## **Scope of Service**

**Enviro-Master SaniGuard Virus Vaporizer program** is designed to kill a broad spectrum of pathogens on surfaces throughout your facilities. It involves an electrostatic spraying of a hospital-grade disinfectant on all high touch points (i.e. door handles, desks, keyboards, etc.). Our technician(s) will be accompanied throughout the facility per your protocol. We will also respond on an as needed basis for treating vehicles that may become contaminated with COVID-19. Building contamination services charged at two (2) times normal service pricing and will be billed to Vehicle Emergency PO.
