The contract is required as a part of the Federal Order Consent Decree to remain in compliance to have 20% of the sewer lines cleaned yearly to reduce spill and overflow that would be hazardous to public health.

 In order to cover the productivity gap left by Pipe Logistics in 2020 and for 2021, DWM would like to recommend Pipe Logistics' future budget renewal allocations be assigned amongst Graham and Crawford. DWM has asked such contractors to provide their 2021 level of commitment and they have stepped up to the task by binding to get more equipment as well as personnel. Such Letters of commitment are attached.
