Planning Commission Hearing Date: May 07, 2019, 6:30 P.M.

Board of Commissioners Hearing Date: May 28, 2019, 6:30 P.M.

STAFF ANALYSIS

Case No.: Z-19-1235071 **Agenda #:** N.1

Location/Address: The north and south side of Milledge Place; the east side of Briarcliff Road; the north side of Clairmont Road and the west side of Biltmore Drive at 957, 961, 953, 949, 946, 948, 952, 956 and 960 Milledge Place, Atlanta, Georgia. **Commission District: 2 Super District: 6**

Parcel ID: 18-106-10-033 thru 18-106-10-041

Request: To rezone property from R-85 (Residential Medium Lot) District to HR-2 (High Density Residential-2) District to develop a student housing development consisting of 202 apartment units on 3.38 acres at a density of 60 units per acre.

Property Owners: Perry Hamilton, Kimberly Perry Mergler & Eva Ann Perry Zwack; Karen G. Wise & Stuart L. Gottler; William W. Galloway & G. Douglas Dillard; David W. Amis & Jonathan T. DeLoach; Lynn E. & Edward J. Ryan; Bobby W. Goldberg; The Estate of Benjamin L. Wyckoff, Jr. & Estelle Wyckoff; Bottom Line Properties, LLC & The Estate of Grace J. Netland

Applicant/Agent: Toll Bros., Inc. c/o Morris, Manning and Martin, LLP

Acreage: 3.38 Acres

Existing Land Use: Nine (9) Single-Family Detached Residences

Surrounding Properties: QuikTrip; Pig-N-Chik BBQ; Atlantic Briarcliff Apartment Homes

Adjacent & Surrounding Zoning: North: MR-2 (Medium Density-Residential-2) District
West: M (Light-Industrial) District; East: O-I (Office-Institutional) District
South: C-1 (Local Commercial) District

Comprehensive Plan: Town Center (TC) Consistent X

Proposed Building Square Feet: 202 Apartment Units	Existing Units: 9 Single-Family Detached Residences
Proposed Lot Coverage: <80%	Existing Lot Coverage: <35% Per Lot

SUBJECT PROPERTY & ZONING HISTORY:

The 3.38-acre site has frontage on Briarcliff Road (a minor arterial), Clifton Road (a minor arterial), Milledge Place and Biltmore Drive (both local streets). The site is currently developed with nine (9) single-family detached residences. There is curb and gutter along all street frontages but only Clifton Road has sidewalks. Adjacent to the site along Briarcliff Road is Atlantic Briarcliff Apartments. West of the site is commercial uses including a Quik-Trip gas and convenience store. Along the south side of Clifton Road across from the site is Pig-N-Chik Barbeque. DeKalb County records indicate that the property was zoned R-85 (Residential Medium Lot) with the establishment of the 1956 Zoning Ordinance.

PROJECT ANALYSIS:

Per the submitted application and site plan, the applicant is requesting to rezone the property from R-55 (Residential Medium Lot) District to the HR-2 (High Density Residential-2) District to develop 202 apartment units at a density of 60 units per acre by achieving bonus density qualifiers. The submitted site plan depicts a basement level, first floor and parking garage. The total proposed building height is five (5) stories. A 15-foot wide transitional buffer is proposed adjacent to MR-2 zoned property. Per Chapter 27- Article 5 of the DeKalb County Code, a 30-foot wide transitional buffer is required.

One (1) right-in/right-out access point is depicted from Briarcliff Road. One (1) left-in/right out access only is proposed on Biltmore Road. No access is proposed from Clifton Road. Per Land Development Code Sec. 14-400 (5) a minimum of three (3) access points is required for 200 units on a collector street. Per the submitted documentation, parking will be provided in an interior deck and connections to Emory via the Emory Shuttle and to MARTA via the existing bus stop and future MARTA line are anticipated. The applicant intends to pursue a variance to reduce the number of access points from three to two and to reduce the required transitional buffer from 30 feet to 15 feet.

ZONING ANALYSIS:

The R-85 (Residential Medium Lot) District allows single-family detached residences on minimum 12,000 square foot lots. The HR-2 (High Density Residential-2) District allows high density, high-rise residential uses.

