Proposed Density: NA **Existing Density:** NA
Proposed Units/Square Ft.: Major auto-repair within two existing buildings containing 5,092 square feet **Existing Units/Square Feet:** Two vacant buildings
Proposed Lot Coverage: NA **Existing Lot Coverage:** NA

ZONING HISTORY

The property has been zoned C-1 since the initial adoption of the DeKalb County Zoning Ordinance in 1956.

PROJECT ANALYSIS

The project site comprises two properties, 6158 and 6166 Memorial Drive. Those two properties contain two vacant buildings totaling 5,092 square feet. The applicant is proposing to rezone to C-2 (General Commercial) to allow major auto-repair uses, consistent with the C-2 property to the west that the applicant owns which contains a major auto repair business (AutoWorld Superstore). There is a companion Land Use Amendment case (LP-18-1235115) which proposes to change the Character Area from SUB (Suburban) to CRC (Commercial Redevelopment Corridor) since C-2 is not allowed in a SUB character area. There is also a companion Special Land Use Permit case (SLUP 18 1235179) to allow a major auto repair business in the proposed C-2 district.

There is one driveway access to 6166 Memorial Drive and two driveways accessing 6158 Memorial Drive. Memorial Drive is a six-lane major thoroughfare with sidewalks, curb, and gutter. Field investigation of the project site indicates 6 striped parking spaces at 6166 Memorial Drive and five striped parking spaces at 6158 Memorial Drive. The property is flat, with no floodplains or streams running through or near the property based on the submitted site plan. The property is surrounded by Auto Sales and Auto Repair (AutoWorld Superstore and DeKalb Import Specialists) to the west; Apartments (Hairston Lake Apartments) to the north; Auto-Sales and Auto Repair (AATL Auto Trade and Friendship Body Shop) to the east; and a liquor store (Beverage Club Package Store, a vacant building, and a specialized school (1st United DUI Driving School) to the south across Memorial Drive.

Section 4.2.14 of the Zoning Ordinance requires the follow Supplemental Regulations for Major Auto Repair Establishments:

Automobile repair, major, and paint shops. Major automobile repair and paint shops shall not be permitted on property located within three hundred (300) feet of any property used for a school, park, playground or hospital. All activities shall be carried on entirely within an enclosed building, unless in M (Light Industrial) District. For purposes of determining whether a building is enclosed, the use of open overhead bay doors that can be closed shall be permitted. Cars awaiting service shall be stored inside an enclosed building or in the side or rear yard.

Based on county records, it appears that there is compliance with Section 4.2.14 as there are no schools, parks, playgrounds or hospitals within 300 feet of the subject properties. All auto repair activities will be required to be indoors.

LAND USE AND ZONING ANALYSIS

Section 27-832 of the Zoning Ordinance, "Standards and factors governing review of proposed amendments to the official zoning map" states that the following standards and factors shall govern the review of all proposed amendments to the zoning maps.

A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan:

Companion case LP-18-1235115 proposes to change the character area from SUB (Suburban) to CRC (Commercial Redevelopment Corridor). Staff is recommending approval of that companion case since the properties to the east and west also fall within a CRC (Commercial Redevelopment Corridor) character area along a major thoroughfare road (Memorial Drive). The proposed C-2 zoning is consistent with Table 1.2 of the Zoning Ordinance (Character Areas and Permitted Zoning Districts) and the policies and strategies of the Comprehensive Plan's Commercial Redevelopment Corridor (CRC) character area calling for focused

development on parcels that abut or have access to the designated Commercial Redevelopment Corridor (CRC Policy #18).

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties:

The properties are surrounded by similar C-2 zoning to the east and west, with auto-repair and auto-sales as the predominant land use along this stretch of Memorial Drive. Therefore, it appears that the zoning proposal will permit a suitable use, should the Board of Commissioners approve the Special Land Use Permit.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned:

The property may have a reasonable economic use as currently zoned for C-1 which allows minor auto repair and other commercial uses. However, the applicant wants to expand their 15 year old major auto repair business on the adjacent C-2 zoned parcel at 6154 Memorial Drive, but cannot do so without the C-2 rezoning and Special Land Use Permit approval.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property:

Given the predominant C-2 zoning pattern and auto-related businesses along this stretch of Memorial Drive, it does not appear that the zoning proposal would adversely affect adjacent and surrounding properties.

E. Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:

The applicant owns the adjacent property and its 15 year old business will benefit from the proposed zoning. The other properties surrounding the site share C-2 zoning to the east and west, with auto-repair and auto-sales as the predominant land use along this stretch of Memorial Drive.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources:

Based on the submitted information, the proposed rezoning request should not have an adverse effect on historic buildings, sites, districts, or archaeological resources.

G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:

Based on the submitted information, it does not appear that the zoning proposal will result in a use which would cause an excessive or burdensome use of existing streets or transportation facilities. There will be no impact on schools since the proposed use does not provide housing for the school population. Per comments from the Department of Public Works, due to the high volume of development in the area causing increased flows, sanitary sewer capacity cannot be guaranteed at the time the development comes on line.

Staff Recommendation: APPROVE WITH CONDITIONS

The C-2 rezoning is being requested since the current C-1 zoning district does not allow Major Auto Repair. There is a companion Land Use Amendment case (LP-18-1235115) which proposes to change the Character Area from SUB (Suburban) to CRC (Commercial Redevelopment Corridor) since C-2 is not allowed in a SUB character area. There is also a companion Special Land Use Permit case (SLUP '8 1235179) to allow a major auto repair business in the proposed C-2 district. The proposed C-2 zoning is consistent with the predominant CRC Character area designation to the east and west and the policies and strategies of the Comprehensive Plan's CRC character area calling for focused development on parcels that abut the designated Commercial Redevelopment Corridor along Memorial Drive (CRC Policy #18). The C-2 district is a permitted zoning district in the CRC Character Area per Table 1.2 of the Zoning Ordinance (Character Areas and Permitted Zoning Districts). The zoning request is consistent with the predominant C-2 zoning and auto-related development pattern along this stretch of Memorial Drive. Therefore, it is the recommendation of the Planning & Sustainability Department that the application be "Approved" with the following conditions:

1. All auto repair work to be completely indoors.
2. All overnight parking of vehicles awaiting service shall be completely indoors.
3. Any outdoor storage areas shall be at least fifty (50) feet from the street right-of-way.
4. Should a new sign be constructed, it shall be a monument sign with a brick base not to exceed ten (10) feet in height or 48 square feet in size.
5. All refuse areas shall be completely screened from view of public right-of-way, parking and pedestrian areas.

6. Landscaping within the grassy area along Memorial Drive subject to approval of the County Arborist and the Planning Department.

NEXT STEPS: *Following an approval of this action, one or several of the following approvals or permits may be required:*

- **Land Disturbance Permit** *(Required for of new building construction on non-residential properties, or land disturbance/improvement such as storm water detention, paving, digging, or landscaping.)*
- ✓ **Building Permit** *(New construction or renovation of a building (interior or exterior) may require full plan submittal or other documentation. zoning, site development, watershed and health department standards will be checked for compliance.)*
- ✓ **Certificate of Occupancy** *(Required prior to occupation of a commercial space and for use of property for any business type. The issuance follows the review of submitted plans if required based on the type occupancy.)*
- **Plat Approval** *(Required if any parcel is being subdivided, re-parceled, or combined. Issued "administratively"; no public hearing required.)*
- **Sketch Plat Approval** *(Required for the subdivision of property into three lots or more. Requires a public hearing by the Planning Commission.)*
- **Historic Preservation Certificate of Appropriateness** *(Required for any proposed changes to building exteriors or improvements to land when a property is located within the Druid Hills Historic District or the Soapstone Geological Historic District. Historic Preservation Committee public hearing may be required.)*
- **Variance or Special Exception** *(Required to seek relief from any development standards of the Zoning Ordinance. A public hearing and action by the Board of Appeals are required for most variances.)*
- **Major Modification** *(Required if there are any changes to zoning conditions approved by the Board of Commissioner on a prior rezoning.)*

- **Business License** *(Required for any business or non-residential enterprise operating in Unincorporated DeKalb County, including in-home occupations).*
- ✓ **Alcohol License** *(Required permit to sell alcohol for consumption on-site or packaged for off-site consumption. Signed and sealed distance survey is required. Background checks will be performed.)*

Each of the approvals and permits listed above require submittal

1.2.3 Relationship between character areas and zoning districts.

The character area categories established in the adopted comprehensive plan and shown on the future development map are to be implemented by approving rezonings to zoning districts listed within the following categories in Table 1.2, except the Scenic Corridor character area in which any zoning district may be approved. The zoning districts that are permitted within each character area shall be restricted as provided by Table 1.2.

