1. Dr. Ed. Williams, P.O. Box 362626 Decatur, GA 20026 - Good Morning Commissioners. My Name is Ed Williams, I have lived in unincorporated south DeKalb for over twenty years. I am the chair of the group Concerned Citizens for Effective Government. I have eight major points to make this morning. 1. DeKalb County's method of funding the DeKalb Pension obligations is not equitable to all the residents in both unincorporated and municipalities of DeKalb County regarding legacy liability. 2. The BOC should require MARTA to restore all the Bus routes that were terminated on April 20 in DeKalb County. Because the BOC has not done so, I have filed a complaint with the Federal Transit Administration. 3. DeKalb County should demand to know who and how the MARTA connection from Doraville to the Gwinnett County line is going to be funded if Gwinnett becomes part of MARTA. Gwinnett would have a separate and distinct contract without having to pay any legacy cost for the current system. 4. The BOC has an obligation to look out for the interest of the county as a whole not cities. The residents who live in unincorporated DeKalb interests are being neglected compared to the interests of the cities and the county as a whole. Unincorporated DeKalb must have proportional representation. 5. DeKalb County should not give federal coronavirus money to cities in DeKalb without an IGA or contract agreement. The Georgia Constitution does not allow for a county to give money to a city without a contract. A contract must be for services, facilities, or activities. Cities are created by the state, they are not constituents of a county. Municipalities are a separate and independent form of government under the Georgia Constitution. 6. The CEO should appoint a new chair to the county charter review commission. A sitting judge should not chair a political commission for several ethical and legal reasons. 7. DeKalb County should continue to invest in more coronavirus testing sites and quicker test results for the residents of DeKalb County. 8. DeKalb County should commit to providing the resources and funding needed to eliminate the election problems for the upcoming runoff in August and the election in November. I have made several efforts to expose the inequities using the "see something and say something" approach and warn the commission. Today, I ask the board not to remain silent and thereby complicit in the actions of the CEO when duties are not being properly performed. Will you be the voice who says enough, and stand up and represent all the people? There is a disparity between municipalities and unincorporated residents in how the DeKalb Pension plan is being funded with the property tax funds. One of the problems with the DeKalb pension is that much of the liability was created prior to 2008 when more than 80 percent of residents lived in unincorporated DeKalb. The population has shifted to municipalities but the burden has not. I intend to file a complaint to seek an injunction against DeKalb County regarding the inequities and the discriminatory manner in which the pension liability is funded through the county property taxes. The unfunded obligations of the pension should be paid from the county general fund. In fact, other jurisdictions pay their pension liability from the General Fund. The commission should demand equity for MARTA services, Pension, and CARES, and SPLOST funding. If you do nothing the people will seek redress from the courts. Thank You

2. Beverly J. Clark, 1425 Woodcrest Drive Jackson, MS 39211 - On July 11, 2020, I read with great sadness that a mob of misfits and hoodlums wants to destroy Stone Mountain, that magnificent carving that you all are so lucky to have in Georgia. That would be criminal. I was on choir tour as a high school student the first time I ever visited Stone Mountain. I didn't fully appreciate it back then, because I was young. I was more interested in getting the autographs of the movie stars that I saw there with their families. You see, Stone Mountain is a family affair. The last time I was at Stone Mountain, I went with my brother and his daughter who live in Kennesaw, Georgia. I really loved it. We had a picnic. Then as it grew dark, the excitement built as more and more people came and sat down for the light show. The light show was just fabulous. What a great tourist attraction. It is clean, neat, family friendly, and a wonderful experience. It is a real history lesson. As a

