STAFF ANALYSIS

CASE NO.:	SLUP-26-1248019	File ID #: 2026-0451
Address:	1179 Old Coach Road, Stone Mountain 30083	Commission District:05 Super District: 07
Parcel ID(s):	15 222 11 109	
Request:	Special Land Use Permit (SLUP) to allow a Personal Care Home for four (4) adult residents within an existing single-family residence in the R-100 zoning district.	
Property Owner(s):	Sonia Bowen	
Applicant/Agent:	Charika McKenzie / 3 Ladies & A Heart, LLC	
Acreage:	0.38	
Existing Land Use:	Existing single-family residence / Residential Suburban	
Surrounding Properties:	North: SUB East: SUB South: SUB West: SUB	
Adjacent Zoning:	North: R-100 East: R-100 South: R-100 West: R-100	
Existing Land Use:	Suburban	X - Consistent Inconsistent

STAFF RECOMMENDATION: Approval with Conditions.

The applicant requests approval of a Special Land Use Permit to operate a small Personal Care Home for four (4) adult residents within an existing single-family residence at 1179 Old Coach Road. No new construction is proposed and the use would operate within the existing home as a residential-style care setting. The submitted floor plan shows three existing bedrooms within the residence.

The applicant states the home will operate 24 hours per day, seven days per week, with rotating staff shifts and continuous supervision. According to the revised letter of intent, residents would be primarily seniors or other adults appropriate for a non-medical residential setting. The facility would provide assistance with daily living activities such as meals, hygiene support, medication reminders, supervision, and companionship. No intensive medical or institutional care may be provided on site.

It appears that the proposed use is compatible with the surrounding single-family neighborhood due to its limited scale and residential character. The request is for only four residents within an existing detached house, with no exterior expansion, no commercial signage, and no change in the residential appearance of the structure. The required off-street parking may be accommodated within the existing driveway, and the submitted site photographs show substantial paved parking and maneuvering area on site. Public Works Traffic Engineering comments state that the location was checked and that no traffic concerns were found at this time.

The supplemental distance requirement appears to be satisfied. Based on GIS estimates, the nearest Personal Care Home at 1198 Sharonton Drive is approximately 1,300 feet away, which exceeds the required 1,000-foot separation. In addition, the proposal is for four residents only, which is below the six-resident threshold discussed in Public Health’s comments regarding on-site sewage limitations for larger facilities. The departmental review comments also indicate that sewer and water is adjacent to the property, stormwater changes are not currently needed, no flood hazard or wetlands were identified, and operation of the home is not expected to affect existing county roads or drainage infrastructure.

The applicant's materials also address operational compatibility. The revised letter of intent states that the operators collectively bring more than 60 years of caregiving-related experience and are completing all Georgia Department of Community Health requirements. The applicant further states that the home will include exterior security cameras, 24-hour on-site staff, emergency response procedures, monitored entry and exit, and ongoing property maintenance intended to preserve neighborhood standards. If properly licensed and monitored, it is not expected to generate adverse impacts beyond those normally associated with residential use.

Staff is aware of concerns raised during the community council hearing regarding other potentially unlicensed personal care homes in the area and reports of wandering residents or similar disturbances. Those concerns are relevant background and reflect the importance of proper oversight. However, staff does not find that allegations regarding unrelated or potentially unlicensed operations elsewhere in the community should serve as a basis to deny this application, which proposes to proceed through the County's SLUP process and to operate in compliance with state licensing and operational requirements. Denial on that basis would effectively penalize an applicant attempting to establish the use through the correct regulatory process.

Community-based residential care homes, when appropriately scaled, can provide an important housing and care option while allowing residents to remain integrated within established neighborhoods. Here, the request is modest in scope, proposes no physical intensification of the site, and is supported by adequate public utilities and transportation conditions. The use therefore appears consistent with the Suburban Character Area (DeKalb County 2050 Unified Plan, Page 41) so long as it is limited in intensity and operated in a manner that preserves the residential character of the area.

