CIP Line Item No. (if applicable): _____

Justification:

The Department of Watershed Management would like to piggyback on the above subject contract and add funds for contract term November 10, 2024 through November 9, 2025. This contract will be utilized by DWM to provide vacuuming / removal services of the accumulated grit and materials from the wet wells of DWM clean and wastewater facilities. Buildup of debris in the wet well create clogging issues for the pumps of the plant. The accumulation of debris also reduces the capacity of the of the wet well over time. The wet well needs to be cleaned of this accumulation to eliminate clogging of the influent pumps and to restore capacity to the wet well.
