## **SUBJECT PROPERTIES AND ZONING HISTORY**

The property is located along the east side of Memorial Drive and the north side of Collingwood Drive at 4729, 4731, 4745, 4737, 4744, 4759, 4761, 4763, 4765, 4767, 4773, 4775, and 4777 Memorial Drive in Decatur, Georgia. All sites combined contains approximately 5.32 acres with approximately 655 feet of frontage along Memorial Drive and approximately 365 feet along Collingwood Drive. The surrounding uses to the north, south and west are retail and commercial uses and zoned C-1 (Local Commercial) District. Directly, east are single-family detached residences and are zoned R-100 (Residential Medium Lot) District. The subject properties are zoned C-1 (Local Commercial) with a land use designation of Neighborhood Commercial (NC).

## **PROJECT ANALYSIS**

Based on the submitted materials, the applicant is seeking to obtain a Special Land Use Permit for a proposed alcohol outlet (beer and wine only) in conjunction with the development of a proposed a 4,993 sq. ft. QuikTrip convenience store, with 10 accessory gas pumps islands (20 fueling stations). Per the applicant, the proposed station will replace the existing QuikTrip store at 3870 Rockbridge Road, Decatur, GA, which is undersized for the volume of traffic at the store.

This SLUP request is compatible with other surrounding uses along the Memorial Drive corridor. an alcohol outlet must comply with the following supplemental regulations per Sec.27- 4.2.8 of the *DeKalb County Zoning Code*:

## **IMPACT ANALYSIS**

**Section 27-7.4.6 of the DeKalb County Code states that the following criteria shall be applied in evaluating and deciding any application for a Special Land Use Permit.**

- A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, and all other applicable requirements of the zoning district in which the use is proposed to be located:**

The approximately 5.32-acre site is adequate for alcohol sales (beer & wine) within the redeveloped QuikTrip convenience store.

- B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district:**

The proposed use for alcohol sales within the QuikTrip convenience store is compatible with nearby commercial and retail developments on Memorial Drive.

- C. Adequacy of public services, public facilities, and utilities to serve the contemplated use:**

Given that the area along Memorial Drive is developed with various commercial uses, it appears that there are adequate public services, public facilities, and utilities to serve the proposed automobile fuel sales on the site.

**D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic carrying capacity for the proposed use, so as not to unduly increase traffic or create congestion in the area:**

Given that Memorial Drive is a major arterial road, Planning Staff anticipates little or no impact on public streets or traffic in the area.

**E. Whether or not existing land uses located along access routes to the site will be adversely affected by the character of the vehicles or the volume of traffic generated by the proposed use.**

Given that Memorial Drive is a major arterial road with turning lanes, existing land uses along access routes would not be adversely impacted by traffic generated by alcohol sales within the QuikTrip convenience store.

**F. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency:**

The proposed redevelopment will have adequate ingress and egress to the subject site. The proposed location will have the fuel pumps to the north side of the store which may assist with pedestrian safety by reducing vehicular/pedestrian conflicts between fuel patrons and retail patrons near store entrances. Per the applicant, the fuel trucks will access the site from Memorial drive, while the regular automotive traffic will have access from both Memorial Drive and Collingwood Drive to provide adequate circulation.

**G. Whether or not the proposed use would create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust, or vibration that would be generated by the proposed use:**

The proposed redevelopment should not create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust or vibration.

**H. Whether or not the proposed use would create adverse impacts upon any adjoining land use by reason of the hours of operation of the proposed use:**

The hours of operation should not create adverse impacts upon adjoining land uses.

**I. Whether or not the proposed use will create adverse impacts upon any adjoining land use by reason of the manner of operation of the proposed use.**

The proposed use will not create adverse impact on the adjoining land use by reason of manner of use. While there are residential properties directly to the east of the subject properties, there will be a 50-foot transitional buffer and 75-foot stream buffer (of largely existing vegetation) that separates most of the site from the residential uses to the rear of the subject property.

**J. Whether or not the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.**

Proposed use is a permitted use within the C-1 (Local Commercial) District with a Special Land Use Permit (SLUP).

**K. Whether or not the proposed use is consistent with the policies of the comprehensive plan.**

The site is located within the Neighborhood Center (NC) character area per the *DeKalb County 2035 Comprehensive Plan*. The proposed use is consistent with the following area policies: Each Neighborhood Center shall include a medium high density mix of retail, office, services, and employment to serve neighborhood.

**L. Whether or not the proposed use provides for all required buffer zones and transitional buffer zones where required by the regulations of the zoning district in which the use is proposed to be located.**

The submitted site plan depicts a required transitional buffer adjacent to residentially zoned properties.

**M. Whether or not there is adequate provision of refuse and service areas.**

Adequate refuse areas will be provided.

**N. Whether the length of time for which the special land use permit is granted should be limited in duration:**

The proposed use (alcohol outlet for beer & wine sales within the QuikTrip convenience store) is a permanent use and should not be limited to any length of time on the subject site.

**O. Whether or not the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings.**

The proposed SLUP is compatible in size and massing to adjacent and nearby commercial buildings in the area.

