**STAFF RECOMMENDATION: APPROVAL**

The Memorial Drive Corridor Study was adopted in September 2020. The subject parcels are within the boundary of the *Gateway West Focus Area* identified in the report. The Action Plan section of the report includes recommendations intended to realize the vision of the study exercise.

One primary recommendation was to amend the character area of each focus area to better accommodate the types of uses demanded from residents and stakeholders. These parcels fall within the boundary of an area recommended be changed to the Regional Center Character Area.

According to the report, Gateway West is viewed as having, the broadest potential to become an area attracting regional interest. Therefore, the vision for this part of the corridor is an urban center to include a mix of land uses. Ideas discussed at the design workshops included:

- Retail
- Restaurants
- Greenspaces
- Public Squares
- Office Space
- Apartments
- Cultural and/or Theatre

A recent conversation in DeKalb County is the potential need for a civic or convention center that could host everything from high school graduations to professional conferences and festivals. As a relatively central location within DeKalb County (just east of the Kensington area, where the attraction of a centralized location has led to discussions about consolidation of County offices and services) with strong transportation access via I-285 and nearby MARTA heavy rail stations at Kensington and Indian Creek, this site is a strong candidate for such a consideration. Such an investment would be generally consistent with the idea of having a cultural and/or theatre component of any redevelopment here and would likewise be a particularly strong anchor for the mix of uses envisioned.

The proposal for townhomes aligns with the vision. And the requested amendment for Regional Center to accommodate the proposed project is consistent with the *Memorial Drive Revitalization Corridor Study* recommendation that the character area be amended to Regional Center.

The application to amend the Land Plan Map from Suburban (SUB) to Regional Center (RC) is consistent with the Proposed Land Use Amendments in the Memorial Drive Corridor Study, Gateway West Tier. For this reason, staff recommends that this future land plan map amendment application be "approved."