Adjacent property zoned MR-2 (Medium Density Residential) pursuant to CZ-85061 and developed as apartments along Briarcliff Road support the proposed HR-2 (High-Density Residential) zoning district on the site. The current zoning at that location is not consistent and compatible with adjacent zoning districts. The subject site is a stand-alone R-85 (Residential) zoned lot between MR-2 and commercial (C-1) zoned properties on Briarcliff Road. To the rear of the site along Biltmore Road is undeveloped property zoned O-I (Office-Institutional) pursuant to CZ-82063. Although the site is currently developed with single-family detached residences, there is no appropriate transition of land use from higher to lower density at the intersection of Briarcliff Road and Clifton Road. Therefore, the zoning analysis concludes that the proposed HR-2 District would be appropriate for the subject site.

IMPACT ANALYSIS:

Section 27-7.3.4 of the DeKalb County Code states that the following standards and factors shall govern the review of all proposed amendments to the Official Zoning Map.

A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan:

The 2035 Comprehensive Plan designates the subject site within a Town Center. Located at the intersection of Briarcliff Road and Clifton Road, the rezoning proposal is consistent with the following Land Use Policy: Location

Criteria – The most intense development shall occur in the center of the node or at the major intersections within the defined area. Higher density residential is encouraged within the defined area (stand alone or as a vertical mixed-use development).

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties:

The proposed rezoning to the HR-2 (High Density Residential-2) District for apartments is suitable given the adjacent Atlantic Briarcliff apartment homes and surrounding commercial uses in the area.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned:

Given that the site is located within a Town Center Character Area for high density development, the property may not have a reasonable economic use as currently zoned R-85 (Residential Medium Lot) District for single-family detached residences. The proposed rezoning to the HR-2 District allows more options for more viable economic performance.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property:

The rezoning request to the HR-2 (High Density Residential-2) District should not adversely affect the use or usability of adjacent and nearby commercial and apartment properties along Briarcliff Road.

E. Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:

The site is at a heavily traveled intersection (Briarcliff Road and Clifton Road). The proposed use for apartments allows higher density residential uses consistent with the Town Center Character Area policies identified by the 2035 Comprehensive Plan.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources:

There are no known historic buildings, sites, districts or archeological resources that would be adversely affected by the rezoning request to the HR-2 District.

G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:

The request for 202 apartment units would have an impact on vehicle and pedestrian traffic in the area. Access points and road improvements are critical to development. The applicant is requesting to defer this petition to learn what improvement plans MARTA (Metropolitan Atlanta Rapid Transit Authority) has for the area and how it may affect the proposed development. Per the DeKalb County Schools, the proposed development may generate approximately seven (7) new school students. When fully constructed, this development would be expected to house 5 students at Briar Vista ES, 1 at Druid Hills MS, 2 at Druid Hills HS, and 1 at other DCSD schools. All three neighborhood schools have capacity for additional students.

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

The request for HR-2 zoning on the site should not adversely impact the environment or surrounding natural resources. However, the Land Disturbance Permit (LDP) process would require approval to establish tree preservation standards, storm water management and emergency vehicle access.

COMPLIANCE WITH HR-2 (HIGH DENSITY RESIDENTIAL-2) DISTRICT STANDARDS PER TABLE 2.4: Medium and High Density-Residential Zoning Districts

STANDARD	REQUIREMENT	PROPOSED	COMPLIANCE
DWELLING UNITS PER ACRE	Base maximum 40 Units Per Acre Bonus maximum 60 Units Per Acre	60 Units Per Acre	No. Site Plan does not depict how site will achieve bonus maximum density.
STREET FRONTAGE	100 Feet	Approximately 100 feet of frontage on Briarcliff Road; 735 feet of frontage on Milledge Place; 450 feet of frontage on Clifton Road; and 518 feet of frontage along Biltmore Drive	Yes
LOT COVERAGE	Max. 85%	85%	Yes
FRONT SETBACK	Min. 10 Feet	10 Feet	Yes
TRANSITIONAL BUFFER Table 5.2(a)	30 Feet adjacent to MR-2 zoned District	15-Foot undisturbed buffer	No. Must seek variance with Zoning Board of Appeals
HEIGHT-Table 2.13 HR-2	Base maximum height at 40 units per acre is 4 stories or 60 feet Bonus maximum height up to 60 units per acre is 6 stories or 75 feet	70 Feet	No. Site Plan does not depict how site will achieve bonus maximum height.
OPEN SPACE	Min. 15%	15%	Yes
PARKING – ARTICLE 6 Min. (1.5) space per dwelling unit	1.5 x 202 units = 303 parking spaces.	303 Parking Spaces	Yes. Parking is within parking garage.

