## **Subject Property and Surrounding Area**

The subject property is a 1.04-acre site located on the south side of North Druid Hills Road bordering the north side of the North DeKalb Mall. An on-ramp to I-285 is located approximately 1,700 feet to the east of Lawrenceville Highway (Highway 78). The property is currently occupied by a vacant commercial retail establishment; formerly a Pier 1 Imports store. The adjoining and nearby land uses to the east, south, and west are commercial uses zoned C-1 and NS. The adjoining and nearby land uses to the north are mix of residential and commercial uses zoned R-75 and O-I. The commercial uses to the east of the subject property and fronting on North Druid Hills Road consist of four drive-through restaurants (Zaxby's, McDonalds, Chick-fil-A, and Checkers). Also, to the east of the subject property, uses include an existing dry-cleaners, auto repair shop, liquor store, gas station, and jeweler. There is also an existing 3-story commercial building that appears to have Class C office space with various existing businesses which include a store front church, hair salon, and a driving school. West of the subject property are two existing one story buildings home to Peachtree Spine Physicians as well as a pet hospital. South of the subject property is an undeveloped lot and North Dekalb Mall. It is important to note that the mall technically closed in 2020, however, there are a few stores, a U.S. Postal Service branch, and an AMC movie theatre still operating along perimeter of the physical mall site. To the north of the subject property, is a mix of residential and commercial uses. The residential uses are mostly located in the North Druid Woods neighborhood. It is a modest neighborhood consisting of one store ranch style homes. Office residential uses along this portion of the corridor consist of a holistic health center, auto insurance office, a dry cleaner, travel agents office, massage therapist, and chiropractor.

## **Zoning History**

Based on DeKalb County records, it appears that the NS (Neighborhood Shopping) zoning of the property has not changed since adoption of the first zoning ordinance and map in 1956. The *DeKalb County 2035 Comprehensive Plan* designates the subject property's future land use as Town Center (TC).

## **Project Analysis**

The applicant is requesting to rezone the subject property from NS (Neighborhood Shopping) to C-1 (Local Commercial) for the purpose of constructing a drive-through restaurant. The applicant's request proposes the relocation of the Chick-fil-A restaurant from 3905 N. Druid Hills Road to the subject property. Based on the site plan provided by the applicant, the construction of the 2,800 square foot drive through restaurant will require the demolition of the vacant one-story building which was a furniture and home essentials retail establishment (Pier 1 Imports). The project will make use of the two existing connections to Birch Road and North Druid Hills Road. These connections will serve as both entrances and exits for customers. The North Druid Hills access will serve as a right-in/right-out only. The drive-through restaurant will consist of three drive-through lanes that merge into two lanes as they approach the drive through service area, which will permit servers to walk food out instead of using a drive-through window. The redeveloped site is proposed to accommodate vehicular stacking for 41 cars and include 29 parking spaces, of which, two will be designated for patrons with disabilities. The restaurant will also have outdoor seating for customers on the east side of the building. Additionally, the developer intends to install a variety of trees and shrubs around the site to beautify it and buffer some of the vehicular activity.

## **Impact Analysis**

### **A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan:**

The proposed rezoning is in conformity with the policies and intent of the *DeKalb County Comprehensive Plan*. The subject property is located in the Town Center (TC) future land use area. The intent of the Town Center character area is “to promote the concentration of residential and commercial structures, which serve many communities in order to reduce automobile travel, promote walkability and increased transit usage. The areas consist of a focal point for several neighborhoods with a variety of activities such as general retail, commercial, professional office, higher-density housing, and appropriate public and open space uses that are easily accessible by pedestrians.” The C-1 Zoning District is a permitted zoning district within the Town Center future land use designation along with medium density, high density, and mixed-use zoning districts. The current NS zoning is not a permitted zoning district within the Town Center designation, therefore, this zoning change request would contribute to the implementation of the *Comprehensive Plan*.

### **B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties:**

The proposed rezoning to C-1 (Local Commercial) will be consistent with many of the existing zoning designations of surrounding properties including North DeKalb Mall. This is reflective of a gradual change in this vicinity to C-1. This zoning consistency may contribute to future redevelopment of the mall and surrounding properties and streamline the ability to assemble surrounding properties in the future. Additionally, a zoning change from NS to C-1 supports future land use goals to permit a greater intensity of nonresidential development in the vicinity of the subject property. As a preferred zoning district within the town center character area, it is implied that the C-1 zoning district and its collection of permissible principal and accessory uses are suitable; prohibited uses are not suitable; and that other uses are subject to special land use permit approval in order to evaluate the appropriateness of those uses based on impacts and conditions that may be unique depending on their settings.

