\$8,980,000.00	2613	12/31/2025	12/31/2025

Description of Proposed Changes: Change Order 7 is being requested for additional time and budget to be added to the contract to continue using this contract to make needed purchases of equipment and parts in relation to sewer flow monitoring and other environmental monitoring projects.

Justification of Proposed Changes: This contract is used by Department of Watershed Management for compliance with the Consent Decree Flow and Rainfall Monitoring Program. The additional time allows DWM to purchase equipment and parts to repair and replace equipment within their monitoring system. The County currently maintains 300+ flow monitors that are used for model calibration, to quantify SSO volumes, identify areas of high I/I, provide flow data for design and construction, etc. The new equipment has a finite life and needs maintenance and replacement to remain compliant with the CD and provide the data needed.

Proposed Additional Performance Days:	Proposed Cumulative Performance Days:	Proposed Performance End Date:	Proposed Contract End Date:
365	2978	12/31/2026	12/31/2026
Proposed Changes to Dollar Amount:	Proposed Cumulative Contract Amount:	Amount Spent To Date:	
\$3,000,000.00	\$11,980,000.00	\$3,328,748.46	

Describe Any Risk Associated With This Change: None

Effect of NOT Approving This Change: The Flow and Rainfall Monitoring Program that uses this contract is part of the federally mandated Consent Decree. To not approve the additional funding would put the ability to maintain and supply the program's equipment in jeopardy.
