Peach State Freightliner. (Bid #2B) is not acceptable and unit bid too exceptions to the minimum bid specifications for side arm hopper is only designed to lift and dump 500 lbs. We request the bin/hopper to lift 1500 lbs. Also the Petersen Industries body has a route assist bin that is part of the body and it also has a trash bin attachment point that the Pac-Mac doesn't have. The Petersen Industries route assist bin isn't a separate bin like the Pac-Mac is.