In summary, the applicant requests a Special Land Use Permit to operate a Personal Care Home for four adult residents within an existing single-family home in the R-100 zoning district. Based on the small scale of the request, the apparent satisfaction of the required separation distance, the adequacy of utilities and access, and the applicant's stated commitment to licensing, supervision, and residential compatibility, Staff finds the proposed use can be accommodated at this location. Based on review of Section 7.4.6 (SLUP Criteria) and Section 4.2.41 (Personal Care Home Supplemental Regulations) staff recommends ***“Approval, with the following conditions”***:

1. Development and use of the subject property shall be limited to a Personal Care Home for a maximum of four (4) adult residents.
2. The Personal Care Home shall be operated within the existing single-family residence only. No exterior expansion or new construction is allowed.
3. The applicant shall obtain and maintain all required state and county licenses and approvals for operation of the Personal Care Home. Failure to maintain such licensure shall constitute a violation of this approval.
4. All staff and visitor parking shall be accommodated on site.

The property shall be maintained in a clean, orderly, and residential manner, and the use shall comply with all applicable County codes and ordinances.

This Special Land Use Permit shall be non-transferable and shall expire eighteen (18) months from the date of approval by the Board of Commissioners. Continued operation beyond that date shall require approval of a new Special Land Use Permit application prior to expiration.

Cc: Alan Gaines, Deputy Director, Division of Environmental Health
Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Letter of Intent

Special Land Use Permit (SLUP)

Applicant: 3 Ladies & A Heart, LLC

Property Address: 1179 Old Coach Road, Stone Mountain, GA 30083

Zoning District: R-100

Proposed Use: Personal Care Home (Four (4) Adult Residents)

Purpose of Request

3 Ladies & A Heart, LLC respectfully requests approval of a Special Land Use Permit to operate a small residential Personal Care Home serving Four (4) adult residents at the above-referenced property. The purpose of this request is to provide a safe, supportive, and professionally managed residential living environment for adults who require assistance with daily living activities while remaining integrated within a traditional neighborhood setting.

Qualifications & Compliance

The ownership and management team of 3 Ladies & A Heart, LLC brings experience in caregiving, residential support services, and household management. All operations will comply with Georgia Department of Community Health (DCH) regulations, DeKalb County zoning requirements, and all applicable safety, staffing, and operational standards.

Three (3) Key Functions of Operation

- Providing daily personal care assistance in a safe and structured residential environment.
- Maintaining a quiet, residential atmosphere that aligns with neighborhood character.
- Ensuring full compliance with all licensing, safety, staffing, and operational regulations.

Detailed Characteristics of the Proposed Use

- Number of resident bedrooms: 3 existing bedrooms within the single-family residence.
- Residents served: Four (4) adult residents.
- Employees: Staff working rotating shifts as required by state regulations.
- Hours of operation: 24 hours per day, 7 days per week.

- Type of care: Assistance with daily living activities including meals, medication reminders, hygiene support, supervision, and companionship.
- Medical services: No intensive medical or institutional care will be provided on-site.
- Security: Standard residential safety measures in place as required.
- Off-street parking: Adequate on-site parking available within the driveway to accommodate staff vehicles.

Neighborhood Compatibility & Impact

The proposed Personal Care Home will maintain the residential integrity of the neighborhood. No exterior structural changes are proposed, no commercial signage will be installed, and traffic generation will be consistent with normal residential activity. Outdoor activities will be limited and supervised, and ongoing property maintenance will preserve neighborhood standards.

Addressing Community Concerns

3 Ladies & A Heart, LLC is committed to maintaining open communication with neighbors and community representatives. Any concerns raised will be addressed promptly and respectfully. Ongoing property maintenance and operational oversight will ensure continued neighborhood compatibility.

