**Justification:**

The aforementioned contract is set to expire September 30, 2019 and requires a renewal for utilization by the Department of The Department Watershed Management (DWM) for the period of October 1, 2019 - September 30, 2020. PVC Sewer Pipes and Fittings are integral to the overall success of the Department of Watershed Management and to the Wastewater Division in particular. Sewer pipe and accessories are identified as critical to the overall mission of the department and must be maintained on hand at all times according to the Federal Consent Decree. On average the department spends over \$500,000.00 annually on PVC sewer pipe and accessories. Previous year spend does not reflect the inactive contract that potentially has the largest use of this commodity.
