Justification:

The aforementioned contract for Valve and Wet Tap Installation Services is set to expire December 31, 2018 and requires a renewal for utilization by the Department of Watershed Management for the period of January 1, 2019 – December 31, 2019. This contract will continue to provide assistance in the maintenance water main repairs as well as the replacement of aging water lines without proper isolation valves to control the flow of water during an emergency and allow us to continue upgrading our water infrastructure. Each new water main installed requires a wet tap to tie into an existing water main or a valve to be install joining the new water main to our water system. *Ublk 10/1/18*
