Justification:
We are requesting the renewal of the Water Meter Upgrade and Replacement Contract which is used to support Water Meter Exchange and Upgrade Initiative. The goal is to replace outdated water meter and upgrade all residential water meter in DeKalb County to Advanced Metering Infrastructure (AMI) system in order to remotely read the meter and provide hourly water usage consumption. In addition, new water meter installation contract is being used to fulfill the demand of new development to install water meter for new construction. Service line replacement may also be completed under these contract as some of the galvanized service line need to be replaced to copper service line according to the standard.