### **C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned:**

The subject property may have limited economic use as currently zoned (NS). There are other active properties in the vicinity within the NS Zoning District. The Neighborhood Shopping (NS) Zoning District permits uses including, but not limited to: places of worship, offices, retail, indoor recreation, daycare, and hair care services. The Local Commercial (C-1) Zoning District permits uses including, but not limited to: places of worship, offices, retail, indoor recreation, daycare, hair care services, furniture repair, medical services, special trade contractors, dog grooming, drive-through restaurants, live/work units, hotels/motels, colleges/universities, research facilities, and theatres.

While the vacant use, Pier 1 Imports (i.e. home furnishing/furniture retail), which was a casualty of an international slate of store closings in 2020 (<https://www.usatoday.com/story/money/2020/02/17/pier-one-imports-store-closures-list-2020-bankruptcy/4555899002/>), may not be an indication of the viability (or lack thereof) of the current zoning classification, rezoning to C-1 would enhance the property's prospects for reuse.

**D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property:**

The immediate environment around the subject property primarily consists of commercial uses zoned C-1. C-1 permits a wide range of nonresidential options that may produce varied impacts on adjacent properties in the immediate area or beyond. Given the popularity of Chick-Fil-A restaurants, redevelopment of the site will likely immediately improve the condition of the property and significantly increase the activity on-site in comparison to its current condition or previous condition when the Pier 1 Imports was open, anecdotally. The applicant has not provided any data relating to traffic impacts, however, one could reasonably assume the new establishment would generate a significant increase in traffic at this location during peak hours. The proposed Chick-fil-a new intersection of North Druid Hills Road and Birch Road will likely see an increase in turning activity due to the proposed use. It is important to remember that with the redevelopment of the mall site traffic in the area will likely increase. Since the requested use is subject to a special land use permit (SLUP) approval, the response to this criterion is best addressed in the corresponding SLUP application.

**E. Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:**

North Druid Hills Road is designated as a major arterial road. Thus, it is a heavily traveled corridor. Any use on the subject property should aim to reduce transportation conflicts, reduce curb cuts, promote inter-parcel access arrangements, reduce hindrances to vehicular mobility, and promote efficient ingress/egress.

Additionally, it is worth noting that there has been continued interest in redevelopment and revitalization efforts for North DeKalb Mall, its outparcels, and the adjacent properties along North Druid Hills Road, which includes the subject property. Recently, the mall was sold however, to date, no specific small area plan or development plan exists to bind this subject property. With the development of the mall site it will help to activate the area and will directly connect to the subject site through sidewalk access, pathways, and potential bike lanes. The redevelopment of the mall site as well as the subject site will help to increase both pedestrian and vehicle activity in the area making it more attractive to businesses and more convenient for local residents.

**F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources:**

There are no known historic buildings, sites, districts or archeological resources that would be adversely affected by the rezoning request from NS (Neighborhood Shopping) to C-1 (Local Commercial).

**G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:**

C-1 permits a wide range of commercial options that may produce varied impacts on public infrastructure. Since the requested use is subject to a special land use permit (SLUP) approval, the response to this criterion is best addressed in the corresponding SLUP application. However, one possible mitigating factor is that the proposal includes the relocation of the drive-thru restaurant from its current location to the subject property. Theoretically, there could be a zero-sum impact. Alternatively, relocation to the subject property creates a vacancy at the current Chick-fil-A location that may be reused or redeveloped and create additional impacts.

**H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.**

The request for rezoning from NS (Neighborhood Shopping) to C-1 (Local Commercial) has not generated any specific impacts to the environment or surrounding natural resources.

**Compliance with district standards**

Per the chart below, the proposed C-1 (Local Commercial) drive-through restaurant does not comply with the minimum development standards for setbacks in the front, side, and rear for the C-1 (Local Commercial) District per Table 2.2 of the DeKalb County Zoning Ordinance.

<u>C-1 STANDARD</u>	<u>REQUIREMENT</u>	<u>PROPOSED</u>	<u>COMPLIANCE</u>
FRONT (all other streets)	10ft min/60ft max	< 60ft.	YES
SIDE INTERIOR	15ft.	> 15ft.	YES
SIDE – Corner lot on public street	30ft.	< 30ft.	NO (variance needed)
REAR	20ft.	> 20ft.	YES
HEIGHT	2 story/35 ft.	≈ 21ft.	YES

### **Staff Recommendation**

The rezoning proposal is consistent with the *2035 Comprehensive Plan*. The TC (Town Center) future land use designation supports the requested zoning designation. Moreover, the rezoning from NS (Neighborhood Shopping) to C-1 (Local Commercial) would permit a zoning designation that is more consistent with the zoning of the surrounding properties. Therefore, Staff recommends approval with the following conditions:.

