Justification:			
<p>The DeKalb County Police Department has long relied on conducted energy weapons (CEWs) as a vital tool in de-escalation, officer safety, and reducing injuries to both officers and the public. Currently, the Department employs the TASER 7 platform. While effective, advancements in CEW technology now present a significant opportunity to improve operational effectiveness and public safety outcomes. The TASER 10 is the newest generation CEW developed by Axon, offering enhanced range, accuracy, and transparency compared to the TASER 7. The Department's current TASER 7 contract is scheduled to run until mid-2026; however, moving to TASER 10 now allows the Department to align the new contract with the start of the calendar year. This simplifies budgeting, improves billing consistency, and ensures officer certifications are more easily maintained by aligning with the annual in-service training schedule.</p>