# ENCOURAGE HEALTHY REDEVELOPMENT

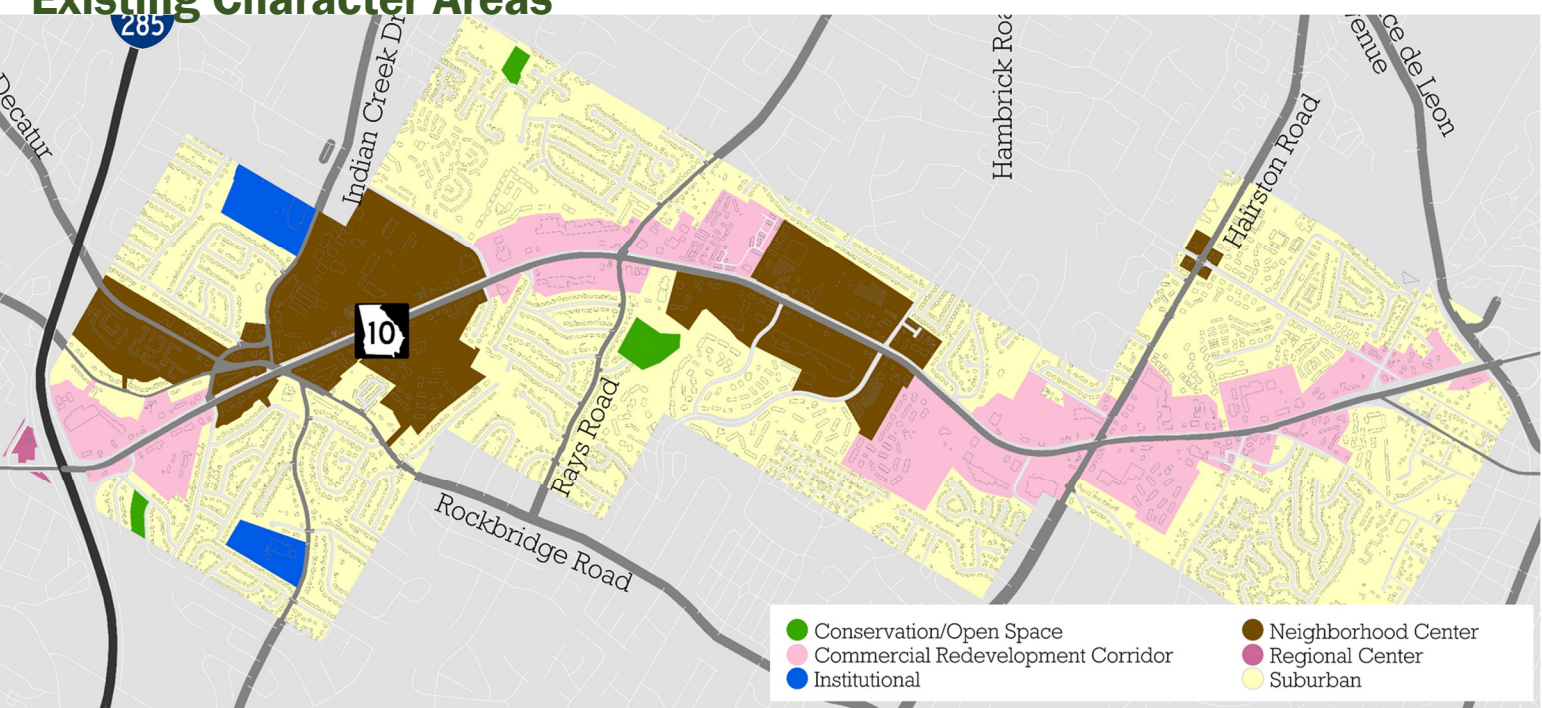

Encouraging healthy redevelopment is all about creating a positive regulatory environment that can make it easier for the private sector to invest in the corridor by offsetting the risk associated with redevelopment.

## Initiative 3.1 – Address Changes in the Comprehensive Plan and Zoning

|                            |   |
|----------------------------|---|
| Potential Responsibilities | DeKalb County Department of Planning & Sustainability |
| Likely Costs               | Minimal   |
| Potential Funding Source   | Staff Time  |
| Potential Timeframe        | Immediate to Short-Term                               |

In order to create a regulatory land use environment that will allow for the redevelopments envisioned at Gateway West, Global City, Hambrick Village, and Gateway East, it is appropriate to change the Comprehensive Plan designations for these parts of the corridor as well as the zoning for individual properties. For instance, at Gateway West (where the most dramatic changes in character are suggested) the current Comprehensive Plan Character Area designation is for a “Commercial Redevelopment Corridor.” This plan’s recommendations increase that Character Area to be a “Regional Center” in order to match the intensity of the Kensington area on the other side of I-285 and reflect the vision suggested through the community engagement component of the plan development.

## CHANGE & PRESERVE

In the Change and Preserve exercise (conducted at the first BDAC meeting, Visioning Open House and through the Online Interactive Map), participants were asked to indicate areas where they preferred a change in character and development and areas where they preferred a preservation of character and development. The input from all participants was compiled and spatially analyzed to develop a visual heat map showing the relative desire and intensity for change or preservation along the corridor.

### When We Combine Everyone's Input...

Additionally, to create a zoning framework for the future desired redevelopment, it will be necessary to update zoning along the corridor. Nearly all of the commercial properties on the corridor are currently zoned C-1 (Local Commercial) district which to be consistent would need to be refined as followed to be consistent with the proposed character area changes:

- **Regional Center:** Change to MU-4 (Mixed-Use High Density) and/or MU-5 (Mixed-Use Very High Density) District
- **Town Center:** Change to MU-3 (Mixed-Use Medium Density)

### REGIONAL CENTER

The intent of the Regional Activity Center is to promote the concentration of regional serving activities to a centralized location that allow for a variety of uses while reducing automobile travel, promoting walkability and increased transit usage.

### TOWN CENTER

The intent of the Town Center Character Area is to promote the concentration of residential and commercial structures, which serve many communities in order to reduce automobile travel, promote walkability and increased transit usage. The areas consist of a focal point for several neighborhoods with a variety of activities such as general retail, commercial, professional office, higher density housing, and appropriate public and open space uses that are easily accessible by pedestrians. This character area is similar to neighborhood center, but at a larger scale.

### NEIGHBORHOOD CENTER

The intent of the Neighborhood Center Character Area is to identify areas that can serve the local neighborhood's needs for goods and services. These areas shall complement the character of neighborhoods and the location of the commercial areas shall reduce automobile travel, promote walkability and increased transit usage. These areas consist of a neighborhood focal point with a concentration of activities such as general retail, neighborhood commercial, professional office, higher density housing, and appropriate public and open space uses that are easily accessible by pedestrians.

