**CIP Line Item No. (if applicable):** Various

ITB No. 2025-069-ITB Consent Decree - Major Gravity Sewer Line Capacity Restoration (Multi-year)

**Justification:**  
 Two bids were received from the following firms:

Southeast Pipe Survey  
 Compliance EnviroSystems

DWM reviewed each line item from each bid to determine the overall lowest bidder.

DWM has reviewed the two submittals and have found that they each meet the Company experience requirements presented in the bid package. In addition, review of references provided indicate each vendor has performed similar work for other utilities in an acceptable manner. Of the two bids, the overall lowest responsive and responsible bid is from from Southeast Pipe Survey and DWM therefore recommends award in the amount of \$21,042,416.45 to Southeast Pipe Survey.

The scope of this contract addresses two primary goals. 1) Cleaning debris from large diameter (18-inches and larger) sewer mains to restore capacity to the system per the Consent Decree Maintenance Management Systems Program. 2) Perform condition assessment of large diameter sewer mains to identify potential rehabilitation per the Consent Decree Ongoing Sewer Assessment and Rehabilitation Program.
