1. Dr. Ed Williams (No Address)- Good Morning Commissioners: My name is Ed Williams, I am the chair of Concerned Citizens for Effective Government. The Georgia Court of Appeals has rejected the Commission's argument that my Open Meetings Act claims are barred by official immunity regarding the 2018 Open Meeting Act violations. The Court of Appeals, just as the Supreme Court of Georgia ruled in the case of WILLIAMS versus DEKALB COUNTY overturned the ruling of the DeKalb County trial court a second time regarding the same issue of failing to provide proper notice and placing the expected 2018 compensation raise on the meeting agenda. The Court of Appeals found the following. It partially ruled in favor of Dr. Ed Williams who sued the DeKalb County Board of Commissioners for raising members' salaries by 60 percent. In the lawsuit, Dr. Williams claimed in part that the board violated the Georgia Open Meetings Act by not giving proper notice of its intent to pass the pay increase. At the meeting, the board then voted 6-1 to pass the increase, raising commissioners' salaries from \$40,530.55 to \$65,000. The truth of the matter is that statute 36-5-24 is unconstitutional, and the phrase unless otherwise provided by local law, is the show stopper. A local government cannot repeal a local act of the General Assembly related to their compensation. This is prohibited by the Georgia Constitution in Article 9, Section 2, Paragraphs 1(b) and 1(c) of the Georgia Constitution prohibits the governing authority from setting their own compensation. It is the General Assembly that has the authority to fix the salaries of the commissioners. I am appealing the decision regarding the injunction against CEO Michael Thurmond regarding the pay raise to the Supreme Court of Georgia. It seems that case after case, DeKalb County prefers to spend taxpayer money fighting the defenseless actions that are clearly illegal and at best a conflict of interest and unethical. The law department is an enabler for the county to continue to do wrong and flees the citizens of DeKalb County. The attorneys in the DeKalb County law department should be representing the interest of the citizens of DeKalb County, not the elected officials' interests. Instead, it seems that the county attorneys believe that they are personal attorneys for the elected officials and that their advice is protected privileged communications, it is not. Four years later the county is still fighting the obvious fact that the commission violated the law and the Georgia Constitution. The Georgia Constitution and the DeKalb County Organizational Act prohibited county governing authority from having that power to increase their salaries. Thank You

2. Good Morning Commissioners, It is encouraging to see Item #1891 on today's agenda, finally canceling for convenience the 3 million dollar 2019 contract with CamKen Consulting nearly 2 years after Ms Chanda Norton was charged by the feds with filing nearly a dozen "false and fraudulent" PPP loan applications totaling 7.8 million dollars. I am concerned however that in the agenda notes it does not disclose how much of the 2.8 million dollars the county has already paid out to CamKen. Citizens of Dekalb County deserve to know. As a tie-in to item #1624, please note that the LSBE partner in this contract is The Renee Group. Wonder how much they got paid, since LSBE's on contract proposals are meaningless and do not have to fulfilled. Please note also that on the agenda notes for item #1624 CamKen has been in business for 16 years and doing business with Dekalb County for four. The Renee Group has also been in business for 16 years and doing business with Dekalb for four years. Coincidence or a red flag? The Renee Group bought out Camken's involvement of the joint venture contract in item #1624 shortly after it was signed in 2017 and 2 years later are listed as a LSBE participant for a CamKen contract. Also note that on the agenda notes for item#1624 The Renee Group states that in has has been in business for 21 years and doing business with Dekalb for 6 years Coincidence or a red flag? Does anybody verify the information submitted with these contract submissions? A current piece of civil litigation accuses Ms Norton and several more people of working together to hide funds from an insurance company. Those additional people include Shelitha Renee Robertson. Sompo International Insurance company

alleges that the individuals used at least five corporations, including CamKen Consulting, and The Renee Group as “facades” for their own private dealings. They shifted money between the LLCs with “the intent to hinder, delay or defraud” the insurance company. Also, please note that the number of employees at the address used by The Renee Group on the contracts is less than 10. Is this a way to game the selection process by getting additional points on your submission by lying about where your real business is located or selling yourself as a local small business when you are really a front for a large company. If the County does not verify the information submitted to it by companies seeking contracts what is the use of a contracts and procurement department anyway? I suggest approving the change order in Item 1624 to GS Construction, Inc. and SD&C, Inc. but withholding the additional funds to the Renee Group, Inc. until a full investigation of the accuracy and legitimacy of their contract proposal can be completed. Finally, I would like to note that the appointment to the DeKalb County Oversight Committee has been on the agenda for over 6 months. What do you think the Audit Oversight Committee is? The Charter Review Commission. Thank you for your time and consideration,