### COMMERCIAL REDEVELOPMENT CORRIDOR

The intent of the Commercial Redevelopment Corridor Character Area is to promote the redevelopment of declining commercial corridors and to improve the function and aesthetic appeal of more stable commercial corridors. These areas mostly consist of strip style shopping centers that are in need of aesthetic or functional improvements, are in economic decline or are vacant.

## Proposed Character Areas

Initiative 3.1 recommends specific changes to Character Areas in the Comprehensive Plan and zoning to align land use regulations with the vision developed for the Memorial Drive corridor.

## GATEWAY WEST

At the western end of the corridor, Gateway West has the broadest potential to become an area attracting regional interest. Therefore, the vision for this part of the corridor is an urban center to include a mix of land uses. Ideas discussed at the Design Workshops included:

- Retail
- Greenspaces
- Office Space
- Cultural and/or Theatre

Such an investment would be generally consistent with the idea of having a cultural and/or theatre component of any redevelopment here and would likewise be a particularly strong anchor for the mix of uses envisioned.

*The area today is dominated by low density strip shopping centers with a tremendous amount of unused impervious surface.*

*Through a façade improvement program that could be implemented corridor wide, an incremental step toward redevelopment could include aesthetic enhancements*

# EXECUTIVE SUMMARY

*The illustrative redevelopment plan above includes various features including green and public spaces and a tighter urban network of buildings and streets to reflect the vision for the area. This image also implies how the exiting building fabric can be honored through incremental development.*

*The long-term vision for Gateway West is to develop an urban center of regional attraction and importance. This image illustratively shows many of the features of such a development including public and green spaces and buildings of varying height that can support a mix of uses within them including retail on the first floor with office and/or residential on floors above. In this particular image, the concept of a facility that could host conventions and other events is incorporated along with a building that could easily serve as a hotel.*

# Preferred Intensity Concept

## Core Intensity

Intermediate Ring - Up to 60-90 du/ac  
Height 4-6 Stories

Core Density - Up to 120 du/ac  
Min Height-10 Stories

Outer Ring - Up to 24-60 du/ac  
Max Height-4

## Land Use Guideline & Primary Uses

**Core Area:** The most intense level of density and building heights occur here. 90-120 units per acre, Min Height 10 stories.

**Primary Uses:** Health Care Facilities • Retail and Commercial • Office • Institutional Uses • Public and Civic Facilities

**Intermediate Area:** This represents a transition of a lesser intense density than the core. Building heights are also lesser than the core. 60-90 units per acre, 4-8 stories.

**Primary Uses:** • Entertainment and Cultural Facilities • Park and Recreational Facilities • Townhomes • Condominiums • Apartments

**Outer Ring:** The purpose is to transition into single family residential, with enhanced buffers, low density, and lesser building heights than intermediate. 24-60 units per acre, 1-4 stories

**Primary Uses:** Townhomes • Condominiums • Apartments

Dear Director Baker:

I represent Ahmad Farida, Thomas and Margaret Corbin, William B. Corbin as Trustee of The William Boggs Corbin Trust, and Captura Properties I, LLC (collectively, "Applicant"). Mr. Ahmad owns that certain real property known as and located at 3611 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 007). Mr. and Mrs. Corbin own that certain real property known as and located at 3605 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 006). The William Boggs Corbin Trust owns those certain real properties located at and known as 3599 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 005); 3593 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 004); and, 3581 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 001). 3611 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 007); 3605 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 006); 3599 Rockbridge Road, Stone Mountain,

DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 005); 3593 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 004); and, 3581 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 001) are collectively referred to as the “Property.”

Captura Properties I, LLC is under contract to purchase the Property and intends to pursue the development as proposed outlined in this Application.

The Property consists of approximately 4.87 acres to the east of Interstate 285 where Rockbridge Road crosses over and across Interstate 285. The Property abuts and adjoins to the north the medical office park known as “Memorial Perimeter Office Park” and located at 4540 – 4544 Memorial Drive, Stone Mountain, DeKalb County, Georgia 30032. The highly commercial corridor along Memorial Drive at Interstate 285 is to the immediate south of the Property and includes restaurants, service and retail, commercial offices, and governmental services, including DeKalb County Watershed Management, DeKalb County Jail and Sheriff’s Office, and DeKalb County Tax Commissioner.