1. The use of the property shall be limited to a Chick-Fil-A drive-through restaurant only.
2. See SLUP-21-1244886 for additional conditions related to this redevelopment project.
3. The approval of this rezoning application by the Board of Commissioners has no bearing on other approvals by the Zoning Board of Appeals or other authority, whose decision should be based on the merits of the application before said authority.

**Re: DeKalb County Community Meeting #2**

Dear Neighbor:

I am writing to inform you of Chick-fil-A, Inc.'s ("Chick-fil-A") proposed Rezoning and Special Land Use Permit Applications (the "Applications") to be submitted to the DeKalb County Department of Planning & Sustainability to allow for the construction and operation of a new Chick-fil-A drive-through restaurant at 3795 North Druid Hills Road NE. This new restaurant will replace the older drive-through restaurant located nearby at 3905 North Druid Hills Road. The requested Rezoning Application seeks to rezone the property from Neighborhood Shopping ("NS") to Local Commercial ("C-1"). The Special Land Use Permit Application seeks approval of the associated drive-through facility. I am attaching for your review a copy of the Site Plan showing the proposed new restaurant and associated drive-through.

**Re: Rezoning and Special Land Use Permit Application for 3795 North Druid Hills Road**

Dear Mr. Baker:

On behalf of Chick-fil-A, Inc. ("Chick-fil-A" or the "Applicant"), I am pleased to provide for review and consideration by DeKalb County this letter of intent and the accompanying application materials in support of the requested Rezoning of the above-referenced property (the "Subject Property") from its current classification Neighborhood Shopping (NS) to the Local Commercial (C-1) classification and Special Land Use Permit ("SLUP") to allow for a drive-through restaurant. If approved, the Rezoning and SLUP will allow for the redevelopment of the Subject Property, which currently contains a vacant retail storefront, into a new, custom-designed 2,800 square-foot Chick-fil-A restaurant with a drive-through facility, outdoor seating, pedestrian improvements, and enhanced landscaping. The proposed development will update the Subject Property into an attractive, modern restaurant in keeping with the demands of the current market, customer expectations and team member needs, and current County requirements.

Included with this letter of intent are the following materials:

- A. An Application to Amend the Official Zoning Map of DeKalb County;
- B. A Special Land Use Permit Application;
- C. A Site Plan;
- D. A Survey and Legal Description of the Subject Property;
- E. A Landscape Plan;

- F. Architectural Elevations and Renderings; and
- G. An impact analysis for the requested SLUP and justification for the proposed Rezoning (included within the body of this letter).

### **Summary of the Proposed Project**

As noted above, the Applicant seeks approvals necessary to redevelop the Subject Property, which now contains a vacant retail store (previously occupied by Pier 1 Imports) and associated street-fronting parking lot. On this property, Chick-fil-A proposes to construct and operate a new, custom-designed restaurant containing approximately 2,800 square feet of space. The restaurant will include a drive-through facility located in the rear of the property with 41 stacking spaces, 29 off-street parking spaces, outdoor seating, an improved streetscape, and enhanced landscaping. The Subject Property is currently zoned Neighborhood Shopping (NS), which does not permit drive-through restaurants. The Applicant requests the Subject Property to be rezoned from NS to Local Commercial (C-1) to allow for a drive-through restaurant. The proposed new restaurant will replace the older Chick-fil-A drive-through restaurant located nearby at 3905 North Druid Hills Road and is designed to better reflect the County's desired goals for design, traffic efficiency, and pedestrian accessibility.

### **Zoning Map Amendment Review and Approval Criteria**

Proposed zoning amendments are evaluated in light of the following standards.

**1. *Whether the zoning proposal is in conformity with the policy and intent of the Comprehensive Plan.***

Chick-fil-A's proposed redevelopment of the Subject Property is consistent with the County's Comprehensive Development Plan and Future Land Use Map, which designates the Subject Property as "Town Center." The Subject Property is currently occupied by a commercial retail use and will continue to be used commercially as a result of the proposed redevelopment. The Town Center character area specifically permits C-1 zoning classifications. The proposed building design, including its orientation to the street, enhanced streetscape improvements, and "walk-up" window will encourage pedestrian accessibility consistent with the Town Center goals.