STAFF RECOMMENDATION: DEFERRAL UNTIL NOVEMBER 2019 REZONING AGENDA

The proposed rezoning request from R-85 (Medium Lot Residential) District to HR-2 (High Density Residential-3) District is compatible with apartment zoning MR-2 (Medium Density Residential -2) District adjacent to the site along Briarcliff Road. The proposed apartments are suitable in view of the surrounding higher intensity commercial uses in the area. However, the applicant has requested that the rezoning petition be deferred until the November 2019 rezoning agenda in order to gather more information about the proposed plans and coordinate the timing of the development with MARTA's improvements in the area. Therefore, per the applicant's request, the Planning and Sustainability Department recommends that the application be **"Deferred Until the November 2019 Rezoning Agenda"**.

Subject: Z-18-1235069 and A-19-1243237; Milledge Place

On behalf of the applicant, please accept this as a request to defer the above rezoning application until the Commission's November agenda. This also requests deferral of the variance application until an available Board of Zoning Appeals' agenda after the rezoning. The reason for the delay is that both the applicant and county need more information about the plans and timing for MARTA's improvements in the area. We understand that the zoning case has been advertised and that someone will need to be at the 5/7 Planning Commission and the 5/28 BOC meetings to reiterate the deferral request. By copy, I'm asking representatives of the neighbors and other interested parties to inform their contacts that the applicant will not be moving forward in May. Please let me know if you have questions or need anything further.

NEXT STEPS

Following an approval of this zoning action, one or several of the following may be required:

- ✓ **Land Disturbance Permit** *(Required for of new building construction on non-residential properties, or land disturbance/improvement such as storm water detention, paving, digging, or landscaping.)*
- ✓ **Building Permit** *(New construction or renovation of a building (interior or exterior) may require full plan submittal or other documentation. zoning, site development, watershed and health department standards will be checked for compliance.)*
- ✓ **Certificate of Occupancy** *(Required prior to occupation of a commercial space and for use of property for any business type. The issuance follows the review of submitted plans if required based on the type occupancy.)*
- ✓ **Plat Approval** *(Required if any parcel is being subdivided, re-parceled, or combined. Issued “administratively”; no public hearing required.)*

Sketch Plat Approval *(Required for the subdivision of property into three lots or more. Requires a public hearing by the Planning Commission.)*

Overlay Review *(Required review of development and building plans for all new construction or exterior modification of building(s) located within a designated overlay district.)*

Historic Preservation *(Certificate of Appropriateness required for any proposed changes to building exteriors or improvements to land when located within the Druid Hills or the Soapstone Geological Historic Districts. Historic Preservation Committee public hearing may be required.)*

- ✓ **Variance or Special Exception** *(Required seeking relief from any development standards of the Zoning Ordinance. A public hearing and action by the Board of Appeals are required for most variances.)*

\Minor Modification *(Required if there are any proposed minor changes to zoning conditions that were approved by the Board of Commissioners. The review is administrative if the changes are determined to be minor as described by Zoning Code.)*

Major Modification *(Required submittal of a complete zoning application for a public hearing if there are any proposed changes to zoning conditions approved by the Board of Commissioner on a prior rezoning.)*

Business License *(Required for any business or non-residential enterprise operating in Unincorporated DeKalb County, including in-home occupations).*

Alcohol License *(Required permit to sell alcohol for consumption on-site or packaged for off-site consumption. Signed and sealed distance survey is required. Background checks will be performed.)*

Each of the approvals and permits listed above require submittal of application, fees and supporting documents. Please consult with the appropriate department/division.

DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

**NOTE: PLEASE RETURN ALL COMMENTS VIA EMAIL OR FAX TO EXPEDITE
THE PROCESS TO JOHN REID jreid@dekalbcountyga.gov or
MICHELLE ALEXANDER mmalexander@dekalbcountyga.gov**

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

- **Transportation/Access/Row**

Consult the Georgia DOT as well as the DeKalb County Transportation Department prior to land development permit. Verify widths from the centerline of the roadways to the property line for possible right-of-way dedication. Improvements within the right-of-way may be required as a condition for land development application review approval. Safe vehicular circulation is required. Paved off-street parking is required.

- **Storm Water Management**

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control, to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site.

- **Flood Hazard Area/Wetlands**

The presence of FEMA Flood Hazard Area was not indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations.

- **Landscaping/Tree Preservation**

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 as well as Chapter 27 Article 5 and are subject to approval from the County Arborist.

- **Tributary Buffer**

State water and consequently, State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

- **Fire Safety**

Plans for land development permit must comply with Chapter 12 DeKalb County Code for fire protection and prevention.

- **Retaining Wall**

Any proposed wall must comply with DeKalb County Code of Ordinances Chapter 27- 5.4.7

Rezoning
Summary and Impact Analysis

I. Letter of Application

This application requests a rezoning of a 3.38 acre assemblage of properties from the R-85 district to the HR-2 district. The proposed development is located north of Emory University and has frontage on Biltmore Drive, Clifton Road and Briarcliff Road. The rezoning would enable the redevelopment of the property with a multifamily student housing development containing approximately 202 units with a height of five stories. Parking will be provided in an interior deck and connections to Emory via the Emory Shuttle and to MARTA via the existing bus stop and future MARTA line are anticipated.

II. Impact Analysis

A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.

The Comprehensive Plan designates the site as Town Center. The proposed development is consistent with the policy and intent the Comprehensive Plan. The Comprehensive Plan explicitly states that HR-2 is an appropriate category within Town Center. Further, an intent of the Town Center character area is to promote the concentration of residential structures which reduce automobile travel and promote walkability and transit usage. The proposed multifamily student housing development would allow for a vibrant, pedestrian and transit friendly use to complement the adjacent Emory University campus and the Centers for Disease Control and Prevention (CDC).

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.

Across Biltmore Drive to the east is Emory University. Across Clifton Road to the southwest are railroad tracks, a restaurant, and a shopping center. Across Briarcliff Road to the northwest is a gas station and commercial cooking oil recycling facility. Adjacent to the north are the Atlantic Briarcliff apartment homes. The proposed multifamily use is suitable in view of the surrounding higher intensity commercial and multifamily uses. Further, the proposed multifamily student housing use is appropriate given its proximity to Emory University and existing and future transit facilities in the area.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

The lack of significant renovations to the property as well as the surrounding classifications of medium density residential, commercial, office institutional, and light industrial suggest that the current single-family residential classification no longer has a reasonable economic use.

D. Whether the zoning proposal will adversely affect the existing use and usability of adjacent or nearby properties.

The zoning proposal will not adversely affect the existing use and usability of adjacent or nearby properties. As mentioned above, the property is surrounded by uses that are compatible with the scale of the proposed development. The proposed development will add a vibrant multifamily student housing use to the mix of commercial, multifamily and university uses nearby.

E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

The rezoning will bring the property in conformity with the surrounding properties of high and medium intensity uses and would eliminate what is currently an island of single-family use. Further, the proposed zoning is appropriate given that a MARTA rail line and station have been approved for construction in the nearby area. The MARTA station will likely catalyze further higher density development in the area. Finally, the property will serve the Emory University and CDC communities by providing a housing option within close proximity.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts or archaeological resources.

The proposal will not adversely affect historic buildings, sites, districts, or archaeological resources.

G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities or schools.

The proposed use will not cause an excessive or burdensome use of streets, transportation facilities, utilities or schools. The proposed development is not anticipated to have any impact on schools because it will be marketed and designed for student housing use. The proposed development will have some impact on existing streets, transportation facilities and utilities. However, those impacts will be mitigated by the proximity to Emory University's campus and the existing and future MARTA facilities.

Re: Request to Withdraw Application LP-18-1235069; Milledge Place

Dear Marian:

By this letter, the applicant for the above captioned application requests to withdraw the land use amendment application for property located at Milledge Place. After discussion with the County and GDOT, the applicant proposes to reduce the requested density for the proposed project from 372 units to 202 units. The applicant has requested to change the rezoning category request from HR-3 to HR-2. The property is currently in the Town Center land use category. Therefore, the land use amendment is no longer necessary and the applicant requests to withdraw the land use amendment request.