**P. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.**

The proposed SLUP will not adversely affect historic buildings, sites, districts, or archaeological resources.

**Q. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.**

The proposed SLUP complies with all of the following supplemental regulations per Sec.27-4.2.8 of the *DeKalb County Zoning Code*:

*a. Alcohol outlets shall not be located:*

*1. Within three hundred (300) feet of any school building, school grounds, educational facility, college campus, or adult entertainment establishment; or*

*2. Within six hundred (600) feet of a substance abuse treatment center owned, operated, or approved by the state or any county or municipal government.*

*B. For the purpose of this section, distance shall be measured according to section 4-101.1(d).*

*C. For alcohol sales as an accessory use to retail, the area devoted to the sale and storage of alcohol shall not exceed twenty (20) percent of gross floor area.*

*D. The sale or distribution of individual cups and individual servings of ice at package stores is prohibited.*

*E. Alcohol outlets accessory to convenience stores with gas pumps do not require a special land use permit if the convenience store and gas pumps meet the criteria of section 4.2.28.D.*

**R. Whether or not the proposed use will create a negative shadow impact on any adjoining lot or building as a result of the proposed building height.**

The proposed SLUP request does not create a negative shadow impact on any adjoining lot or building.

**S. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, be compatible with the neighborhood, and would not be in conflict with the overall objective of the comprehensive plan.**

The site is located within the Neighborhood Center (NC) character area per the *DeKalb County 2035 Comprehensive Plan*. The proposed use is consistent with the following area policies: Each Neighborhood Center shall include a medium high density mix of retail, office, services, and employment to serve neighborhood.

## COMPLIANCE WITH DISTRICT STANDARDS

The site, zoned C-1, must comply with minimum development standards per Article 2 – Table 2.2 Residential Zoning Districts Dimensional Requirements of the DeKalb County Zoning Ordinance.

STANDARD	REQUIREMENT	PROPOSED	COMPLIANCE
LOT WIDTH (C-1)	MINIMUM OF 100 FEET ON A PUBLIC STREET FRONTAGE	655 FEET	YES

PARKING Article 6	Minimum 1 space for each 500 square feet of floor area(10) Max 1 space for each 150 square feet of floor (33)	51 parking spaces	YES

## STAFF RECOMMENDATION:

The site is located within the Neighborhood Center (NC) character area per the DeKalb County 2035 Comprehensive Plan. The proposed use is consistent with the following area policies: Each Neighborhood Center shall include a medium high density mix of retail, office, services, and employment to serve neighborhood. The proposed use is located on a major arterial (Memorial Drive), should have little impact on traffic. Therefore, the Department of Planning and Sustainability recommends **“APPROVAL”** of the SLUP request for alcohol sales within the redeveloped QuikTrip on the site subject to the following attached conditions:

1. Allow an alcohol outlet (beer & wine sales) in conjunction with a convenience store as depicted on the site plan, landscape plan and elevations stamped received by the Planning and Sustainability Department on September 3, 2020. The proposed site plan is conceptual and is subject to compliance with C-1 (Local Commercial) District Development standards unless variances are obtained from appropriate regulatory authorities.
2. Limit site to 1 curb cut on Collingwood Drive, subject to approval by the Transportation Division of the Department of Public Works. The number of curb cuts along Memorial Drive will be provided, as proposed by the applicant, subject to approval by the Georgia Department of Transportation (GDOT).

3. All fuel trucks must access the site from Memorial Drive.
4. The retail/convenience store building façade shall consist of four (4) sided brick with accent materials.
5. Support columns for the pump/canopy island shall be composed of four-sided brick.
6. All refuse areas shall be constructed with a combination of brick and wood enclosure to match the building materials of the principal structure.
7. Provide outside trash receptacles for patrons at gasoline pumps and along store entrances.
8. Outside vending machines are prohibited. This prohibition shall not restrict outside equipment used for the storage and sale of ice or for Amazon lockers.
9. No car washing allowed on site.
10. Project signage with digital scrolling signage or with changing pictures shall be strictly prohibited.
11. All construction work shall be conducted in accordance with the DeKalb County Noise Ordinance.
12. The approval of this SLUP application by the Board of Commissioners has no bearing on the requirements for other regulatory approvals under the authority of the Zoning Board of Appeals, or other entity whose decision should be based on the merits of the application under review by such entity.
13. This SLUP is being issued to QuikTrip Corporation and shall be non-transferable except to an affiliated entity of QuikTrip Corporation.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7<sup>TH</sup> Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the \_\_\_\_\_ square foot place of worship building would generate \_\_\_\_\_ vehicle trip ends, with approximately \_\_\_\_\_ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the \_\_\_\_\_ (Single Family Residential) District designation which allows a maximum of \_\_\_\_\_ units per acres, and the given fact that the project site is approximately \_\_\_\_\_ acres in land area, \_\_\_\_\_ daily vehicle trip end, and \_\_\_\_\_ peak hour vehicle trip end would be generated with residential development of the parcel.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for:

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed Food Service Operations, Tourist Accommodations, Body Art Studios, Swimming Pools and Water Parks prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation. Recommendation: Provide trash can with liner at each bus stop with bench and monitor for proper removal of waste.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.