**2. *Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties.***

The Subject Property is directly adjacent to a Zaxby's drive-through restaurant and is located across the street from a physician's office and the North DeKalb Mall. The proposed restaurant is consistent with the adjacent and nearby commercial uses located along North Druid Hills Road and will replace the vacant retail storefront with a custom-designed restaurant. The Applicant respectfully submits the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties and will not only efficiently accommodate vehicular traffic but will also be more welcoming to pedestrians.

**3. *Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.***

The Applicant respectfully submits the proposed redevelopment will substantially enhance the economic use of the property by replacing the existing vacant retail store into a new, custom-designed Chick-fil-A restaurant with a drive-through facility, outdoor seating, enhanced landscaping, and streetscape improvements.

**4. *Whether the zoning proposal will adversely affect the existing use or usability of adjacent or near-by properties.***

The proposed redevelopment will include a custom-designed, well-landscaped restaurant, and associated drive-through. The proposed redevelopment will have a positive effect on the surrounding neighborhood as it will encourage and accommodate pedestrian access.

**5. *Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.***

The Subject Property is currently occupied by a vacant retail storefront and associated street-fronting parking lot. The zoning proposal is intended to allow for the redevelopment of the Subject Property as a Chick-fil-A restaurant in a manner that better reflects the County's desired goals for design, traffic efficiency, and pedestrian accessibility. Chick-fil-A seeks to make a significant investment in this location and redevelop the existing site in a manner that it believes will benefit the surrounding community. The proposed drive-through will be located behind the new restaurant building and thus will be shielded from view along the public right-of-way. The proposed site improvements will result in more efficient, inviting, and safe pedestrian and traffic movement within the Subject Property and on nearby roadways and sidewalks.

**6. *Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources.***

The Applicant respectfully submits the zoning proposal will have no adverse effect on any historic or archaeological resources. The redevelopment will be designed consistent with County's design, transportation accessibility, and landscape goals and the Applicant believes the improvement of the Subject Property will have a positive impact on adjacent and nearby properties.

**7. *Whether the zoning proposal will result in a use which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities or schools.***

The zoning proposal will not cause an excessive or burdensome use of existing streets, transportation facilities, or utilities and will have no impact on school enrollment. The more pedestrian-oriented design of the site should encourage customers who live or work nearby to walk to the restaurant.

**Special Land Use Permit Review Criteria**

**1. *Adequacy of the size of the site for use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, and all other applicable requirements of the zoning district in which the use is proposed to be located.***

The Subject Property is just over one acre in size and is sufficient to accommodate the proposed restaurant, outdoor seating, drive-through facility, and necessary parking.

**2. *Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district.***

The Subject Property is directly adjacent to a Zaxby's drive-through restaurant and is located across the street from a physician's office and the North DeKalb Mall. The proposed restaurant is consistent with the commercial uses located in this portion of the County and along North Druid Hills Road and will replace the vacant retail storefront with a custom-designed restaurant. The Applicant respectfully submits the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties and will not only efficiently accommodate vehicular traffic but will also be more welcoming to pedestrians

**3. *Adequacy of public services, public facilities, and utilities to serve the use contemplated.***

Existing public facilities and services are adequate to serve the proposed restaurant and drive-through facility.

**4. *Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area.***

There is sufficient traffic carrying capacity for the proposed restaurant use on North Druid Hills Road. The zoning proposal will allow for the redevelopment of the Subject Property in a manner that better reflects the County's desired goals for design, traffic efficiency, and pedestrian accessibility. The proposed drive-through will be located

behind the new restaurant building and thus will be shielded from view along the public right-of-way. The proposed site improvements will result in efficient, inviting, and safe pedestrian and traffic movement within the Subject Property and on nearby roadways and sidewalks.

**5. *Whether or not existing land uses located along access routes to the site will be adversely affected by the character of the vehicles or the volume of traffic generated by the proposed use.***

The Applicant submits the proposal will have no adverse effect on existing uses located on North Druid Hills Road. The proposed redevelopment should have no impact on the character or volume of vehicular traffic on North Druid Hills Road.

**6. *Ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular references to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency.***

Ingress and egress will be provided from North Druid Hills Road and Birch Road. The proposed site improvements will result in efficient, inviting, and safe pedestrian and traffic movement within the Subject Property and on nearby roadways and sidewalks.

**7. *Whether or not the proposed use will create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust, or vibration generated by the proposed use.***

The proposed use will not create noise, smoke, odor, dust, or vibration.