1.2.4 Relationship between supplemental plans and zoning districts.

Section 5.7, Supplemental Plans of the comprehensive plan references all supplemental plans that focus on areas, situations, or issues of importance to DeKalb County. These plans include, but not limited to, redevelopment plans, neighborhood plans, county wide plans, corridor plans, or plans for conservation management. Where the board of commissioners has adopted a supplemental plan's policies and development standards, these policies and development standards will serve as specific guidelines to support the existing Future Development Plan (Section 4.3 Future Development Plan) and character area policies (Section 5.4-13.1 Land Use Character Area Policies and Strategies).

DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

- **Transportation/Access/Row**

Consult the Georgia DOT as well as the DeKalb County Transportation Department prior to land development permit. Verify widths from the centerline of the roadways to the property line for possible right-of-way dedication. Improvements within the right-of-way may be required as a condition for land development application review approval. Safe vehicular circulation is required. Paved off-street parking is required.

- **Storm Water Management**

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control, to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site. The site is a stormwater hotspot.

- **Flood Hazard Area/Wetlands**

The presence of FEMA Flood Hazard Area was not indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations.

- **Landscaping/Tree Preservation**

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 and are subject to approval from the County Arborist.

- **Tributary Buffer**

State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

- **Fire Safety**

Plans for land development permit must comply with Chapter 12 DeKalb County Code for fire protection and prevention.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7TH Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

permit. (The Zoning Code trumps the Land Development Code- but when the Zoning Code is silent, the Land Development Code takes effect.)

N11. Treadway Road is classified local. See Section 5.4.3 of the Zoning Code for required improvements and Section 14-190 of the Land Development Code for required infrastructure improvements at time of permit. . (The Zoning Code trumps the Land Development Code- but when the Zoning Code is silent, the Land Development Code takes effect.

Overlay Districts trump both of the above.) Public local roads require a 27.5 foot right of way from the centerline (for a total of 55 feet), 5 foot sidewalks, 5 foot landscape strip and street lights within the right of way. The right of way width show on the application does not seem to meet the 55 feet for the interior streets. Cul-de-sac appears to be substandard also. These will need to be corrected prior to permitting and will impact storm detention, setbacks, etc.

N12. McClendon is a collector street. Allow only one standard size commercial curb cut on McClendon Dr. Install sidewalks along property frontage. Street lights required behind sidewalk within right of way at permitting.

N13. Memorial Drive is a major arterial and a state route. GDOT review and permits required.

N14. Memorial Drive is a major arterial and a state route. GDOT review and permits required. Eliminate a curb cut on 6158 and restore streetscape.

N15. Snapfinger Road is a major arterial. Site limited to right in/right out access point.

Overlay Districts trump both of the above.) 35 foot right of way dedication from centerline. 6 foot sidewalks, 4 foot bike lanes. Street lights behind the sidewalk within right of way. Add roundabout at the intersection of Stewart Mill Road and Bermuda Road. Gordon Burkett at Keep DeKalb Beautiful is working on the concept for this project. Add sidewalks and street lights along Bermuda Road (within right of way) to the intersection of Stewart Mill Road. Complete all requirements of GRITA's notice of decision that are within DeKalb County. Design to restrict truck movements from using Stewart Mill Road to get to Rockbridge Road.

N18. Norris Lake is a collector road. Pleasant Hill is a minor arterial. Pleasant Hill Way is a local road. Pleasant Hill Way appears to be public in some areas where the development is proposed. I assume they are planning an right of way abandonment. Provide ped/bike access from the neighborhood into the park, as approved by the Parks and Recreation Department. Frontage on Pleasant Hill Way must be improved to Code also. 339 lots requires a traffic study be completed prior to zoning. Traffic study should include the access points and the intersection of Norris Lake

Road/Humphries at Pleasant Hill Road. Left turn lane required on Pleasant Hill Road. Add sidewalks along frontage of Norris Lake Road and extend to the intersection of Norris Lake Road/Humphries at Pleasant Hill Road. Add sidewalks along frontage of Pleasant Hill Road and extend to the intersection of Norris Lake Road/Humphries at Pleasant Hill Road. LETTER OF INTENT

Requesting to rezone 6166 and 6158 Memorial Drive, Stone Mountain, Georgia, 30083 from:

C1 to **C2**

Purpose: To expand existing auto body and repair business at adjacent parcel which we own at 6154 Memorial Drive, Stone Mountain, Georgia 30083. There is an existing driveway which makes it convenient for us to access (in the back of) all 3 properties.

We will be using existing buildings on all properties.
