

The Office of Secretary of State

Brad Raffensperger
SECRETARY OF STATE

Blake Evans
ELECTIONS DIRECTOR

September 1, 2022

Re: Sourcing replacement components for the KNOWiNK Poll Pad

The KNOWiNK Poll Pad system consists of a number of separate components which combined form the KNOWiNK Poll Pad. In Georgia, the Poll Pad hardware and software are tested and certified for use in the State. **Because of the State's certification program, the following components are required to be sourced directly from KNOWiNK:**

- Apple iPad
- Stand components including the base, arm, sled, and ID tray
- Voter Card Encoder
- Thermal Printer

The following components may be sourced from other 3rd party vendors as long as they meet the following specifications:

- Apple 3' MFi-certified Lightning to USB Cable (MXLY2AM/A)
 - Substitution permitted - Apple 6' MFi-certified Lightning to USB Cable (MD819AM/A)
- Apple 12W USB Power Adapter (MD836LL/A)
- USB to micro-USB charging cord, 3 meters
- Microfiber screen cleaning cloth