**8. *Whether or not the proposed use will create adverse impacts upon any adjoining land use by reason of the hours of operation of the proposed use.***

The proposed restaurant use will be open Monday through Saturday from approximately 6:30 a.m. to 10:00 p.m. The proposed hours of operation are consistent with other commercial uses located along North Druid Hills Road and will have no negative impact on adjoining land uses.

**9. *Whether or not the proposed use will create adverse impacts upon any adjoining land use by reason of the manner of operation of the proposed use.***

The proposed use will be operated in a safe and efficient manner by a local Chick-fil-A operator and will have no adverse impact on adjoining property.

**10. *Whether or not the proposed plan is consistent with all of the requirements of the zoning district classification in which the use is proposed to be located.***

The proposed Chick-fil-A restaurant is designed to be consistent with the goals and site development standards of the proposed C-1 zoning district.

**11. Whether or not the proposed use is consistent with the policies of the Comprehensive Plan.**

Chick-fil-A's proposed redevelopment of the Subject Property is consistent with the County's Comprehensive Development Plan and Future Land Use Map, which designates the Subject Property as "Town Center." The Subject Property is currently occupied by a commercial retail use and will continue to be used commercially as a result of the proposed redevelopment. The Town Center character area specifically permits C-1 zoning classifications. The proposed building design, including its orientation to the street, enhanced streetscape improvements, and "walk-up" window will encourage pedestrian accessibility consistent with the Town Center goals.

**12. Whether or not the proposed plan provides for all required buffer zones and transitional buffer zones where required by the regulations of the district in which the use is proposed to be located.**

The proposed site design provides for all required setbacks and buffer zones.

**13. Whether or not there is adequate provision of refuse and service areas.**

As shown on the attached Site Plan, the proposed site design provides for adequate refuse and service areas.

**14. Whether the length of time for which the special land use permit is granted should be limited in duration.**

Given Chick-fil-A's significant proposed investment in the redevelopment of the Subject Property, Chick-fil-A requests the Special Land Use Permit be granted with no expiration.

**15. Whether or not the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of the adjacent and nearby lots and buildings.**

The proposed one-story 2,800 square foot restaurant is appropriate in scale and size relative to the Subject Property and relative to other nearby buildings, which are predominantly one-story in height.

**16. Whether the proposed plan will adversely affect historic buildings, sites, districts, or archaeological resources.**

The zoning proposal will have no adverse effect on any historic or archaeological resources.

**17. Whether the proposed use satisfies the requirements contained within the Supplemental Regulations for such special land use permit.**

The proposed restaurant and associated drive-through facility meets the standards provided in Section 4.2.23 of the County's Ordinance concerning drive-through facilities.

**18. Whether or not the proposed building as a result of its proposed height will create a negative shadow impact on any adjoining lot or building.**

The proposed one-story building will have no negative shadow impact on adjacent properties.

**19. Whether the proposed use would result in a disproportional proliferation of that or similar uses in the subject character area.**

Approval of the proposed redevelopment of the Subject Property will not result in a disproportional proliferation of restaurant or drive-through uses. The proposed restaurant will replace the existing Chick-fil-A drive-through restaurant located nearby at 3905 North Druid Hills Road.

**20. Whether the proposed use would be consistent with the needs of the neighborhood or of the community as a whole, be compatible with the neighborhood, and would not be in conflict with the overall objectives of the comprehensive plan.**

Consistent with the County's design goals, the objectives of the comprehensive plan, and the neighborhood and community character, the proposed new restaurant is designed to better reflect the County's desired goals for design, traffic efficiency, and pedestrian accessibility.

**Summary and Conclusion**

I believe this letter of intent, together with the accompanying application and supporting documents, provide all the information required by the County to review and evaluate this request. If there are other materials or information you believe would be helpful to your review of this request, please do not hesitate to contact me. I look forward to our continued cooperative efforts on this important matter.

**SURVEYOR CERTIFICATION (ALTA/NSPS)**

To: Chick-fil-A, Inc.  
Fidelity National Title Insurance Company  
This is to certify that this map or plat and the survey on which it is based were made in accordance with the 2021 Minimum Standard Detail Requirements for ALTA/NSPS Land Title Surveys, jointly established and adopted by ALTA and NSPS, and includes Items 1, 2, 3, 4, 5, 6(a), 6(b), 7(a), 7(b-1), 8, 9, 11, 13, 16, 17, & 19 of Table A thereof. The field work was completed on March 8, 2021.  
Date: March 8, 2021