The Property is within one and half (1 ½) miles of the Kensington MARTA Station and the Kensington Station Redevelopment Concept Vision.

The Property is zoned R-75 (Residential Medium Lot-75) District with an Existing Land Use classification as Suburban (SUB) based upon the 2035 Comprehensive Plan and Future Land Use Map (the “Comprehensive Land Use Map”). The adjacent and adjoining properties on Rockbridge Road to the east and northeast of the Property are zoned R-75 (Residential Medium Lot-75) District with an Existing Land Use classification of Suburban (SUB) based upon the Comprehensive Land Use Map. The adjacent and adjoining properties to the north and west of the Property are zoned MR-2 (Medium Density Residential with Existing Land Use classifications of Neighborhood Center (NC) and Regional Center (RC) based upon the Comprehensive Land Use Map. The adjacent and adjoining property to the southeast is a C-1 (Local Commercial) District with an Existing Land Use classification of Commercial Redevelopment Corridor (CRC) based upon the Comprehensive Land Use Map.

The Property is currently improved with only two (2) detached single family residential structures with one (1) each on 3611 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 007) and 3605 Rockbridge Road, Stone Mountain, DeKalb County, Georgia 30083 (Tax Parcel Id No. 18 011 06 006), which are the two (2) eastern parcels farthest away from Interstate 285. The remainder of the Property is vacant and unimproved.

### **SUMMARY OF PROPOSED AMENDMENT TO THE COMPREHENSIVE LAND USE PLAN**

Applicant requests an amendment to the Comprehensive Land Use Map classification from Suburban (SUB) to Neighborhood Center (NC) to allow for development and use of the Property as fifty-two (52) attached single family townhomes at a density of 10.7 units per acre as detailed

and conditioned upon the plans submitted in support of this Application. The amendment is necessary due to the fact that the current Comprehensive Land Use Plan is for Suburban (SUB) and is inappropriate for proposed development of the Property. An amendment to the Comprehensive Land Use Map is appropriate given the proximity of the Property to Interstate 285, highly commercial corridor along Memorial Drive at Interstate 285, and the Kensington MARTA Station.

This application to Amend the Comprehensive Land Use Plan is submitted concurrently with an application to Amend the Official Zoning Map of DeKalb County seeking to rezone the Property from R-75 (Residential Medium Lot-75) District to MR-2 (Medium Density Residential) District.

**DOCUMENTED IMPACT ANALYSIS FOR AN AMENDMENT TO  
THE COMPREHENSIVE LAND USE PLAN UNDER SECTION 27 – 7.3.4**

**(a) Whether the proposed land use change will permit uses that are suitable in consideration of the use and development of adjacent and nearby property or properties.**

The proposed amendment to the Comprehensive Land Use Plan for the Property will permit development of a higher density single family townhouse that is suitable in view of the use and development of adjacent and nearby property. The Property abuts and adjoins to the north the medical office park known as “Memorial Perimeter Office Park” and located at 4540 – 4544 Memorial Drive, Stone Mountain, DeKalb County, Georgia 30032. The highly commercial corridor along Memorial Drive at Interstate 285 is to the immediate south of the Property and includes restaurants, service and retail, commercial offices, and governmental services, including DeKalb County Watershed Management, DeKalb County Jail and Sheriff’s Office, and DeKalb County Tax Commissioner.

The Property is within one and half (1 ½) miles of the Kensington MARTA Station and the Kensington Station Redevelopment Concept Vision.

The Property is centrally located within the highly trafficked commercial area at the intersection of Memorial Drive and Interstate 285. The Property is within one and a half (1 ½) miles of the MARTA Kensington Station. The surrounding area is a mix of governmental, commercial, retail, and other non-residential uses. However, the immediate surrounding area is lacking in high density residential uses.

The adjacent and adjoining properties on Rockbridge Road to the east and northeast of the Property are zoned R-75 (Residential Medium Lot-75) District with an Existing Land Use classification of Suburban based upon the Comprehensive Land Use Map. The adjacent and adjoining properties to the north and west of the Property are zoned MR-2 (Medium Density Residential) with Existing Land Use classifications of Neighborhood Center (NC) and Regional Center (RC). The adjacent and adjoining property to the southeast is a C-1 (Local Commercial)

District with an Existing Land Use of Commercial Redevelopment Corridor (CRC).