former teacher, I totally appreciate the history and the generals who are carved into the mountain. On the news the other night, I saw a group of mean, nasty guys intimidating and harassing the cars of people as they drove in for the show. That really made me angry that it was being allowed. Where were the police, and why weren't they making the bad guys go away? Black Lives Matter is a Marxist organization that wants to overthrow the government, put an end to the nuclear family, attack churches, and destroy everything they can. They want to tear down, destroy, remove, rename everything they can get their hands on and engage in ethnic cleansing. We have had enough damage done to our country. Failed Democrat mayors have allowed their cities to be trashed and turned into ghettos with all the tacky and sometimes vulgar graffiti and with the destruction of beautiful statues and monuments. Weak, spineless politicians have sold out and have done nothing to save our once civilized society. Please stand tall and defend beautiful Stone Mountain, Georgia. She is a gem to be protected for the future generations. Tell the bleeding heart liberals that God loves the Confederate soldier just as much as he loves the Union soldier. God loves the children of the slave owners just as much as he loves the children of the slaves. How do I know? The Bible tells me so.

3. Teresa Hardy, President NAACP DeKalb County Branch #5192, 3011 Rainbow Drive, Suite 180A Decatur, Georgia 30034 - Good Morning DeKalb Board Members and CEO Michael Thurmond, NAACP DeKalb County Branch is writing this email to support and asked for a unanimous vote on the below agenda items for today. Supporting these items would mean progress to the mission and vision of the NAACP, which is to end racial and hatred discrimination and provide equal access and opportunity to all of the DeKalb citizens.

•2020-0597 Commission District(s): All Commission Districts Proposed discussion of policies that would require DeKalb County employees to wear masks at work when in public spaces or around others; require or encourage businesses in DeKalb County to adopt similar policies; and require or encourage citizens in DeKalb County to wear masks in situations where needed to increase protection of public safety during the COVID-19 epidemic.

•2020-0673 Commission District(s): All Commission Districts Request to Pass a Resolution to Declare Racism a Public Health Crisis in DeKalb County

•2020-0728 Commission District(s): All Districts An ordinance to amend the Code of DeKalb County, as revised 1988, Chapter 20, principally to recognize June 19th, Juneteenth, as a paid County holiday

If there are any questions/concerns, please contact the branch office.

4. Stephen Binney, (no address) - Good morning Commissioners, I want to thank Ms Cochran-Johnson for her efforts in getting an Ethics bill passed this year that is more in line with what DeKalb County voters are asking for. Gwinnett County plans to share \$10 million of its CARES funds with its 16 cities and the county health department. Fulton County is putting aside \$2.5 million for the 14 cities outside Atlanta. DeKalb County is planning to give a total of \$32.6 million to 12 cities. Over a quarter of the \$125 million in federal CARES Act funding the county received. I agree with the commissions who say the county has no obligation to give any CARES funds to the cities. If any city uses the money in violation of the CARES fund guidelines the feds will come to DeKalb County. The blame and responsibility will be ours not the city's. Under these circumstances the County must insist upon detailed proposals from individual cities as to how they plan to spend any CARES

funds they request from the county. Dekalb County's responsibility is to all of their residents wherever they live but not to the individual cities. Allowing cities to double dip is not fair to the residents of unincorporated Dekalb County. Most of Dekalb's cities were formed under systemic racism and the principals of resource hoarding. Dekalb County cities are notorious resource hoarders. Annexing commercial property to add to their tax digest while leaving fewer dollars for Dekalb County. The cities don't want to share their tax funds with the county, they want to keep them for themselves. The County can't even get the cities to pay their fair share into the retirement funds of our county employees who have provided services in the cities for years. But if the county gets funds through CARES or even SPLOST, the cities are the first people knocking on the door with their hands out. Most of the cities oversee only three or four functions and very few that fall under the CARES guidelines And the County gives the money away without asking for anything in return. Insanity is doing the same thing over and over while expecting a different result. Robin Hood robbed from the rich and gave to the poor. Dekalb County is Hood Robin, robbing the poor and giving to the rich. Thank you for your time.

5. Paula V. Tate, (no address) - Will you mention the current DeKalb County, COVID-19 stats again, please?