Conclusion

3 Ladies & A Heart, LLC respectfully requests approval of this Special Land Use Permit. The proposed Personal Care Home will serve an important community need while preserving the character, safety, and integrity of the surrounding residential neighborhood.

Sincerely,

3 Ladies & A Heart, LLC

Impact Analysis – Special Land Use Permit (SLUP)

A. Site Size & Adequacy

The subject property is adequate in size to support a small residential personal care home serving four (4) adult residents. Required yard space, open space, off-street parking, and buffer areas are available and compliant with zoning standards.

B. Compatibility with Surrounding Uses

The proposed use is residential in nature and compatible with surrounding single-family homes. Operations will not generate excessive traffic, noise, smoke, odor, dust, or vibration beyond typical residential levels.

C. Public Services & Utilities

Existing public utilities and services, including water, sewer, electricity, waste collection, emergency services, and public safety services, are adequate to serve the proposed use.

D. Traffic & Street Capacity

The public street serving the property has sufficient traffic-carrying capacity. Traffic impacts will be minimal and comparable to a standard residential household, with limited staff and visitor traffic.

E. Ingress, Egress & Emergency Access

The property provides safe and adequate ingress and egress for residents, staff, visitors, and emergency responders. Access supports pedestrian and vehicle safety and emergency response requirements.

F. Hours & Manner of Operation

Operations will be residential and continuous in nature, with quiet, routine daily activities. The proposed use will not create adverse impacts related to hours or manner of operation.

G. Zoning Consistency

The proposed personal care home use is consistent with the intent and requirements of the applicable zoning district, subject to approval of the Special Land Use Permit.

H. Comprehensive Plan Consistency

The proposed use supports community stability, aging-in-place, and housing diversity goals outlined in the comprehensive plan, without detracting from surrounding residential character.

I. Refuse & Service Areas

Adequate refuse and service areas are provided and will be maintained in a clean, orderly, and unobtrusive manner consistent with residential standards.

J. Duration of SLUP

The applicant requests that the SLUP be granted without a specific time limitation, subject to continued compliance with all county regulations and licensing requirements.

K. Building Scale & Massing

The existing structure is residential in scale and massing and is consistent with adjacent and nearby properties. No new construction or height changes are proposed, and no shadow impacts will occur.

L. Historic & Archaeological Resources

The proposed use will not adversely affect any historic buildings, sites, districts, or archaeological resources.

M. Compliance with Supplemental Regulations

The proposed use will comply with all supplemental regulations applicable to personal care homes and Special Land Use Permits.

N. Community Needs & Benefit

The proposed personal care home meets an identified community need by providing safe, supportive housing for adults while maintaining neighborhood character and quality of life.

Letter of Intent: 3 Ladies & A Heart Personal Care Home Operations & Community Impact Plan

Dear Community Council Members:

Thank you for your feedback. This revised letter of intent provides additional details regarding our operations and overall intent.

My name is Charika Mckenzie, and I'm joined by my partners Wendy Parker and Lydia Johnson, and we are the co-owners of 3 Ladies & A Heart, LLC. We are committed to providing safe, compassionate, and high-quality care in a structured home-like environment.

RESIDENTS & CAPACITY

Our personal care home, located at 1179 Old Coach Rd. in Decatur GA, will serve a maximum of four (4) adult residents within the existing single-family residence. The home includes three (3) bedrooms, which will be appropriately arranged to ensure comfort, privacy, and compliance with all applicable regulations.

Residents will be carefully selected to ensure they are appropriate for a non-medical residential setting and can safely function in a stable, home-like setting. Maintaining a smaller number of residents allows for more one-on-one care, increased supervision, and a higher overall quality of service.

TYPE OF RESIDENTS

Our home will serve adult residents, primarily ages 62 and older, who require non-medical assistance in a supportive residential setting.

