shipping site on the mutually agreed upon delivery date, any goods thereafter or material stored by Seller will be at Buyer's expense until such time as Buyer is able to accept delivery. Buyer shall also be liable for any additional delivery charges to transport the goods or materials to and from storage to the project site.

#### 5. DELIVERY AND INSTALLATION

- A. **SHIPMENT, DELIVERY AND INSTALLATION:** Seller shall advise Buyer of the manufacturer's projected shipment date and will notify Buyer immediately of any changes or delays in the projected shipment date. Any delivery date of the goods is a projected delivery date, and not a commitment by Seller that the goods will be delivered and available on any specific date. Shipment of the goods from the manufacturer is outside of the control of the Seller. Buyer acknowledges that many factors can cause delays in shipping and delivery and will not hold Seller liable for such delays. Changes in tariffs, trade policies, customs regulations, customs duties, and taxes may not only affect pricing, but it can also affect shipment and delivery of the goods and materials. Seller will follow the delivery schedule as projected by the manufacturer and keep Buyer updated as to delivery. Seller shall use its best business efforts to move delivery forward and minimize any potential or actual delays. Regardless of any project schedule, installation of the goods and materials by Seller, if applicable under this Agreement, will not be required to commence until the goods are delivered to the project site. Any contracted delivery and installation will be made during Seller's normal business hours of 7:00 a.m. to 3:30 p.m., Monday through Friday. Overtime delivery or installation performed at the Buyer's request will be subject to labor rates reflecting time-and-a-half for weekdays and double time for weekends and holidays. If applicable trade regulations require employing union tradesmen to complete the installation or delivery, any additional incremental costs will be invoiced to and paid by the Buyer. Seller shall not be liable for failure or delay in installation due to the installation site not being ready for installation. Any shipping, delivery, and performance dates are estimates only, and time is not of the essence. Seller may ship or direct shipments of all the goods and materials at one time or in portions from time to time. Seller has the right, but not the obligation, to determine the method of shipment and routing of the goods, unless otherwise stated in Seller's delivery and installation proposal or acknowledgement.

- B. **SELLER'S RESPONSIBILITIES:** Unless received by Buyer or Buyer's agent directly, Seller will receive, inspect, stage, and if contracted for, install Buyer's goods and materials. All furnishings will be left clean and in working order. Carton and packing materials will be removed to the Buyer's waste disposal containers, and the premises will be left broom clean. Buyer is responsible for providing a construction or trash dumpster for disposal of boxes and packaging materials. At Seller's option, Seller may direct shipments directly to the job site.
- C. **BUYER'S ACCEPTANCE:** Buyer agrees to have an agent on the premises at the agreed upon time to accept goods, deliveries, installation, and completed work. All goods and services shall be considered accepted after Buyer or his agent has signed an acknowledgement document(s). All claims or exceptions must be made in writing the date the work is substantially complete. Notwithstanding the foregoing, if Buyer or Buyer's agent is unavailable or unwilling to sign acknowledgment document(s), Buyer shall be deemed to have accepted the goods and services "as is" or as otherwise noted by Seller on the acknowledgement document.
- D. **DROP SHIPMENTS:** In case of drop shipments where goods are delivered without installation, Buyer will receive, inspect, and install, at its cost, ordered goods and materials. Buyer is also responsible for filing necessary freight claims in the event of damage. Buyer shall have no claims against Seller due to damage during shipment, and may not withhold payment on account thereof.
- E. **CONDITION OF JOB SITE:** Buyer's job site shall be clean, clear of all obstructions, and free of debris prior to any Seller installation. Charges will be assessed to the Buyer for excessive handling, storage and transportation incurred because of site conditions, activity of other trades, or other reasons not specifically identified in the price quotation, at a standard hourly rate, or at actual charges plus fees, if labor is performed by a third party.
- F. **JOB SITE SERVICES:** Buyer will furnish electrical current, heating, lighting, trash disposal containers, hoisting and/or elevator services, and suitable unobstructed dock space and staging areas at the job site without charge to Seller if Seller is to provide installation. If Seller is required to remove or handle existing furniture, the additional cost of moving and transporting shall be billed to the Buyer on an hourly basis. Once installation has begun, Buyer agrees to assume any expense incurred by Seller due to changes made at the Buyer's request or for any reason beyond Seller's reasonable commercial control. If the Agreement requires Sellers to install goods, and Buyer makes any request of Seller for changes or amendments to the installation portion of the contract, Seller shall not be required to make those changes or amendments until reduced to writing and signed by Buyer.
- G. **ELECTRICAL INSTALLATION:** Unless specifically included as part of Seller's installation obligations, a licensed electrician may be required to install electrical product including outlets, task lights, and hook-ups to base building power. If Seller determines that an electrician is required, Buyer will be responsible for contracting and paying the electrician.
- H. **PROTECTION OF DELIVERED GOODS:** Buyer is responsible for security and safekeeping of goods after delivery to Buyer's site, or into storage negotiated by Buyer if the job site is not ready on an agreed upon delivery date, and Buyer shall assume any risk of damage or loss thereof.
- I. **DAMAGED GOODS:** If Seller is not required to install the goods, Buyer must notify Seller of any damage to the goods within seven (7) days of receipt of delivery of the goods. The notice must be in writing and must specifically identify the goods that are damaged, and the nature of the damage. The notice must include pictures of the damage to the packing container and the damage to the goods. If the damage was caused during transit, Buyer must file its claim with the shipping company who caused the damage, with a copy sent to Seller. Note paragraph 4(c) above. Likewise, Buyer is required to and must send pictures of damaged goods, packages and labels to initiate any available damage or warranty claim(s). Failure to report damages within the required reporting period with the required information may negate any warranty claims and Buyer shall accept responsibility for any and all costs associated with replacement or repairs of damaged goods.
- J. **DELIVERY AND INSTALL WARRANTY:** Seller shall warrant all delivery and installation services against defects in performance for a period of one (1) year following delivery. If this proposal includes the provision of delivery and installation services, Seller warrants that delivery and installation services performed by Seller or by a permitted Subcontractor or agent of Seller, shall be performed in a good and workmanlike manner consistent with the best practices in the industry. In the event of a delivery and installation service defect, the Seller shall repair, replace or re-perform the defective goods or service, at Seller's sole discretion, at no cost to the Buyer. Subject to the terms of any manufacturer's warranty, all delivery and installation services performed after the one (1) year delivery and install warranty period including but not limited to product warranties, service, repairs, replacement, etc. shall be paid for by Buyer at Buyer's expense.
