TO: COMMISSIONER BRADSHAW

## RESUME

March 20, 2017

Janet Curtis  
Tucker GA 30084**EXPRESSION OF INTEREST:**

This writing is an expression of my interest and desire to continue to serve as an active member of DeKalb County's Dist. 4 Community Council and respectfully request that I be reappointed. I have always strived to be a strong active advocate for my community as well as others that are within the Dist.4 boundaries and I feel today even more passionately than I did years ago when I was first appointed that Community Council offers an important opportunity for every neighborhood and its residents to explore proposed developments that have a direct affect on their community.

**QUALIFICATIONS FOR COMMUNITY COUNCIL:**

Have been a resident of DeKalb County for forty-four (44) years and a homeowner for over forty-one years.

Have served as a Community Council member for both Districts 1 and 4, respectively, for over six (6) years with my initial appointment having been made by then- Commissioner Elaine Boyer. Following the county's redistricting process, my area became Dist. 4 with the commissioner being Ms. Barnes-Sutton. At a meeting with the commissioner, I was reappointed to Community Council in her district where I currently serve.

I regularly attend Community Council meeting and take pride in saying that through out the years I have served, I have missed only one (1) meeting. and actively participate in discussions by asking questions of the applicant for a clear and better understanding of the project, etc. they are presenting to our council for approval recommendation.

I attend public hearings of DeKalb Planning Commission and Board of Commissioners often times to follow issues through to a final decision.

I regularly attend community/neighborhood pre-ap meetings held by developers, etc. for the purpose of having feedback and answering questions and concerns of those who live in the immediate and surrounding areas of the proposed development

Have represented my neighborhood for over twenty-five (25)

years at numerous public hearings on issues that affect us as home owners and residents alike as well as collaborate with nearby homeowners' groups on county issues of interest that would have a direct impact upon us all.

Have met on occasion with county commissioners and county planning staff to seek answers to questions relative to issues affecting our community.

Commissioner Bradshaw, I hope this information has served its purpose well by giving you the opportunity to review my qualifications which will enable me to remain as a Dist. 4 Community Council member and to let you know as well how much it has always meant to me to be a part of our DeKalb government by serving the community in the manner in which we on our council serve.

Janet Curtis