**SURVEYOR CERTIFICATION (GEORGIA)**

This plat is a retracement of an existing parcel or parcels of land and does not subdivide or create a new parcel or make any changes to any real property boundaries. The recording information of the documents, maps, plats, or other instruments which created the parcel or parcels are stated herein. RECORDATION OF THIS PLAT DOES NOT IMPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS, OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors and as set forth in O.C.G.A. Section 15-6-67.  
John T. Newman  
Georgia Professional Land Surveyor # 3324

**GENERAL NOTES**

THIS SURVEY HAS BEEN PREPARED FOR THE EXCLUSIVE USE OF THE PERSON OR ENTITIES NAMED HEREON. NO EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE INFORMATION SHOWN HEREON IS TO BE EXTENDED TO ANY PERSONS OR ENTITIES OTHER THAN THOSE SHOWN HEREON.  
REVISIONS LISTED ON THIS SURVEY APPLY ONLY TO THE SPECIFIC CHANGES REFERENCED, AND DO NOT CONSTITUTE AN UPDATE OF OTHER DATA ON THIS SURVEY. THE SURVEY DATE HEREON IS THE APPLICABLE DATE AS RELATED TO PROVISIONS OF STATUTES OF LIMITATION UNLESS SPECIFICALLY NOTED OTHERWISE.  
THIS PROPERTY IS NOT LOCATED IN A SPECIAL FLOOD HAZARD AREA BASED ON THE FLOOD INSURANCE RATE MAP FOR THIS AREA. THE MAP NUMBER FOR THIS AREA IS 13089C0067K, AND THE DATE OF SAID MAP IS AUGUST 15, 2019. THIS DETERMINATION WAS MADE BY GRAPHICALLY DETERMINING THE POSITION OF THIS SITE ON SAID FIRM MAPS UNLESS OTHERWISE NOTED.  
PLEASE NOTE: TREES 4-INCH DBH (DIAMETER AT BREAST HEIGHT) AND LARGER WERE LOCATED FOR THIS SURVEY.  
RIGHT-OF-WAY LINES SHOWN ON THIS SURVEY THAT ARE NOT ACTUAL BOUNDARIES OF THE SUBJECT TRACT(S) ARE DEPICTED GRAPHICALLY AND ARE SHOWN APPROXIMATELY FOR INFORMATIONAL PURPOSES ONLY. SAID RIGHT-OF-WAY LINES SHOULD NOT BE UTILIZED FOR DESIGN PURPOSES.  
THE DATUM FOR THIS SITE WAS ESTABLISHED UTILIZING GLOBAL POSITIONING SYSTEMS, AND BASED ON POSITIONAL VALUES FOR THE VIRTUAL REFERENCE STATION NETWORK DEVELOPED BY eGPS SOLUTIONS. THE HORIZONTAL REFERENCE FRAME IS NORTH AMERICAN DATUM OF 1983(2011)-STATE PLANE COORDINATE SYSTEM OF GEORGIA-WEST ZONE. THE VERTICAL REFERENCE FRAME IS NORTH AMERICAN VERTICAL DATUM OF 1988. ANY DIRECTIONS OR DIMENSIONS SHOWN ARE A RECTANGULAR, GROUND LEVEL PROJECTION OF THE STATE PLANE COORDINATE SYSTEM.  
NO EVIDENCE OF THE SITE BEING USED AS A SOLID WASTE DUMP, SUMP OR SANITARY LANDFILL WAS OBSERVED DURING THE TIME FIELD WORK WAS PERFORMED ON THE SUBJECT PARCEL.  
ALL MATTERS SHOWN ON RECORDED PLATS PROVIDED TO THE SURVEYOR ARE SHOWN ON THE SURVEY.  
AT THE DATE OF THIS SURVEY, THE SUBJECT PROPERTY HAD ACCESS TO AND FROM A DULY DEDICATED PUBLIC RIGHT-OF-WAY, NORTH DRUID HILLS ROAD AND BIRCH ROAD. THE SURVEYOR MAKES NO CERTIFICATION AS TO WHETHER OR NOT THESE ACCESS POINTS HAVE BEEN APPROVED OR PERMITTED BY JURISDICTIONAL AUTHORITIES.  
THE SUBJECT PROPERTY IS CONTIGUOUS WITH ADJACENT RIGHT-OF-WAYS WITHOUT GAPS, GORES, OR OVERLAPS.  
NO VISIBLE ABOVE-GROUND ENCROACHMENTS WERE OBSERVED AT THE DATE OF SURVEY.  
ALTA CERTIFICATION TABLE "A" NOTES:  
Item 16 - No evidence of current earth moving work, building construction or building additions was observed at the date of survey.  
Item 17 - No evidence was observed indicating changes in street right of way lines either completed or proposed.

