

**Georgia Statewide Contract No. 99999-SPD-T20120501-0011
RECOMMENDATION FORM**

User Department's Recommendation

Recommended Firm: Layer 3 Communications, LLC

User Department: Innovation and Technology

APPROVE (Please circle one): YES NO

Name of Fund: CIP Funds

Contract Award Amount: \$128,619.86

Justification:

All the 105 AP's are END of LIFE and need to be replaced. They will not function with a newer version of controller software. This is a security risk that needs to be addressed as we cannot upgrade with these on the network. If we do upgrade with these devices will take all these sites offline with wireless connectivity. That will affect the Entire wireless network across the county including the Guest WiFi access for public use.

Department Director