Sincerely,

Corbin Armstrong

RE: Meeting to Discuss Proposed Rezoning and Land Use Map Amendment for the Redevelopment of land located at 961, 957, 953, 949, 946, 948, 952, 956 and 960 Milledge Place (the "Property")

Dear Property Owner:

We represent Toll Bros., Inc. which proposes to file rezoning and land use map amendment applications in the near future to allow redevelopment of the Property with multifamily residences. The property, which is located near the intersection of Briarcliff and Clifton Roads, is currently zoned R-85 with the land use designation of Town Center and is proposed to be rezoned to HR-3 with the land use designation of Regional Center.

You are receiving this letter because you own property within 500 feet of the Property, or represent a neighborhood organization within a half mile of the Property. No change in zoning or land use designation is proposed on your property. As a part of any rezoning and land use amendment process, DeKalb County requires that the applicant notify its neighbors regarding the proposal and request feedback on the proposal. We have an open house meeting on Wednesday, June 27, 2018 at 7:00 pm at the Taqueria del Sol catering office at 1145 Zonolite Road, Suite 11 Atlanta, Georgia to answer any questions you may have regarding the proposal. On behalf of my client, I would like to invite you to attend the meeting to further discuss the proposed application and any concerns that you may have.

Thank you for your consideration.

Sincerely,

Carl E. Westmoreland, Jr.
Attorney for Applicant

Subject: Invitation to Community Meeting Regarding Proposed Rezoning and Land Use Amendment Applications [IWOV-mmmdms1.31315.109453]

Dear Neighborhood Leaders,

You are being contacted because you are listed by the DeKalb County Department of Planning and Sustainability as a leader for a neighborhood organization, listed below, that may be located within a half mile of properties located at 961, 957, 953, 949, 946, 948, 952, 956 and 960 Milledge Place, the subject of a rezoning and land use plan amendment application. Attached is an invitation to attend a pre-submittal community meeting on Wednesday, June 27th at 7:00pm.

If your organization is not located within a half mile of the relevant properties. Please disregard this email. If you are aware of additional organizations located within a half mile of the properties, please let us know so that we can provide notice to those as well.

Kind Regards,
Corbin

Organizations included:

- Druid Hills
- Druid Hills Civic Association
- LaVista Park Civic Association
- Woodland Hills Neighborhood Association
- Victoria Estates Civic Association

Community Council 2 Members,

In regard to the community meeting referenced below, we were unable to obtain a precise list of neighborhood associations or organizations within a half mile of the property because DeKalb is in the midst of updating their neighborhood association contact list. We sent notice to the provided neighborhood contacts for Druid Hills, Druid Hills Civic Association, LaVista Park Civic Association, Woodland Hills Neighborhood Association and Victoria Estates Civic Association.

Please let me know if you are aware of any other neighborhood associations within a half mile of the property.

Kind Regards,
Corbin

Rezoning
Summary and Impact Analysis

I. Letter of Application

This application requests a rezoning of a 3.38 acre assemblage of properties from the R-85 district to the HR-2 district. The proposed development is located north of Emory University and has frontage on Biltmore Drive, Clifton Road and Briarcliff Road. The rezoning would enable the redevelopment of the property with a multifamily student housing development containing approximately 202 units with a height of five stories. Parking will be provided in an interior deck and connections to Emory via the Emory Shuttle and to MARTA via the existing bus stop and future MARTA line are anticipated.

II. Impact Analysis

A. Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.

The Comprehensive Plan designates the site as Town Center. The proposed development is consistent with the policy and intent the Comprehensive Plan. The Comprehensive Plan explicitly states that HR-2 is an appropriate category within Town Center. Further, an intent of the Town Center character area is to promote the concentration of residential structures which reduce automobile travel and promote walkability and transit usage. The proposed multifamily student housing development would allow for a vibrant, pedestrian and transit friendly use to complement the adjacent Emory University campus and the Centers for Disease Control and Prevention (CDC).

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.