The proposed amendment to the Comprehensive Land Use Plan would allow for a higher density residential development that would complement and better serve the existing non-residential uses. The proposed amendment and development would serve as a catalyst for other residential redevelopment adjacent to and within the Kensington-Memorial Drive Overlay. While outside of the boundaries of the overlay district, the proposed rezoning is consistent with the overlay's stated objective to "create a positive real estate investment climate which will stimulate economic development and job creation." The proposed rezoning and development would allow for a trans-oriented development near the MARTA Kensington Station that is sought by the Kensington-Memorial Drive Overlay District.

More importantly, the current zoning of the Property as R-75 (Residential Medium Lot-75) is obsolete as it is not economically feasible or desirable that the Property be used as a single-family house as currently zoned. Only two (2) detached single family residential structures have been built on the nearly five (5) acres of land due to the close proximity to Interstate 285. The remainder of the Property is vacant and unimproved.

**(b) Whether the proposed land use change will adversely affect the existing use or usability of adjacent or nearby property or properties.**

As detailed in Section (a) above, the proposed amendment to the Comprehensive Land Use Plan is consistent with and will not adversely affect the existing use or usability of adjacent and nearby properties. Furthermore, the proposed amendment to the Comprehensive Land Use Plan is consistent with the surrounding Existing Land Use classifications of Neighborhood Center (NC), Regional Center (RC), and Commercial Redevelopment Corridor (CRC) while proposed development a transitional density of 10.7 units per acre providing the necessary stairstep transition to the surrounding Existing Land Use classification of Suburban (SUB).

**(c) Whether the proposed land use change will result in uses which will or could cause excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.**

The proposed amendment to the Comprehensive Land Use Plan will not result in uses which would cause excessive or burdensome uses of existing streets, transportation facilities, utilities, or schools. The Property is well served by existing streets, transportation facilities, and utilities within the immediate surrounding areas located at the intersection of Interstate 285 and Memorial Drive. The proposed apartment development will not impact existing schools as apartment uses typically do not attract families with school age children given the unit size. The existing infrastructure is more than sufficient to support the proposed residential development. More importantly, the Property is ideally situated within walking distance of the MARTA Kensington Station and will introduce a needed residential use to complement the existing non-residential uses in the immediate surround area.

**(d) Whether the amendment is consistent with the written policies in the comprehensive plan text.**

As detailed in Section (a) above, the proposed amendment to the Comprehensive Land Use Plan is consistent with and will not adversely affect the existing use or usability of adjacent and nearby properties. The proposed development does require an amendment to the Comprehensive Land Use Map to change the Existing Land Use classification of Suburban (SUB) to Neighborhood Center (NC) in order to increase the density from 8 units per acre to 10.7 units per acre. Amendment to the Comprehensive Land Use Map is consistent with the surrounding Existing Land Use classifications of Neighborhood Center (NC), Regional Center (RC), and Commercial Redevelopment Corridor (CRC) while proposed development a transitional density of 10.7 units per acre providing the necessary stairstep transition to the surrounding Existing Land Use classification of Suburban (SUB). This is fully in line with the Housing Policies described in Chapter 6 of the Comprehensive Plan for 2035 which seeks to create Multi-Family Housing and Infill Housing Development.

**(e) Whether there are potential impacts on property or properties in an adjoining governmental jurisdiction, in cases of proposed changes near county or municipal boundary lines.**

The Property is not located near county or municipal boundary lines. As such, there are no potential impacts on property or properties in any adjoining governmental jurisdiction.

**(f) Whether there are other existing or changing conditions affecting the use and development of the affected land areas which support either approval or denial of the proposed land use change.**

Except as detailed above, there are no other existing or changing conditions affecting the use or development of the affected land areas which support either approval or denial of the proposed land use change.

**(g) Whether there will be an impact on historic buildings, sites, districts or archaeological resources resulting from the proposed change.**

The proposed amendment to the Comprehensive Land Use Plan and development will have no impact on any historic building, site, district, or archaeological resource.

**ADDITIONAL SUPPORTING DOCUMENTATION**

Applicant includes as additional support for its Application the following:
