

## Release for Construction Agreement

Underground Electrical Service

Version 1.8 (9/28/15)

Georgia Power Company

To release DeKalb County Public Works, 727 Camp Rd., Decatur, GA. **for construction, all** of the following items must be verified complete, this form signed and returned to the address below:

- The Underground Distribution Construction Agreement has been signed by the Customer / Developer.
- N/A The \$1200.00 per service point underground service fee (where applicable) and any other CIAC has been paid.
- The easement has been signed and properly witnessed by the Property Owner.
- Lot Corners have been marked on the curb with paint in lieu of permanent property pins.
- Clearance behind the curb or from the edge of pavement/roadway of 12 feet is level with curb and free from obstructions and within three (3) inches of final grade.
- Sewer laterals, water lines and any other privately-owned facilities are adequately located and plainly marked.
- Paving and curbing or final grading, as applicable is complete.
- Removal of unforeseen obstructions and supply of suitable backfill material,
- A)** will be provided by the Developer / Customer. The Developer / Customer agrees to remove rock and have suitable backfill available during construction while ensuring there are no construction delays.
- or-**
- B)** will be provided for by Georgia Power crews / contractors. The Developer / Customer may be billed for any additional charges that GPC incurs for the rock removal and select dirt for backfill charged to Georgia Power if actual costs exceed cost allowances.
- Erosion, Sedimentation, and Pollution Control Plan. The Developer's Storm Water Pollution Prevention Plan (SWPPP) is in place and available for review. A certification Statement is available for GPC or its subcontractor to sign on the Developer's SWPPP. This project:
- A)** requires a Notice of Intent (NOI) and a copy, with the permit number, is enclosed. The owner/developer agrees to provide a copy of the Notice of Termination (NOT) when filed.
- or-**
- B)** will not have land disturbance activities totaling more than one (1) acre of land in the common development or it will not trigger any other requirements of the *Georgia Water Quality Control Act*.
- The property owner / developer approves the distribution design and lighting represented on GPC's construction print.
- Emergency and Standby Generation will be installed on-site:  **No**  **Yes** – if yes, then the installation must meet requirements as stated in GPC Distribution Bulletin 18-23, and the application referenced below must be completed.
- The Application for Emergency and Standby Generation Installation & Operation document has been completed and returned to a GPC Engineer or Key Account Manager.

GPC scheduling meetings are usually held weekly. After being released for construction, the job will be scheduled and the Customer / Developer will be notified of the proposed start date.

## Underground Distribution Construction Agreement

**PROJECT / CUSTOMER:** DeKalb County Public Works

**LOCATION:** 727 Camp Rd., Decatur, GA.

**DEVELOPER / CUSTOMER:** DeKalb County

**AREA OF CONSTRUCTION:** Per attached Exhibit A

Customer / Developer does hereby attest that the above referenced area of construction in which underground electric distribution facilities are to be installed is clear of all obstructions; that all property lines, where required, are clearly marked and that the area is finished to a grade which shall not change more than three (3+/-) inches of the final grade.

Georgia Power Company, it's employees, and contractors working on this project are hereby released from all claims due to damage of underground facilities that have not been located in the field and that are not covered by the "Utilities Protection Act of Georgia".

Customer / Developer does hereby agree to bear any and all costs to alter the installed underground electric distribution facilities as a result of grade changes or Developer design changes.

Customer / Developer shall be responsible for providing Georgia Power Company a clear unpaved route where underground electric distribution facilities can be installed. If this area is paved and conduit has not been installed, before Georgia Power Company facilities are installed the Developer shall be responsible for opening and re-paving the area required by Georgia Power Company.

Customer / Developer shall be responsible to communicate with contractors and subcontractors warning them of underground electric distribution facilities in the area and for notifying the Georgia Power Company by calling the Utilities Protection Center at GA 811 at least three (3) working days in advance to locate underground electric distribution facilities before digging or grading in the vicinity of installed underground electrical facilities. If Georgia Power Company is not notified, and the underground electric distribution facilities are damaged, then the Developer shall bear the cost of repairs.

Should underground electric distribution facilities become damaged in any way, Customer / Developer will notify the Georgia Power Company at phone #1-888-660-5890 and the Utilities Protection Center at GA 811.

Developer will establish and maintain the appropriate clearances for the transformer(s) on this site per Georgia Power Company Distribution Specification GUK-00.5003, dated 2/7/07. Electric service will not be provided until this specification is satisfied.

Georgia Power Company is not responsible for any damages to locks, gates, fences, walls, vehicles, equipment, trees, landscaping, sidewalks, or any other items that inhibit Georgia Power's access to the poles, cables, transformers, metering, or other equipment serving this site. This includes routine or emergency access of all equipment and personnel.

Overhead Distribution Construction Agreement

PROJECT / CUSTOMER: DeKalb County Public Works
LOCATION: 727 Camp Rd., Decatur, GA.
DEVELOPER / CUSTOMER: DeKalb County
AREA OF CONSTRUCTION: Per attached Exhibit A

Developer does hereby attest that the above referenced area of construction in which overhead electric distribution facilities are to be installed is clear of all obstructions; that all property lines, where required, are clearly marked and that the area is finished to a grade which shall not change more than three (3+/-) inches of final grade.

Georgia Power Company, it's employees, and contractors working on this project are hereby released from all claims due to damage of underground facilities that have not been located in the field and that are not covered by the "Utilities Protection Act of Georgia".

Developer does hereby agree to bear any and all costs to alter the installed overhead electric distribution facilities as a result of grade changes or Developer design changes.

Developer shall be responsible for providing Georgia Power Company accessible locations and a clear route where overhead electric distribution facilities can be installed.

Should electric distribution facilities become damaged in any way, Developer will notify the Georgia Power Company at phone #1-888-660-5890.

Developer will establish and maintain the appropriate clearances for the pole(s) and guy wires on this site per Georgia Power Company Distribution Specifications. Electric service will not be provided until this specification is satisfied.

Georgia Power Company is not responsible for any damages to locks, gates, fences, walls, vehicles, equipment, trees, landscaping, sidewalks, or any other items that inhibit Georgia Power's access to the poles, transformers, metering, or other equipment serving this site. This includes routine or emergency access of all equipment and personnel.