Across Biltmore Drive to the east is Emory University. Across Clifton Road to the southwest are railroad tracks, a restaurant, and a shopping center. Across Briarcliff Road to the northwest is a gas station and commercial cooking oil recycling facility. Adjacent to the north are the Atlantic Briarcliff apartment homes. The proposed multifamily use is suitable in view of the surrounding higher intensity commercial and multifamily uses. Further, the proposed multifamily student housing use is appropriate given its proximity to Emory University and existing and future transit facilities in the area.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

The lack of significant renovations to the property as well as the surrounding classifications of medium density residential, commercial, office institutional, and light industrial suggest that the current single-family residential classification no longer has a reasonable economic use.

D. Whether the zoning proposal will adversely affect the existing use and usability of adjacent or nearby properties.

The zoning proposal will not adversely affect the existing use and usability of adjacent of adjacent or nearby properties. As mentioned above, the property is surrounded by uses that are compatible with the scale of the proposed development. The proposed development will add a vibrant multifamily student housing use to the mix of commercial, multifamily and university uses nearby.

E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

The rezoning will bring the property in conformity with the surrounding properties of high and medium intensity uses and would eliminate what is currently an island of single-family use. Further, the proposed zoning is appropriate given that a MARTA rail line and station have been approved for construction in the nearby area. The MARTA station will likely catalyze further higher density development in the area. Finally, the property will serve the Emory University and CDC communities by providing a housing option within close proximity.