**GENERAL NOTES**

THIS SURVEY HAS BEEN PREPARED FOR THE EXCLUSIVE USE OF THE PERSON OR ENTITIES NAMED HEREON. NO EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE INFORMATION SHOWN HEREON IS TO BE EXTENDED TO ANY PERSONS OR ENTITIES OTHER THAN THOSE SHOWN HEREON.

REVISIONS LISTED ON THIS SURVEY APPLY ONLY TO THE SPECIFIC CHANGES REFERENCED, AND DO NOT CONSTITUTE AN UPDATE OF OTHER DATA ON THIS SURVEY. THE SURVEY DATE SHOWN HEREON IS THE APPLICABLE DATE AS RELATED TO PROVISIONS OF STATUTES OF LIMITATION UNLESS SPECIFICALLY NOTED OTHERWISE.

THIS PROPERTY IS NOT LOCATED IN A SPECIAL FLOOD HAZARD AREA BASED ON THE FLOOD INSURANCE RATE MAP FOR THIS AREA. THE MAP NUMBER FOR THIS AREA IS 13089C0067K, AND THE DATE OF SAID MAP IS AUGUST 15, 2019. THIS DETERMINATION WAS MADE BY GRAPHICALLY DETERMINING THE POSITION OF THIS SITE ON SAID FIRM MAPS UNLESS OTHERWISE NOTED.

PLEASE NOTE: TREES 4-INCH DBH (DIAMETER AT BREAST HEIGHT) AND LARGER WERE LOCATED FOR THIS SURVEY.

RIGHT-OF-WAY LINES SHOWN ON THIS SURVEY THAT ARE NOT ACTUAL BOUNDARIES OF THE SUBJECT TRACT(S) ARE DEPICTED GRAPHICALLY AND ARE SHOWN APPROXIMATELY FOR INFORMATIONAL PURPOSES ONLY. SAID RIGHT-OF-WAY LINES SHOULD NOT BE UTILIZED FOR DESIGN PURPOSES.

THE DATUM FOR THIS SITE WAS ESTABLISHED UTILIZING GLOBAL POSITIONING SYSTEMS, AND BASED ON POSITIONAL VALUES FOR THE VIRTUAL REFERENCE STATION NETWORK DEVELOPED BY eGPS SOLUTIONS. THE HORIZONTAL REFERENCE FRAME IS NORTH AMERICAN DATUM OF 1983(2011)-STATE PLANE COORDINATE SYSTEM OF GEORGIA-WEST ZONE. THE VERTICAL REFERENCE FRAME IS NORTH AMERICAN VERTICAL DATUM OF 1988. ANY DIRECTIONS OR DIMENSIONS SHOWN ARE A RECTANGULAR, GROUND LEVEL PROJECTION OF THE STATE PLANE COORDINATE SYSTEM.

NO EVIDENCE OF THE SITE BEING USED AS A SOLID WASTE DUMP, SUMP OR SANITARY LANDFILL WAS OBSERVED DURING THE TIME FIELD WORK WAS PERFORMED ON THE SUBJECT PARCEL.

ALL MATTERS SHOWN ON RECORDED PLATS PROVIDED TO THE SURVEYOR ARE SHOWN ON THE SURVEY.

AT THE DATE OF THIS SURVEY, THE SUBJECT PROPERTY HAD ACCESS TO AND FROM A DULY DEDICATED PUBLIC RIGHT-OF-WAY, NORTH DRUID HILLS ROAD AND BIRCH ROAD. THE SURVEYOR MAKES NO CERTIFICATION AS TO WHETHER OR NOT THESE ACCESS POINTS HAVE BEEN APPROVED OR PERMITTED BY JURISDICTIONAL AUTHORITIES.

THE SUBJECT PROPERTY IS CONTIGUOUS WITH ADJACENT RIGHT-OF-WAYS WITHOUT GAPS, GORES, OR OVERLAPS.

NO VISIBLE ABOVE-GROUND ENCROACHMENTS WERE OBSERVED AT THE DATE OF SURVEY.

ALTA CERTIFICATION TABLE "A" NOTES:
Item 16 - No evidence of current earth moving work, building construction or building additions was observed at the date of survey.
Item 17 - No evidence was observed indicating changes in street right of way lines either completed or proposed.