Residents may include:

- Seniors who need assistance with daily living activities but prefer a home-like environment

- Veterans who would benefit from supportive housing and daily supervision
- Adults recovering from hospital stays or rehabilitation needed for a stable transition environment
- Individuals with mild mobility limitations or early-stage memory challenges
- Adults with stable mental health conditions who benefit from routine, supervision, and companionship

All residents will be carefully screened to ensure they are appropriate for non-medical personal care and do not require intensive medical or behavioral care.

EXPERIENCE & QUALIFICATIONS:

Between the 3 of us, we bring over 60 years combined hands-on experience in the healthcare and caregiving field. Our backgrounds include nursing homes, assisted living facilities, private in-home care, hospital settings, home health care, and hospice care. Through this experience, we have developed a strong understanding of resident care, safety, daily routines, and the importance of providing compassionate, respectful service. We are also actively completing all requirements through the Georgia Department of Community Health (DCH) to ensure full compliance with licensing, staffing, and operational standards. This experience has prepared us to operate a well-managed, safe, and high-quality personal care home.

OPERATIONS:

3 Ladies & A Heart will operate 24 hours per day, 7 days per week including all holidays. We will provide continuous supervision and support for all residents.

Care will be provided by trained staff working in rotating shifts to always ensure consistent coverage. Staff will assist residents with daily living activities, including:

- Meal preparation and assistance
- Personal hygiene and grooming

- Medication reminders
- Mobility assistance (as needed)
- Supervision and companionship

Transportation will be provided for residents as needed, including trips to medical appointments, errands, and scheduled outings. All transportation will be arranged in a safe and organized manner to support residents' health, well-being, and quality of life.

Residents will follow a supervised daily routine designed to promote stability, comfort, and overall well-being in a calm and home-like environment. The home will be maintained in clean, organized, and safe conditions always, with a focus on creating a peaceful residential atmosphere.

SAFETY & SECURITY:

The safety of both residents and the surrounding community is a top priority. Our home will maintain an organized and secure environment with continuous supervision.

The property will be equipped with exterior security cameras covering the front and the rear of the home to monitor activity and ensure safety. The home will operate with 24-hour on-site staff, ensuring residents are always supervised.

Staff will follow established emergency procedures, including immediate response protocols, incident reporting, and coordination with emergency services when necessary.

Our home will also comply with all fire safety requirements, including smoke detectors, fire extinguishers, and clearly established evacuation procedures.

Entry and exits of the home will be monitored to maintain a controlled and safe environment for residents, while also ensuring the safety and comfort of the surrounding neighborhood.

NEIGHBORHOOD IMPACT/COMMUNITY CONTRIBUTION

We are committed to being a positive and respectful presence within the neighborhood. Our home will operate as a quiet, well-maintained residence that is consistent with the character of the surrounding community.

There will be no excessive noise, disruption, or increase in traffic. All staff and visitors parking will be accommodated within the driveway to avoid any impact on street parking.

The property will always be well-maintained, including landscaping, cleanliness, and overall appearance, to ensure it remains aligned with neighborhood standards.

We are also committed to being responsive, respectful and considerate neighbors. We have an open-door policy and welcome communication at any time to address questions or concerns. We will promptly respond to any matters to ensure a positive and cooperative relationship with the surrounding community.

Our goal is to operate a home that not only serves residents but also contributes positively to the stability and integrity of the neighborhood.

COMMUNITY CONTRIBUTION:

We are committed to being a positive addition to the neighborhood and contributing in meaningful ways. Our presence will support families in need of quality care by offering a reliable, home-based option within the community. We will sustain a clean, well-kept property that aligns with neighborhood standards and enhances the overall appearance of the area. Additionally, we aim to build respectful relationships with neighbors, promote a peaceful environment, and remain a dependable and considerate presence within the community.

We appreciate your time and consideration of our application. We are fully committed to operating a well-managed and respected personal care home that meets all required standards and reflects positively

on the community. We welcome the opportunity to move forward in this process and are available to provide any additional information if needed. Thank you again for your review and consideration.

Sincerely,

Charika Mckenzie