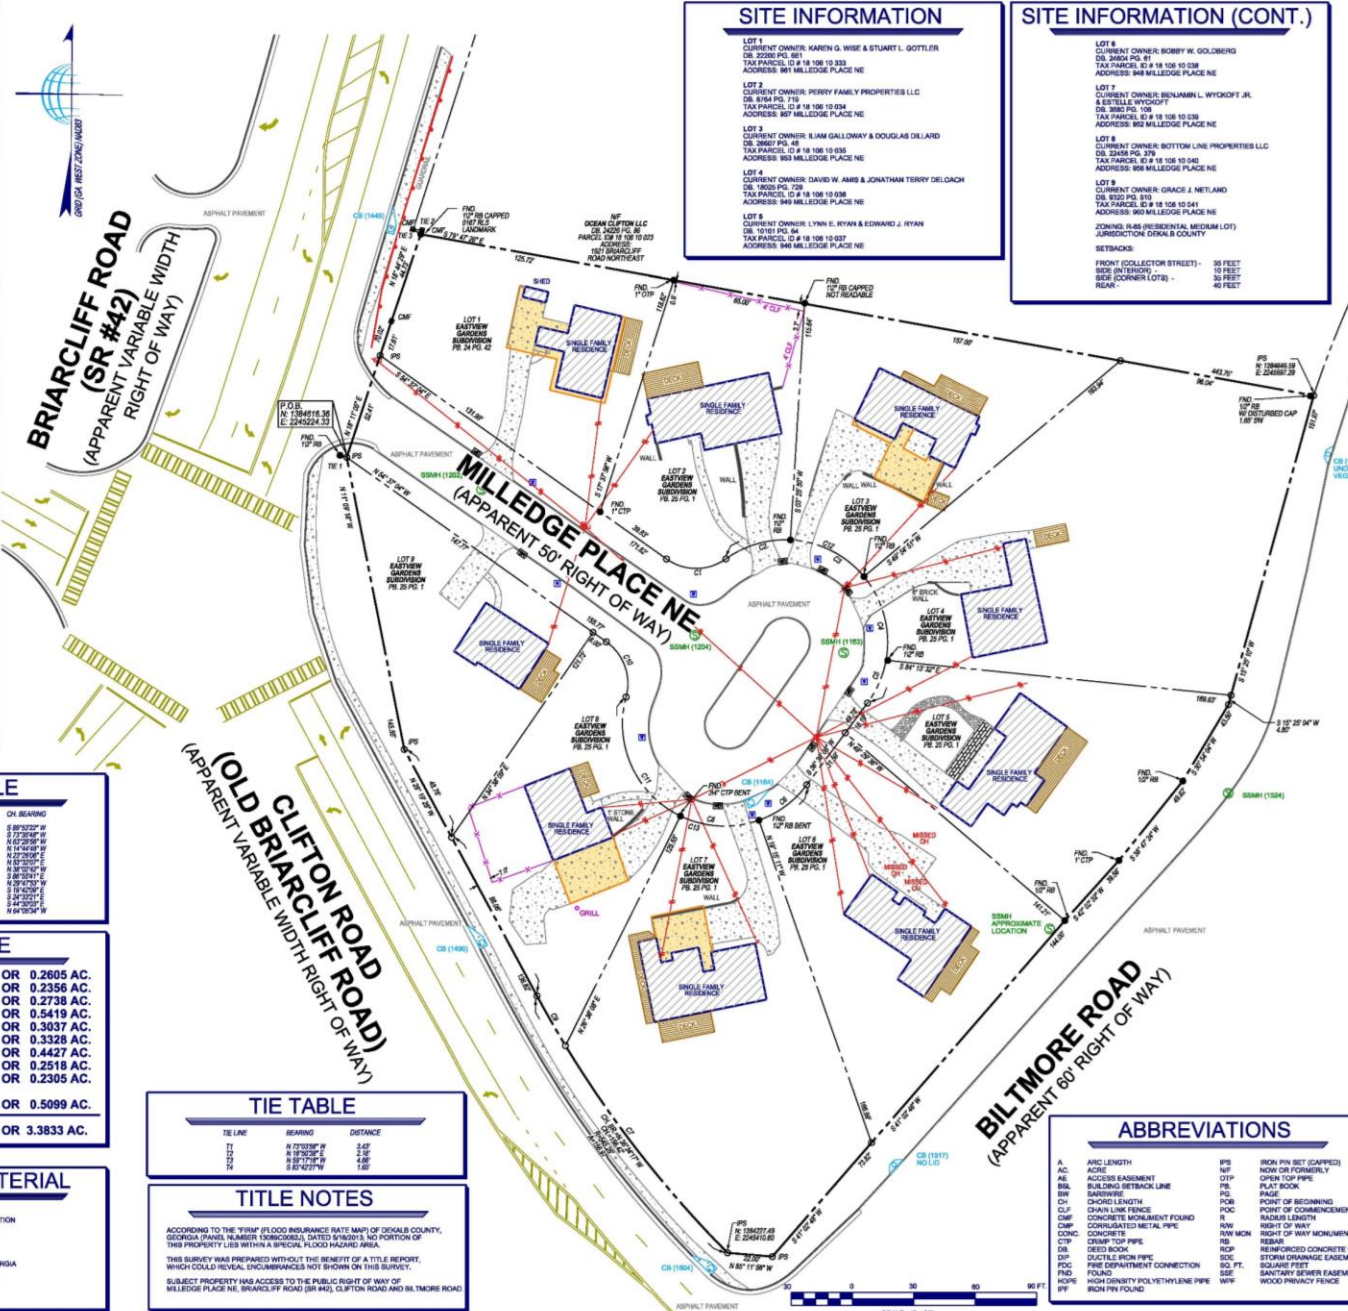

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts or archaeological resources.

The proposal will not adversely affect historic buildings, sites, districts, or archaeological resources.

G. Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities or schools.

The proposed use will not cause an excessive or burdensome use of streets, transportation facilities, utilities or schools. The proposed development is not anticipated to have any impact on schools because it will be marketed and designed for student housing use. The proposed development will have some impact on existing streets, transportation facilities and utilities. However, those impacts will be mitigated by the proximity to Emory University's campus and the existing and future MARTA facilities.

SURVEY NOTES

EQUIPMENT USED:
A TRIMBLE R-10 SERIES TOTAL STATION WAS USED TO OBTAIN ANGULAR MEASUREMENTS AND DISTANCE MEASUREMENTS.

A TRIMBLE R-10 DUAL FREQUENCY GPS UNIT WAS USED FOR ESTABLISHING CONTROL. A NETWORK ADJUSTED RTK SURVEY WAS PERFORMED AND ADJUSTED BY RELATIVE POSITIONAL ACCURACY.

CLOSURE STATEMENT:
THE FIELD DATA UPON WHICH THIS SURVEY IS BASED HAS A CLOSURE OF ONE FOOT IN 107.25M FEET AND AN AVERAGE OF 80" PER ANGLE POINT AND WAS ADJUSTED USING THE COMPASS RULE.