- Landscape Contractor to read and understand the Landscape Specifications (sheet L-102) prior to finalizing bids. The Landscape Specifications shall be adhered to throughout the construction process.
  - Contractor is responsible for locating and protecting all underground utilities prior to digging.
  - Contractor is responsible for protecting existing trees from damage during construction.
  - All tree protection devices to be installed prior to the start of land disturbance, and maintained until final landscaping.
  - All tree protection areas to be protected from sedimentation.
  - All tree protection fencing to be inspected daily, and repaired or replaced as needed.
  - No parking, storage or other construction activities are to occur within tree protection areas.
  - All planting areas shall be cleaned of construction debris (ie. concrete, rock, rubble, building materials, etc) prior to adding and spreading of the topsoil.
  - General Contractor is responsible for adding a min of 4" clean friable topsoil in all planting beds and all grassed areas. Graded areas to be held down the appropriate elevation to account for topsoil depth. See Landscape Specifications for required topsoil characteristics.
  - In all parking lot islands, the General Contractor is responsible to remove all debris, fracture/loosen subgrade to a min. 24" depth. Add topsoil to a 6"-8" bermed height above island curbing; refer to landscape specifications and landscape island detail.
  - Prior to beginning work, the Landscape Contractor shall inspect the subgrade, general site conditions, verify elevations, utility locations, irrigation, approve topsoil provided by the General Contractor and observe the site conditions under which the work is to be done. Notify the General Contractor of any unsatisfactory conditions, work shall not proceed until such conditions have been corrected and are acceptable to the Landscape Contractor.
  - Any deviations from the approved set of plans are to be approved by the Landscape Architect.
  - Landscaping shall be installed in conformance with ANSI Z60.1 the "American Standard for Nursery Stock" and the accepted standards of the American Association of Nurserymen.
  - Existing grass in proposed planting areas shall be killed and removed. Hand rake to remove all rocks and debris larger than 1 inch in diameter, prior to adding topsoil and planting shrubs.
  - Soil to be tested to determine fertilizer and lime requirements prior to laying sod.
  - Annual and perennial beds: add min. 4 inch layer of organic material and till to a min. depth of 12 inches. Mulch annual and perennial beds with 2-3 inch depth of mini nuggets.
  - All shrubs beds (existing and new) to be mulched with a min. 3 inch layer of mulch (double shredded hardwood mulch).
  - Planting holes to be dug a minimum of twice the width of the root ball, for both shrub and tree. Set plant material 2-3" above finish grade. Backfill planting pit with topsoil and native excavated soil. Set plant material 2-3" above finish grade. Backfill planting pit with topsoil and native excavated soil.
  - Sod to be delivered fresh (Cut less than 24 hours prior to arriving on site), laid immediately, rolled, and watered thoroughly immediately after planting. Edge of sod at planting beds are to be "V" trenched; see Landscape Details.
  - Any existing grass disturbed during construction to be fully removed, regraded and replaced. All tire marks and indentations to be repaired.
  - Water thoroughly twice in first 24 hours and apply mulch immediately.
  - The Landscape Contractor shall guarantee all plants installed for one full year from date of acceptance by the owner. All plants shall be alive and at a vigorous rate of growth at the end of the guarantee period. The Landscape Contractor shall not be responsible for acts of God or vandalism. See Landscape Specifications for Warranty requirements/expectations.
  - Any plant that is determined dead, in an unhealthy, unsightly condition, lost its shape due to dead branches, or other symptoms of poor, non-vigorous growth, shall be replaced by the Landscape Contractor. See Landscape Specifications for warranty requirements/expectations.
  - Site to be 100% irrigated in all planting beds and grass area by an automatic underground irrigation system. See Irrigation Plan L-200 for design. Irrigation as-built shall be provided to the Landscape Architect within 24 hours of irrigation install completion.
  - Stake all evergreen and deciduous trees as shown in the planting detail and as per the Landscape Specifications.
  - Remove stakes and guying from all trees after one year from planting.

Board of Health

06/21/2021

To: Mr. John Reid, Senior Planner  
From: Ryan Cira, Environmental Health Manager  
Cc: Alan Gaines, Technical Services Manager  
Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation. Recommendation: Provide trash can with liner at each bus stop with bench and monitor for proper removal of waste.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7<sup>TH</sup> Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1, 000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the \_\_\_\_\_ square foot place of worship building would generate \_\_\_\_\_ vehicle trip ends, with approximately \_\_\_\_\_ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the \_\_\_\_\_ (Single Family Residential) District designation which allows a maximum of \_\_\_\_\_ units per acres, and the given fact that the project site is approximately \_\_\_\_\_ acres in land area, \_\_\_\_\_ daily vehicle trip end, and \_\_\_\_\_ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS:

Field & plans reviewed. Nothing found that would interrupt traffic flow.