THE BEARINGS SHOWN ON THIS SURVEY ARE COMPUTED ANGLES BASED ON A GRID BEARING BASE (GA WEST ZONE) HORIZON.

ALL HORIZONTAL DISTANCES SHOWN ARE GROUND DISTANCES MEASURING UNITS OF THIS SURVEY ARE IN U.S. SURVEY FEET.

FIELD WORK FOR THIS PROJECT WAS COMPLETED ON JUNE 16, 2024.

DUO TO VARIANCES IN GPS EQUIPMENT, TECHNOLOGY'S FEDERAL ADJUSTMENTS TO STATE PLANE MODELS AND DAILY CONDITIONS IMPACTING GPS RECEIPTIVITY, GPS SOLUTIONS MAY VARY FROM THOSE PROVIDED ON THIS SURVEY BOTH HORIZONTALLY AND VERTICALLY. ANY AND ALL CONTRACTORS, CONSULTANTS, INDIVIDUALS OR ENTITIES RELYING ON STATE PLANE COORDINATES TO RELATE TO DATA PROVIDED ON THIS SURVEY MUST LOCALIZE TO THE SURVEY CONTROL, BENCHMARKS OR PROPERTY MONUMENTATION ESTABLISHED BY THIS SURVEY IN ORDER TO ENSURE ACCURACY OF DATA. THE OWNER, HIS EMPLOYEES, HIS CONSULTANTS, HIS CONTRACTORS, AND/OR HIS AGENTS SHALL HEREBY DISTRICTLY UNDERSTAND AND AGREE THAT THE SURVEYOR IS NOT RESPONSIBLE FOR ISSUES ENCOUNTERED DUE TO FAILURE TO LOCALIZE TO THIS SURVEY DATUM.

THIS SURVEY MAY NOT REPRESENT OFFSITE PAINT STRIPING TO THE ACCURACY REQUIRED FOR LAND DESIGN. TERRAMARK LOCATES THE FOOT OF PAVING AND CRITICAL POINTS TO REFLECT ACCURATE TOPOGRAPHIC DATA ONLY. ACCURACY OF PAINT LOCATIONS SHOULD BE VERIFIED WITH SURVEYOR PRIOR TO BEGINNING THE SURVEY FOR DESIGN.

INFORMATION REGARDING THE REPUTED PRESENCE, SIZE, CHARACTER AND LOCATION OF BURIED UNDERGROUND UTILITIES AND STRUCTURES IS SHOWN HEREIN MAY BE INACCURATE AND UTILITIES AND STRUCTURES NOT SHOWN MAY BE ENCOUNTERED. THE OWNER, HIS EMPLOYEES, HIS CONSULTANTS, HIS CONTRACTORS, AND/OR HIS AGENTS SHALL HEREBY DISTRICTLY UNDERSTAND AND AGREE THAT THE SURVEYOR IS NOT RESPONSIBLE FOR THE CORRECTNESS OR SUFFICIENCY OF THIS INFORMATION SHOWN HEREIN AS TO SUCH UNDERGROUND INFORMATION.

INFORMATION REGARDING STORM SEWER AND SANITARY SEWER AS SHOWN HEREIN IS BASED ON INFORMATION FURNISHED BY TERRAMARK. SURVEYOR AT ALL TIMES IS NOT AUTHORIZED TO ENTER A COMPANED SPACE SUCH AS A STRUCTURE, CONDUIT, OR TRENCH TO VERIFY THE PRESENCE, SIZE, CHARACTER AND LOCATION OF STORM SEWER AND SANITARY SEWER. EXCAVATION BY A CERTIFIED CONTRACTOR IS THE ONLY WAY TO VERIFY THE SIZE AND CHARACTER OF STORM SEWER AND SANITARY SEWER. THIS SURVEY DOES NOT EXTEND TO ANY UNANNOUNCED PERSON, BUSINESS OR ENTITY WITHOUT THE EXPRESS PERMISSION BY THE SURVEYOR NAMED SAID PERSON, BUSINESS OR ENTITY.

TERRAMARK LAND SURVEYING, INC. DOES NOT WARRANT THE EXISTENCE OR NON-EXISTENCE OF ANY UTILITIES OR HAZARDOUS WASTE IN THE SURVEY AREA.
